American Heritage Book of Great American Speeches for Young People Suzanne

McIntire, 2002-07-15 The history of the United States has been characterized by fervent idealism, intense struggle, and radical change. And for every critical, defining moment in American history, there were those whose impassioned voices rang out, clear and true, and whose words compelled the minds and hearts of all who heard them. When Patrick Henry declared, Give me liberty, or give me death!, when Martin Luther King Jr. said, I have a dream, Americans listened and were profoundly affected. These speeches stand today as testaments to this great nation made up of individuals with bold ideas and unshakeable convictions. The American Heritage Book of Great American Speeches for Young People includes over 100 speeches by founding fathers, patriots, Native American and African American leaders, abolitionists, women's suffrage and labor activists, writers, athletes, and others from all walks of life, featuring inspiring and unforgettable speeches by such notable speakers as: Patrick Henry * Thomas Jefferson * Tecumseh * Frederick Douglass * Sojourner Truth * Abraham Lincoln * Susan B. Anthony * Mother Jones * Lou Gehrig * Franklin D. Roosevelt * Albert Einstein * Pearl S. Buck * Langston Hughes * John F. Kennedy * Martin Luther King Jr. These are the voices that shaped our history. They are powerful, moving, and, above all else, uniquely American.

Words of a Century Stephen Lucas, Martin J. Medhurst, 2009 Boldly breaking the mold of previous anthologies, *Words of a Century: The Top 100 American Speeches, 1900-1999* contains the complete-and authentic-texts of the best American speeches of the twentieth century as delivered to their immediate audiences. It features a remarkable array of speakers, from Woodrow Wilson, Clarence Darrow, and Carrie Chapman Catt to Martin Luther King, Ronald Reagan, John F. Kennedy, and Barbara Jordan. As diverse in type as they are in subject matter, the speeches open a unique window

on the twentieth century, and many continue to resonate in our own time. Each is preceded by a headnote with background on the speaker, the occasion, and the impact of the speech. More than 2,000 annotations identify people, events, and textual references that help bring the speeches to life for today's readers. This exceptional anthology is ideal for courses in rhetoric, political communication, and twentieth century American history, as well as for anyone interested in the artistry and impact of the spoken word.

The Greatest American Speeches, 2008 Reproduced in this book are key speeches from a number of American historical and political figures. Each speech is accompanied by a biography of the speaker and the story of why it was significant, and will both inspire and provide a greater understanding of these crucial moments in US history.

The Greatest American Speeches Quercus,2009-01-28 This book contains 50 momentous and thought-provoking speeches from a wide range of historical eras and perspectives.

American Speeches Vol. 1 (LOA #166) Edward L. Widmer,Ted Widmer,2006-10-05 A historian and former presidential speechwriter presents an unprecedented two-volume collection of the greatest speeches in American history.

American Political Speeches Terry Golway,Richard Beeman,2012-08-28 A selection of speeches by the most inspiring and persuasive orators in American history Penguin presents a series of six portable, accessible, and—above all—essential reads from American political history, selected by leading scholars. Series editor Richard Beeman, author of *The Penguin Guide to the U.S. Constitution*, draws together the great texts of American civic life to create a timely and informative mini-library of perennially vital issues. Whether readers are encountering these classic writings for the first time, or brushing up in anticipation of the 50th anniversary of the Civil Rights Act, these slim volumes will serve as a powerful and illuminating resource for scholars, students, and civic-minded citizens. *American Political Speeches* includes the best American rhetoric from inside and outside the White House. Some of the greatest words spoken in American history have come from men and women who lacked the biggest bully pulpit in the country, but who nevertheless were able to move the nation with words. Frederick Douglass explained the irony of Independence Day from the perspective of a slave. Martin Luther King, Jr. described his dream of an interracial America. William Jennings Bryan gave voice to social discontent with a single phrase, a cross of gold. Barbara Jordan summoned the nations outrage during the impeachment hearings against Richard Nixon. And the best presidents, not by coincidence, have tended to be those with an appreciation for the use of language:

Lincoln explaining a new birth of freedom at Gettysburg; John Kennedy voicing moral outrage at the Berlin Wall; Franklin D. Roosevelt chatting to a nation gathered in front of radios; Ronald Reagan addressing Congress freshly healed from an assassination attempt.

Great Speeches by Native Americans Bob Blaisdell, 2012-03-01 Remarkable for their eloquence, depth of feeling, and oratorical mastery, these 82 compelling speeches encompass five centuries of Indian encounters with nonindigenous people. Beginning with a 1540 refusal by a Timucua chief to parley with Hernando de Soto (With such a people I want no peace), the collection extends to the 20th-century address of activist Russell Means to the United Nations affiliates and members of the Human Rights Commission (We are people who love in the belly of the monster). Other memorable orations include Powhatan's Why should you destroy us, who have provided you with food? (1609); Red Jacket's We like our religion, and do not want another (1811); Osceola's I love my home, and will not go from it (1834); Red Cloud's The Great Spirit made us both (1870); Chief Joseph's I will fight no more forever (1877); Sitting Bull's The life my people want is a life of freedom (1882); and many more. Other notable speakers represented here include Tecumseh, Seattle, Geronimo, and Crazy Horse, as well as many lesser-known leaders. Graced by forceful metaphors and vivid imagery expressing emotions that range from the utmost indignation to the deepest sorrow, these addresses are deeply moving documents that offer a window into the hearts and minds of Native Americans as they struggled against the overwhelming tide of European and American encroachment. This inexpensive edition, with informative notes about each speech and orator, will prove indispensable to anyone interested in Native American history and culture.

Lend Me Your Ears William Safire, 1997 William Safire's invaluable and immensely entertaining Lend Me Your Ears established itself instantly as a classic treasury of the greatest speeches in human

history. Selected with the instincts of a great speechwriter and language maven, arranged by theme and occasion, each deftly introduced and placed in context, the more than two hundred speeches in this compilation demonstrate the enduring power of human eloquence to inspire, to uplift, and to motivate. For this expanded edition Safire has selected more than twenty new speeches by such figures as President Bill Clinton, Senator Robert Dole, General Colin Powell, Microsoft's Bill Gates, the Dalai Lama, Edward R. Murrow, Alistair Cooke, the Buddha, and the late Israeli Prime Minister Yitzhak Rabin. They prove that even in a digital age the most forceful medium of communication is still the human voice speaking directly to the mind, heart, and soul.

Great Speeches by African Americans James Daley, 2012-03-06 Tracing the struggle for freedom and civil rights across two centuries, this anthology comprises speeches by Martin Luther King, Jr., Marcus Garvey, Malcolm X, Barack Obama, and many other influential figures.

American History through Its Greatest Speeches [3 volumes] Jolyon P. Girard, Darryl Mace, Courtney Michelle Smith, 2016-12-05 What did America's greatest orators say regarding significant issues and concerns throughout United States history? This three-volume set examines hundreds of the most historically significant speeches from colonial times to the modern era, allowing readers to consider exactly what the speakers said—and to better understand the motivations behind

American History Through Its Greatest Speeches Jolyon P. Girard,Darryl Mace,Courtney Michelle Smith,2016-12

The Greatest Speeches of Ronald Reagan Ronald Reagan,2022-09 With twenty-eight speeches spanning the Reagan era, *The Greatest Speeches of Ronald Reagan* provides readers with a direct source into President Reagan's profound belief in God, freedom, individualism, limited government, and his great love for his country. Ronald Wilson Reagan, the fortieth president of the United States, was also one of America's greatest orators. Known as The Great Communicator, he shared his vision of the greatness of America while guiding the nation to an unprecedented prosperity and renewed vigor. When President Reagan assumed the presidency in 1981, America's economy ebbed with 12 percent inflation and 8 million unemployed. Reagan's predecessor spoke of a national malaise. Abroad, America's adversary, the Soviet Union, was expanding its influence. The Soviet Union's nuclear weapons capability surpassed that of the United States and previous nuclear arms treaties were failures. President Reagan's goals were simple: To reduce the size of the federal government Lower taxes Stabilize the economy Restore the belief of the American people in their government Win the Cold War When President Reagan left office in 1989, these goals had been achieved: Americans were enjoying the longest uninterrupted span of prosperity in the nation's history. After a massive military build-up, the largest in peacetime, President Reagan had negotiated a nuclear arms treaty that greatly reduced the threat of nuclear war. By expanding the military, he achieved peace through strength and set the stage for the demise of the Soviet Union. From the time he arrived on the political scene in 1964-throughout his presidency and beyond, Ronald Reagan used his speeches to inspire and reinvigorate America. When he spoke, Reagan said he was preaching a sermon. The American people saw his vision of America and his dreams for the future, and they overwhelmingly

responded; he was re-elected in 1984 by the largest number of electoral votes in the nation's history. In this collection of twenty-eight speeches spanning the Reagan era, with an Introduction from his son, Michael Reagan, you may read for yourself his inspirational sermons. From his first speech in the political arena in 1964 to his Last Letter to America, informing Americans of his Alzheimer's disease, Ronald Reagan's words show a profound belief in God, freedom, individualism, limited government, and his great love for his country.
