**Informal Institutions and Rural Development in
China** Biliang Hu,2007-08-07 Providing an account of the
role of informal institutions in Chinese rural development,
this book, based on a decade of fieldwork of village life in
the Chinese countryside, puts forth a distinctive argument
on a very important topic in Chinese economic and social
affairs. Focusing in particular on three major informal
institutions: village trust and Rotating Savings and Credit
Associations (ROSCAs), guanxi community and Integrating
Village with Company (IVWC) governance, it argues that
informal institutions, traditions and customs are all critical
factors for facilitating modernization and social and
economic development, promoting the integration of trust,
reciprocity, responsibility and obligation into economic and
social exchange processes and considerably lowering risks

and transactions costs. This detailed account is an invaluable resource for postgraduates and researching studying and working in this area. Winner of the 2008 Zhang Peigang Development Economics Award.
