Justice on Demand Tanya Horeck,2019-11-11 Justice on Demand: True Crime in the Digital Streaming Era offers a theoretical rumination on the question asked in countless blogs and opinion pieces of the last decade: Why are we so obsessed with true crime? Author Tanya Horeck takes this question further: Why is true crime thought to be such a good vehicle for the new modes of viewer/listener engagement favored by online streaming and consumption in the twenty-first century? Examining a range of audiovisual true crime texts, from podcasts such as Serial and My Favorite Murder to long-form crime documentaries such as The Jinx and Making a Murderer, Horeck considers the extent to which the true crime genre has come to epitomize participatory media culture where the listener/viewer acts as a desktop detective or internet sleuth. While Facebook and Twitter have re-invigorated the notion of the armchair detective, Horeck questions the rhetoric of interactivity surrounding true crime formats and points to the precarity of justice in the social media era. In a cultural moment in which user-generated videos of real-life violence surface with an alarming frequency, Justice on Demand addresses what is at stake in the cultural investment in true crime as packaged mainstream entertainment. Paying close attention to the gendered and racialized dimensions of true crime media, Horeck examines objects that are not commonly considered true crime, including the subgenre of closed-circuit television (CCTV) elevator assault videos and the popularity of trailers for true crime documentaries on YouTube. By analyzing a range of intriguing case studies, Horeck explores how the audience is affectively imagined, addressed, and commodified by contemporary true crime in an on demand mediascape. As a fresh investigation of how contemporary variations of true crime raise significant ethical questions regarding what it means to watch, listen, and witness in a digital era of accessibility, immediacy, and instantaneity, Justice on Demand will be of interest to film, media, and digital studies scholars.

Last Chance Dance Lakita Wilson,2023-02-21 An utterly charming YA romance perfect for fans of Elise Bryant and Leah Johnson. An ode to love in all its beautiful chaos. Leila is funny, irreverent, and next-level charming, and her story is an actual joyride. Sheer delight through and through.--Becky Albertalli, New York Times bestselling author of Simon vs. the Homo Sapiens Agenda Leila is crushed when Dev, her boyfriend of four years, breaks up with her right before graduation. Just when she's thinking she wasted her entire high school experience on a dead-end relationship, her best friend Bree reminds her that Last Chance Dance is just around the corner. A high school tradition, the Last Chance Dance gives all the students one last opportunity to find love before they graduate. All Leila has to do is submit three unrequited crushes to the dance committee and if any of her crushes list her too, they'll get matched. Presto: new relationship, just like that. To her utter amazement, Leila is matched with all three of her choices—and with someone she never expected, Tre Hillman, her chemistry partner and low-key nemesis. Though at times skeptical, Leila embarks on her Last Chance Dance mission—trying out her matches and going on dates. If Dev wasn't her true love—then maybe someone else is. She knows it's definitely not Tre, even though he seems more and more determined to convince her he's right for her. But as graduation and the dance approaches, and each date seems to change her mind (and her heart)—Leila must figure out what—and who—she really wants. It's her last chance, right?

Ice Capades Sean Avery,Michael McKinley,2017-10-24 **One of Sports Illustrated's Best Sports Books of 2017** Controversial hockey star Sean Avery's no-holds-barred memoir of high living and bad behavior in the NHL—coupled with the behind-the-scenes glitter of celebrity and media nightlife in New York and LA. As one of the NHL's most polarizing players, Sean Avery turned the rules of professional hockey on its head. For thirteen seasons, Avery played for some of the toughest, most storied franchises in the league, including the Detroit Red Wings, the Los Angeles Kings, and the New York Rangers, making his mark in each city as a player that was sometimes loved, often despised, but always controversial. In Ice Capades, Avery takes his trademark candidness about the world of pro hockey and does for it what Jim Bouton's game-changing Ball Four did for baseball. Avery goes deep inside the sport to reveal every aspect of an athlete's life, from what they do with their money and nights off to how they stay sharp and competitive in the league. While playing the talented villain in the

NHL, Avery broke far away from his on-ice character in the off-season, and Ice Capades takes the reader inside the other unexpected and unprecedented roles that Avery inhabited—Vogue intern, fashion model, advertising executive, restaurateur, gay rights advocate, and many more. Love him or hate him, Sean Avery changed the way professional hockey is played today. Rollickingly honest and compelling throughout, Ice Capades transcends the “sports book” genre and offers a rare, unvarnished glimpse into the world of 21st century hockey through the eyes of one of its most original and memorable players.

Bad Republican Meghan McCain,2022-04-26 With the aptly titled *Bad Republican*, Meghan McCain expresses how it is to feel like you no longer fit in with your political party. She tells of growing up the daughter of an American icon who shaped her life and details the heartbreaking final moments spent by his side. She recalls her (mis)adventures on the New York dating scene and brings us up to speed on meeting her now-husband. We hear her views on cancel culture and internet trolls as well as life backstage as the sole Republican at America's most-watched daytime talk show—and why she decided to leave. Revealingly, she relays the awkward phone call she received from Donald and Melania and where she thinks the Republican Party and the country go from here. And with surprising candor, she divulges why a miscarriage and the birth of her daughter have left her so fired up about women's rights—even if that puts her at odds with her party. Unsparingly honest, deeply relatable, and highly entertaining, *Bad Republican* is as personal as a story gets. It's a memoir imbued with an unmistakable maverick spirit.

Almost Interesting David Spade,2015-10-27 David Spade is best known for his harsh “Hollywood” Minute Sketches on SNL, his starring roles in movies like *Joe Dirt* and *Tommy Boy*, and his seven-year stint as Dennis Finch on the series *Just Shoot Me*. Now, with a wit as dry as the weather in his home state of Arizona, the “comic brat extraordinaire” tells his story in *Almost Interesting*. First Taking fans back to his childhood as a wannabe cool younger brother and recounting his excruciating road-tour to fame—when he was regularly mistaken for a ten year-old, Spade then dishes about his time crisscrossing the country as a comedian, for low-paying gigs and dragging along his mother's old suitcase full of props. He also covers his years on SNL during the beloved Rock/Sandler/Farley era of the 1990s, including his close working relationship and friendship with Chris Farley and brags about the ridiculous perks that fame has brought into his life, including the constant fear of being fired, a crazy ex-assistant who attacked him while he was sleeping, a run-in with Eddie Murphy on the mean streets of Beverly Hills, and of course an endless supply of hot chicks. Sometimes dirty, always funny, and as sharp as a tack, *Almost Interesting* reminds you why David Spade is one of our generation's favorite funny guys.

Hollywood powerhouse Jo is photographed making her assistant Emma laugh on the red carpet, and just like that, the tabloids declare them a couple. The so-called scandal couldn't come at a worse time—threatening Emma's promotion and Jo's new movie. As the gossip spreads, it starts to affect all areas of their lives. With the launch of Jo's film project fast approaching, the two women begin to spend even more time together, getting along famously. Emma seems to have a sixth sense for knowing what Jo needs. And Jo, known for being aloof and outwardly cold, opens up to Emma in a way neither of them expects. The Dark Path Isaac Weishaupt,2017-08-17 THE DARK PATH is considered Isaac Weishaupt's magnum opus; a result of many years delving into the recesses of occult dogma. Using cited references to occult literature from the likes of Aleister Crowley, Helena Blavatsky, Kenneth Grant, Jack Parsons and Alice Bailey; Isaac provides a fundamental exploration of the occult belief system and alternate version of history.Utilizing familiar

examples from pop culture, film, music, and television; Isaac proves the Illuminati agenda to steer humanity down a path of Luciferianism by inserting symbolism that speaks to, and manipulates, our subconscious minds. Demonstrations of occult symbols, predictive programming, and ritual magick concepts will be evident as the reader sees the connections made between Disney, The Beatles, Star Wars, Rihanna, Led Zeppelin, Jay-Z, Katy Perry, HBO's Westworld, Harry Potter, The Rocky Horror Picture Show, the Alien films, Batman, Ancient Aliens, comic book super heroes, and many more! This work carves out a distinction between witches, satanists, magicians, occultists and the New Age, while proving the connected desires to usher in Crowley's Aeon of Horus as the New World Order. Using concepts from Gnosticism, Freemasonry, Alchemy, Kabbalah, and ceremonial magick; Isaac explains Hermetic axioms such as As above, so below from which many occultists subscribe to mental emanations that can be used to create reality. They are all part of the Evolution of Consciousness that is being used to push mankind down the path of obliteration through transhumanism, which promises the alchemical pursuit of immortality. NASA, Adolf Hitler's Nazis, and Ancient Alien theorists are using Darwin's theory of evolution to assert the superiority of alien life forms. A coordinated effort of science-fiction beliefs is being conducted to put us in direct contact with these demonic deceptions. The unsuspecting masses will be shocked to find out the Illuminati savior of Lucifer and his desire to put us into the transhuman digital matrix; ultimately destroying God's creation by evolving us into the next entity: a globally connected digital form of consciousness. Isaac shares personal tales of Faustian bargains as well as experiences with radio shows that helped confirm his world view of the frequency battle for our souls; and this book is a testament to those observations. The religion of the ancients is the religion of the future. -Helena Blavatsky Website publisher of IlluminatiWatcher.com and top 5% Amazon author; Isaac Weishaupt has been on the leading edge of conspiracy theories surrounding the elusive Illuminati and its infiltration of the entertainment industry. Using examples of familiar pop culture and works of entertainment, Isaac has been speaking and writing about the occult from a unique perspective that seeks to understand the big agenda while helping others along the way. Isaac has been a featured guest on Dave Navarro's Dark Matter Radio, BLACKOUT Radio, Richard C. Hoagland's Other Side of Midnight, SIRIUS/XM's The All Out Show, The HigherSide Chats, Freeman Fly's The Free Zone, Mark Devlin's Good Vibrations, VICE, COMPLEX Magazine, and many more radio shows and podcasts. His fresh perspective and openly admitted imperfections promotes the rational approach to exploring these taboo subjects and conspiracy theories.
