Countdown: M Day Tom Kratman,2011-09-01 War is brutal. Colonel Wes Stauer gets it. He ought to. He was once one of war's most brutal practitioners¾not to mention one of its most effective and least bloody. Brutal yes; stupid no. Now, not only must Stauer command his crack outfit of former comrades and pull off yet another miracle mission, he must also harness and direct the brute within himself¾a beast he will need in order to destroy an intelligent enemy who is as implacable as Stauer himself. Okay, almost as implacable. There will be war. And there will be warriors like Wes Stauer who have the know-how and, once set in motion, the unstoppable professional drive, to see the bad guys to their graves and destroy every last earthly piece of their nasty legacies. Countdown: H Hour Tom Kratman, 2012-08-01 #3 in the Countdown modern-day military adventure series. Welcome to the Philippines outback. It's a true garden spot, if you happen to like drug running, bush-bound revolutionary movements, Balkanized tribal warfare, illegal weapons trading, and kidnapping for fun and profit. It's hostage rescue time once again for Terry Welch's special operations company. But this is turning out to be one of those missions. Starting with no clue as to the hostage's whereabouts topped off by Welch and his crew having to endure a rifle company of hated competitors supposedly sent along for reinforcement. Part of the territory for Welch. But then an attack on both companies' home bases leaves families and friends under

threat of death and any available support scurrying to defend. Worse, advance team members sent to reconnoiter have been taken hostage as well. No help, no backup, team members in the soup. Welch knows there's only one solution: do whatever it takes. This is H Hour. And the fight is on. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Countdown (Reality Benders Book #1) Michael

Atamanov,2018-04-13 At long last, an extraterrestrial civilization reached out and made the First Contact. However, no one on Earth took their communique for the genuine article. In a similar vein, very few people appreciated just how little time our new suzerains had promised to keep our planet safe. Regardless, the end of their message showed humankind how to access a mysterious game. The objective of this game is unclear. No one can say where its servers are located, and its inner workings are beyond comprehension. But the game slowly gained momentum, pulling in more and more players. Soon enough, it became impossible to ignore the fact that things that happened in the game had a direct impact on our reality. And not only ours...But as people figure out this mysterious game, the countdown timer ticks away. And no one can say exactly what will happen when Earth's safety is no longer guaranteed.

The Countdown Jeremy Howard,2005-04 The next morning was very dark for that time of year. A portal opened on a side street, and a man came out of the portal. His name was Commander Firestar. He looked around and noticed that there was no one around. He pressed his star communicator on his chest and said, It is clear. Send my team. Starforce replied, Understood. A portal opened on the left side of Firestar, and two people stepped out of the portal. They were loaded with weapons. The first one was Crystal. The second is Firearm. He can turn his whole body in flames at his own will. Firestar nodded. Okay team, we need to find Maverick. We could use his help. Dark Avenger will not be easy to capture, and we will need all the help we can get since we

heard that Vanisher has teamed up with him. Prince Derek sent us to get Maverick and his new friends to help us. Firearm looked at Firestar, confused. Where do we start? Crystal replied, Kyle works for the local law enforcers, known as the police. We will begin to look for him there. Firestar nodded in agreement. Inside the Special Forces office, Kyle was sitting behind his desk when there was a knock on the door to the office. Kyle said, It's open; come in. As he said that, Rhino opened the door. Standing at the door were Seraph and Hightower. As they walked inside the office Seraph said, My mission is not over. It has actually just begun, and we will need your team to help us. Kyle stood up. Come and join the team. We will be honored to have you two join the team again. Maverick said puzzled, What kind of mission are you on that you need our help? Seraph answered, I was sent to Earth from God on a holy mission to save the Earth. A demon will come and try to take over the world, and my mission is to stop him from doing that. Rhino smirked. Yeah, that seems to be every bad guy's dream--just to take over the world. Kyle questioned, A demon? My partner was killed by some kind of demon, but that was a few months ago, and nothing was ever heard of the demon that killed my partner. Seraph answered, I am truly sorry, Kyle. I didn't know he was already on Earth. I thought he was on his way to Earth.
