Fidget Spinners Macmillan Adult's Books, Macmillan Children's Books, 2017-06-01 Fidget Spinners have taken the world by storm! This brilliant book is packed with the very best tricks, tips and hacks to make you a Fidget Spinner master! Fidget Spinners: Brilliant Tricks, Tips and Hacks includes everything you could ever want to know about Fidget Spinners: the top ten Spinners, clever hacks to customize your spinner to make it look cooler and spin faster, and step-by-step instructions for thirty tricks. Master the basics, from the Finger Spin to the Hand Dryer, before learning some epic moves, from the Stack Attack to the Reverse Flip, and attempting the ultimate spins, from Around the Back to the Knuckle Down, to wow your friends and family.

A Touch of Magic Random House Disney, Judy Katschke, 2003-03 The Disney Princesses spin their way into everyone's hearts in this magical book with a spinner on every spread. Little girls will love watching Cinderella change into a ball gown beauty and Ariel go from fins to feet. Magic happens with just one spin!

Spin Doctors Nora Loreto, 2021-11-24T00:00:00Z As Canada was in the grips of the worst pandemic in a century, Canadian media struggled to tell the story. Newsrooms, already run on threadbare budgets, struggled to make broader connections that could allow their audience to better understand what was really happening, and why. Politicians and public health officials were mostly given the benefit of the doubt that what they said was true and that they acted in good faith. This book documents each month of the first year of the pandemic and examines the issues that emerged, from racialized workers to residential care to policing. It demonstrates how politicians and uncritical media shaped the popular understanding of these issues and helped to justify the maintenance of a status quo that created the worst ravages of the crisis. Spin Doctors argues alternative ways in which Canadians should understand the big themes of the crisis and create the necessary knowledge to demand large-scale change.

SPIN, 1993-07 From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

Science of Shooting Water Polo Fundamentals Dr. Jim Solum, 2010-03-10 The Science of Shooting Fundamentals book is the definitive and complete examination of the outside throwing motion, the fake, the drive-in shot and the 2-meter shot. Because two-thirds of the player's body is underwater and unseen, the water polo throwing motion is the most difficult motion to learn and to teach. How can we learn to shoot when we cannot see the underwater motion? The Science of Shooting Water Polo Fundamentals book reveals the secrets. For the first time in English, the secrets of the gold medal winning Hungarians and Serbians are revealed. With 190 full body pictures in over 200-pages, the mechanics above and below the water are clearly shown. The Science of Shooting book provides step by step answers for players and coaches demanding the secret knowledge of the European throwing method.

Spin for Your Life Jacobs Evan, 2022-03-29 Themes: competition, friendship,

fantasy. Carson is used to being the best at everything. When he gets the hottest new toy, a Cube Spinner, all he can think about is becoming the best spinner in the world. But something about this Cube Spinner is different. Each time Carson uses it, strange things happen. Can Carson put aside being the best in order to keep his friends and family safe? This series of short 60- to 70-page novels was designed to engage a broad spectrum of striving readers. No longer will upper-elementary students have to read material junior to their maturity and interests. Characters are age appropriate and come from diverse cultures and backgrounds. Science fiction, sports, paranormal, realistic life, historical fiction, and fantasy are just a few of the many genres. Books are no higher than a 1.5 reading level, with illustrations on every spread that support visual literacy and draw kids into the text. Red Rhino Books® maintain consistency in design and readability throughout each novel, making reading enjoyable and achievable.

SPIN, 2006-11 From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

SPIN, 1992-12 From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

The Textile Industries William S. Murphy, 1910

A Spinner in the Sun Myrtle Reed, 1906 This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

The Spinner Family Alice Jean Patterson, 1903

Cycles, Sequels, Spin-offs, Remakes, and Reboots Amanda Ann Klein, R. Barton Palmer, 2016-03-15 With sequels, prequels, remakes, spin-offs, or copies of successful films or franchises dominating film and television production, it sometimes seems as if Hollywood is incapable of making an original film or TV show. These textual pluralities or multiplicities—while loved by fans who flock to them in droves—tend to be dismissed by critics and scholars as markers of the death of high culture. *Cycles, Sequels, Spin-offs, Remakes, and Reboots* takes the opposite view, surveying a wide range of international media multiplicities for the first time to elucidate their importance for audiences, industrial practices, and popular culture. The essays in this volume offer a broad picture of the ways in which cinema and television have used multiplicities to streamline the production process, and to capitalize on and exploit viewer interest in previously successful and/or sensational

story properties. An impressive lineup of established and emerging scholars talk seriously about forms of multiplicity that are rarely discussed as such, including direct-to-DVD films made in Nigeria, cross-cultural Japanese horror remakes, YouTube fan-generated trailer mash-ups, and 1970s animal revenge films. They show how considering the particular bonds that tie texts to one another allows us to understand more about the audiences for these texts and why they crave a version of the same story (or character or subject) over and over again. These findings demonstrate that, far from being lowbrow art, multiplicities are actually doing important cultural work that is very worthy of serious study.

Spin the Bottle Service Kirsten Moxness, Paul Moxness, 2021-06-23 Airports, hotels, bars, and restaurants all present opportunities for hospitality to touch the life of a stranger. In our increasingly data-driven world, we've created systems to quantify, digitize, and calculate how to get the most out of these moments of interaction, but is data really the only way to know if we're truly being of service? Smart hoteliers and restaurateurs understand the power of personal interactions, and as the drive to digital speeds up, the ability to craft a meaningful human interaction will be a big differentiator in the market battle for guest satisfaction and retention. Using examples from over thirty years of international travel and experience in the hospitality industry, Kirsten and Paul Moxness explore key elements of creating personal experiences for guests, including: - Making genuine gratitude a natural and contagious habit - Respecting upgrades and freebies, and handling necessary downgrades - Encouraging supportive teams and empowering each employee to provide exceptional experiences - Taking a compassionate and proactive approach to safety and crisis management and resolving problems Digital cannot replace human interaction, and hospitality is all about making memorable moments of personal experience. *Spin the Bottle Service* is here to show you that making the most of the touchpoints beyond digital can be as easy as a twist of the wrist.

Fidget Spinner Tricks, Hacks & Mods Cara Stevens, 2017-07-11 Kids are obsessed with fidget spinners, unique, entertaining devices that are purported to help anxiety, ADHD, and other disorders, as well as generally distract or entertain kids, depending on how you look at it.
