*Top Gear: The Alternative Highway Code* Ministry of Top Gear,2012-06-30 As everyone knows, there are three ways of doing things. The right way, the wrong way and the Top Gear way. Although, on reflection, that's usually just the wrong way, but faster and with more shouting. Anyway, the good news is that this third way of doing things can be applied to almost anything, and that includes motoring in general. All you need is the right guidance, which is where the brand new Top Gear Alternative Highway Code comes in. Top Gear's Altnernative Highway Code will show you how to bring the ambitious but rubbish philosophies of the world's most popular TV programme to your driving, containing advice on general motoring, as well as specific tips on how to deal with common eventualities like a rapidly sinking amphibious camper van, a caravan airship that's just crashed into a small bush, or a stupid home-made limousine that's snapped in half while transporting a top celebrity to an awards ceremony.

Road users should not leave home without it.

The Top Gear Story Martin Roach,2017-02-02 With Jeremy Clarkson, Richard Hammond and James May at the helm, Top Gear became a true global phenomenon. However, after the infamous 'fracas' involving Clarkson and one of the show's producers, it's all change in the Top Gear universe. Top Gear's devoted viewers around the world (at its peak; 350 million in 170 countries) await its new incarnations with expectation, intrigue and some apprehension. It remains to be seen whether Clarkson, Hammond and May can re-create their old madcap genius on Amazon Prime, and the new BBC presenters have already had to deal with tabloid controversies and rumours. Whatever happens, it's going to make for fascinating viewing. This is an in-depth, fully up-to-date tribute to one of Britain's biggest TV exports and will be a must-read for any fan of the show.

The Top Gear Story - The 100% Unofficial Story of the Most Famous Car Show... In The World Martin Roach,2012-05-25 From humble beginnings as a 1970s motoring show, Top Gear has gone on to achieve diesel-powered world domination. After Clarkson and producer Andy Wilman successfully pitched a new format to BBC bosses, Top Gear returned to become the irreverent, funny and often controversial show we now know and love. The Star in a Reasonably Priced Car, the Cool Wall and Power Laps by the mysterious Stig have all become staples of Britain's favourite Sunday evening entertainment. Recent series have been defined by their madcap challenges such as driving across Africa in clapped-out bangers - with predictably hilarious results. However, the show's most shocking moment came in 2006, when Hammond suffered serious head injuries while driving a Vampire turbojet drag racing car at over 300mph. Clarkson,

Hammond and May; they are the politically-incorrect-joking, stone-washed-denim-wearing, bloke-hero trio for the modern(ish) age. This brilliant, detailed book is fitting tribute to the show, its presenters and its most memorable moments.

**Ambitious But Rubbish** Richard Porter, 2012 Crossing the channel in a battered pick-up truck. Cruising the streets in a convertible people-carrier. Firing up a snowbine harvester to clear a runway for a plane to (crash) land.

*And On That Bombshell* Richard Porter, 2015-10-22 I was Top Gear's script editor for 13 years and all 22 series. I basically used to check spelling and think of stupid gags about The Stig. I also got to hang around with Jeremy Clarkson, Richard Hammond and James May. It didn't feel like something you should get paid for. From the disastrous pilot show of 2002 to the sudden and unexpected ending in 2015, working on Top Gear was quite a rollercoaster ride. We crossed continents, we made space ships, we bobbed across the world's busiest shipping lane in a pick-up truck. We also got chased by an angry mob, repeatedly sparked fury in newspapers, and almost killed one of our presenters. I realised that I had quite a few stories to tell from behind the scenes on the show. I remembered whose daft idea it was to get a dog. I recalled the willfully stupid way in which we decorated our horrible office. I had a sudden flashback to the time a Bolivian drug lord threatened to kill us. I decided I should write down some of these stories. So I have. I hope you like them. And now, a quote from James May: 'Richard Porter has asked me to write a quote for his new book about the ancient history of Top Gear. But this is a ridiculous request. How can one write a quote? Surely, by definition, a quote must be extracted from a greater body of writing, for the purpose of

illustrating or supporting a point in an unrelated work. I cannot write a quote any more than I could film an out-take. 'Porter, like Athens, has lost his marbles.'

**Diddly Squat** Jeremy Clarkson, 2021-11-11 Pull on your wellies, grab your flat cap and join Jeremy Clarkson in this hilarious and fascinating behind-the-scenes look at the infamous Diddly Squat Farm THE NO. 1 SUNDAY TIMES BESTSELLER 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out \_\_\_\_\_ Welcome to Clarkson's farm. It's always had a nice ring to it. Jeremy just never thought that one day his actual job would be 'a farmer'. And, sadly, it doesn't mean he's any good at it. From buying the wrong tractor (Lamborghini, since you ask . . .) to formation combine harvesting, getting tied-up in knots of red tape to chasing viciously athletic cows, our hero soon learns that enthusiasm alone might not be enough. Jeremy may never succeed in becoming master of his land, but, as he's discovering, the fun lies in the trying . . . \_\_\_\_\_ 'Very funny . . . I cracked up laughing on the tube' Evening Standard Praise for Clarkson's Farm: 'The best thing Clarkson's done . . . it pains me to say this' GUARDIAN 'Shockingly hopeful' INDEPENDENT 'Even the most committed Clarkson haters will find him likeable here' TELEGRAPH 'Quite lovely' THE TIMES

**Top Gear Supercars** ,2010 Ask any man the first thing he would buy if he won the lottery and we guarantee you the answer would be a supercar. It s what every real man and every alpha woman aspires to a blisteringly fast V8 engine, achingly high-tech design and style that snaps

The War Against the BBC Patrick Barwise, Peter York, 2020-11-19 There's a war on against the BBC. It is under threat as never before. And if we lose it, we won't get it back. The BBC is our most important

cultural institution, our best-value entertainment provider, and the global face of Britain. It's our most trusted news source in a world of divisive disinformation. But it is facing relentless attacks by powerful commercial and political enemies, including deep funding cuts - much deeper than most people realise - with imminent further cuts threatened. This book busts the myths about the BBC and shows us how we can save it, before it's too late.

Top Gear Portfolio TOP GEAR MAGAZI,2011 For the petrolheads at Top Gear Magazine, car photography is about more than just a car on a stretch of tarmac. It's about ultimate escapism. For Top Gear, a truly great photograph should instantly transport you to the location and behind the wheel, delivering the speed, power and atmosphere of the moment in one shot. In this collection of Top Gear's finest car photography, we get up close and personal with the hottest cars of recent years in some of the most stunning locations. You'll see the world reflected in gleaming bodywork, raindrops on windscreens at 90mph, and the blur of wheels against a backdrop of epic vistas. Portfolio is the perfect coupling of automotive masterpieces of design and world-class photography. If the speed, power and craftsmanship of the world's finest, fastest cars can be captured in a moment, this is it.

**May on Motors** James May,2012-04-30 Best known as the third presenter in the unholy trinity that is Clarkson, Hammond and May on Top Gear, James May has lived, breathed and dreamt about cars his entire life. There is something about cars that stirs up intense feelings in people - how it makes them look to the outside world, how it makes them feel about themselves, how it looks to their girlfriends or their mates, or their neighbours. These feelings are humorously described in May on Motors, as James takes us on the road

and looks at the cars that have shaped him, his world and the ordinary people of Britain. In *May on Motors*, James has brought together his most controversial and amusing pieces to make a brilliant collection that will amuse and inspire all car enthusiasts.

**And on That Bombshell** Richard Porter, 2017 For 13 years, 22 series and 175 shows, Richard Porter was script editor of TOP GEAR, from the first faltering pilot episode in 2002 until the very last show presented by Jeremy Clarkson, Richard Hammond and James May in 2015. Along the way, they destroyed cars, sparked diplomatic incidents, set fire to caravans, almost killed one of the presenters, and somehow transformed TOP GEAR from a shabby BBC Two motoring show into an Emmy-winning, record-breaking, planet-straddling behemoth. From driving monkeys to flying cars, Richard Porter provides a unique insight into how the programmes were made, revealing behind-the-scenes disasters more comical than anything seen on screen, and explaining what it was really like to work inside the self-professed 'poky motoring show' that accidentally became a global phenomenon.

The Top Gear Guide to Britain Richard Porter, 2013-11-01 For over ten years, Top Gear has been travelling all over Britain in the course of making the world's best programme about cars, driving, and three men in smart-casual clothes shouting at each other. So, who better to assemble a guide to Britain itself with all its glories, quirks and multiple words for bread rolls? This book is not only a guide for outsiders; it is an invaluable reference manual for Britons themselves, like a mirror held up to our very souls.\* Join us then, as we travel from A-Z cataloguing and making moderately flippant remarks about every aspect of life and living in the best country in the world after New Zealand, Denmark, probably Canada and some bits of

France. \*Although in this case, a mirror that has been dropped and then run over by a small lorry but don't worry, some bits of it still just about work.

**Where's Stig: Motorsport Madness** Rod Hunt,2014-09-25 The Stig, Top Gear's tame racing driver, is off on another adventure, this time following his passion for speed and adrenaline to its natural conclusion - motorsport. Stig has disappeared into the world of racing, and it's your job to find him. Follow Stig as he roams from the stifling heat of the Dakar rally to the redneck heartland of a NASCAR track, or from the nighttime drama of Le Mans to the mud-soaked stands of Silverstone for the British Grand Prix. Along the way you'll also find Clarkson, Hammond and May as they indulge in a spot of home-made motorhome racing or Roman rallying, middle-eastern style. The Where's Stig books have taken Top Gear fans by storm - and his latest voyage is the most action packed yet!

**Top Gear** Martin Roach,2012-05 This is the full story of the unstoppable rise of Clarkson, Hammond, May and The Stig and how they have transformed an ordinary programme about cars into one of the most famous and best-loved TV programmes of the 21st century.

**The Top Gear Story - The 100% Unofficial Story of the Most Famous Car Show... *The Man in the White Suit* Ben Collins, 2011 Ever since Black Stig disappeared off the front of HMS Invincible in 2003, one question has captivated 350 million viewers of Top Gear around the world: Who is the man in the white suit?

**Off-Road with Clarkson, Hammond and May** Phillipa Sage, 2021-05-13 'Amazing adventures. Apparently I was there.' Richard Hammond For over 12 years Phillipa Sage worked alongside Jeremy Clarkson, Richard Hammond and James May as their PA, gofer, and fixer where she saw the boys at their best and, hilariously, at their worst. A closet petrol head, Phillipa started working in the motor industry on live events over 20 years ago and first worked with Jeremy Clarkson in 1997. She proved to be a loyal, trusted friend and colleague to all the presenters—from back in the beginning with Tiff Needell, Vicki Butler-Henderson and Quentin Wilson—to the now infamous trio of Clarkson, Hammond and May, and was a key member of what became known as 'The Bubble', the exclusive, dysfunctional working family that toured the world. With an enormous budget, they travelled like rock stars—with super cars, yachts, private jets, helicopters, and five-star wining and dining—taking their unique brand of motoring madness

to 18 countries, 31 cities and to over 2 million fans in arenas and at festivals from New Zealand to Norway. Supported by a large crew and their personal entourage, Clarkson, Hammond and May, when not performing in their extraordinary, high octane, live action, motoring theatre, indulged in extravagant holidays. They and their 'Bubble' family relaxed in luxury resorts or private houses entertaining themselves with pool parties, drinking, heli-sightseeing, drinking, private motorboat cruises, drinking, jet skiing, sailing, drinking and eating, and drinking. In Off-Road with Clarkson, Hammond & May, Phillipa shares the tour highs, lows and laughter of three clever, funny, and very stupid motoring journalists.

The Top Gear Years Jeremy Clarkson, 2013-05-23 We now know all about the world according to Clarkson. In a series of bestselling books, Jeremy has revealed it to be a puzzling, frustrating place where all too often the lunatics seem to be running the asylum. But in The Top Gear Years, we get something rather different.

**Broadcasting in the 21st Century** Richard Rudin, 2017-09-16 The 21st century is already seeing fundamental changes in broadcasting. No longer are audiences limited to watching or listening to television and radio at the times and places dictated by the broadcasters, or on radio or TV 'sets'. Broadcasting in the 21st Century demonstrates how 'traditional' television and radio is being both challenged and supported by technological developments, including convergence and social media. Drawing on interviews with industry personnel and featuring case studies and research from many countries, including that from the UK, USA, China, India and South Africa, Richard Rudin explains not only the significance of these changes but also how many of the functions and pleasures of broadcasting that were established in the 20th century

are being enhanced by new media. Opening with a substantial account of how broadcasting developed in the 20th century, the author goes on to explore how new media forms are changing audiences' pleasures, expectations and demands. Rudin's illuminating study highlights the changing relationship between audiences and broadcast output to examine a range of subjects including: - The impact of citizens' journalism - Political coverage - International TV formats and news output - The continuing appeal of radio as a distinct medium - Debates over bias, truth and trust in broadcasting and broadcasters In addition, *Broadcasting in the 21st Century* addresses a range of broadcast forms and genres including the coverage of general elections, Reality TV and pirate radio.
