Right Coast Susannah Ray, 2016-06-15 Right Coast chronicles the surfing culture of New York City in photographs made over 8 years. Concluded shortly before Hurricane Sandy ravaged the Rockaways, this

photographic series has become a testament to the halcyon days before the storm, to a way of life lost, and to a life regained. This limited edition monograph features essays by Sean Corcoran, Curator of Prints and Photographs of the Museum of the City of New York, and Joel Patterson, former editor-in-chief of SURFER and TransWorld SURF magazines.

The Critical Surf Studies Reader Dexter Zavalza Hough-Snee, Alexander Sotelo Eastman, 2017-08-17 The evolution of surfing—from the first forms of wave-riding in Oceania, Africa, and the Americas to the inauguration of surfing as a competitive sport at the 2020 Tokyo Olympics—traverses the age of empire, the rise of globalization, and the onset of the digital age, taking on new meanings at each juncture. As corporations have sought to promote surfing as a lifestyle and leisure enterprise, the sport has also narrated its own epic myths that place North America at the center of surf culture and relegate Hawai'i and other indigenous surfing cultures to the margins. The Critical Surf Studies Reader brings together eighteen interdisciplinary essays that explore surfing's history and development as a practice embedded in complex and sometimes oppositional social, political, economic, and cultural relations. Refocusing the history and culture of surfing, this volume pays particular attention to reclaiming the roles that women, indigenous peoples, and people of color have played in surfing. Contributors. Douglas Booth, Peter Brosius, Robin Canniford, Krista Comer, Kevin Dawson, Clifton Evers, Chris Gibson, Dina Gilio-Whitaker, Dexter Zavalza Hough-Snee, Scott Laderman, Kristin Lawler, lisahunter, Colleen McGloin, Patrick Moser, Tara Ruttenberg, Cori Schumacher, Alexander Sotelo Eastman, Glen Thompson, Isaiah Helekunihi Walker, Andrew Warren, Belinda Wheaton

Walking on Water Jeremy V. Jones, 2006-09-05
Surfing is spiritual. Ask most wave riders and they'll describe some sense of deeper connection with the water, the waves or the power around them. Surfing to them is a spiritual experience. In a subculture that's traditionally known for its rebellion, here you'll find a deep undercurrent of faith amongst these top wave riders who share an understanding that the Creator of the waves also desires to know and relate with them. In these pages, you'll meet top surfers such as C.J. Hobgood, who rose to the top of the surf world but found it ultimately dissatisfying; Bethany Hamilton, a courageous teen who survived a shark attack and returned to the sport; surf legend Tom Curren, a middle-aged father of four whose comeback of sorts is the talk of the surf world; and Al Merrick, a remarkable surfboard shaper who crafts the vehicles ridden by surf stars. Discover what makes these celebrities and others believe that surfing is meaningless without a deep satisfying faith in something more.

Australian Beach Cultures Douglas Booth, 2012-12-06
Australians are surrounded by beaches. But this enclosure is more than a geographical fact for the inhabitants of an island continent; the beach is an integral part of the cultural envelope. This work analyzes the history of the beach as an integral aspect of Australian culture.

The Video Games Guide Matt Fox, 2013-01-03 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design--from the very earliest (1962's Spacewar) through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

Surfing in the Movies John Engle, 2015-10-05

Surfing has fascinated filmmakers since Thomas Edison shot footage of Waikiki beachboys in 1906. Before the 1950s surf craze, surfing showed up in travelogues or as exotic background for studio features. The arrival of Gidget (1959) on the big screen swept the sport into popular culture, but surfer-filmmakers were already featuring the day's best surfers in self-narrated two-reelers. Hollywood and independent filmmakers have produced about three dozen surf films in the last half-century, including the frothy Beach Party movies, Point Break (1991) and Chasing Mavericks (2012). From Bud Browne's earliest efforts to The Endless Summer (1966), Riding Giants (2004) and today's brilliant videos, over 1,000 surfing movies have celebrated the stoke. This first full-length study of surf movies gives critical attention to

hundreds of the most important films.
