**Maxi Toddler Play, 2 - 3 Years** Julie Hack, 2015-02-28 Maxi Toddler Play, 2 Years - 3 Years, follows the first book Maxi Sensory Play, Birth - 24 Months. Maxi Toddler Play is for parents/childcare workers wanting to know what play activities are needed to stimulate a toddler's learning across the milestone spectrum. What is different about Maxi Toddler Play is that it has over 600 play activities that sequentially follows developmental expectations and has over 130 stimulus worksheets which have been designed to provide a toddler's learning in fine motor skills, visual discrimination, critical thinking, comparing, sorting, classifying, picture comprehension, visual tracking, colours, shapes, early maths and beginning reading. The worksheets are designed for step by step learning with varying degrees of difficulty. There is a dot point list of what milestone a toddler is expected to achieve across gross and fine motor skills, cognitive and visual learning, hearing and language development and social and emotional development. Following each of these milestone categories is a comprehensive list of play activities. Age specific tactile activities are also included. Aligned with developmental

milestone expectations these activities will help maximise a toddler's learning needs at the most opportune time - that is, when a toddler is ready to learn a particular skill. Since a nurturing environment is effective for learning key ingredients for building self esteem and toddler management, including positive communication and dealing with temper tantrums are covered. Neuro-science and child development literature indicates that the sort of learning opportunities a toddler is exposed to will greatly influence a toddler's learning power. Put simply where there is low input of sensory experience a toddler's synapses, or brain wiring is slowed down. Conversely, brain wiring is strengthened in toddlers who have been given the opportunity to experience learning through play. An early start to this is laying the groundwork for future learning and achieving. Maxi Toddler Play, 2 years - 3 years activities will help maximise a toddler's learning at the time when he/she needs to learn a particular skill. **The Ultimate Toddler Activity Guide** Autumn McKay, 2018-04-12 The Ultimate Toddler Activity Guide is a collection of fun and educational activities to do with your toddler. Why this book? HAVE A GUIDE - Forget scrolling through social media or blogs for ideas; now your plan for having fun and teaching your toddler is laid out for you! BE CONSISTENT - You now have a guide to help keep your learning time organized and fun! GIVE YOUR CHILD A HEAD START - Your toddler is naturally curious, so help fuel that curiosity by introducing them to new topics before they get to preschool or school. What is in the book? This book includes 200 activities! There are 19 themes. See themes below. Each activity has a materials list and detailed directions. There are 114 low prep activities--that means the prep time is only 1 or 2 minutes! The book has 49 handouts that correlate with specific themes. The book is 280 pages of fun for you and your toddler to enjoy together! Can a busy mom follow this lesson plan? Sure! These activities are made for busy moms! A few minutes will be needed for you to round up the supplies (and your

toddler!) Each activity takes about 10-15 minutes. If certain days are busy for you, schedule around them and only plan on doing the activities on days that work best for you and your little one. Of course, there are days where things feel too hectic, but just hang in there! We may feel too busy to do the activities, but our toddlers aren't too busy to learn and have fun!
