**The Shooting Star** Shivya Nath,2018-09-14 Shivya Nath quit her corporate job at age twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the cracked salt desert of Gujarat and learnt to conquer her deepest fears. With its vivid descriptions, cinematic landscapes, moving encounters and uplifting adventures, The Shooting Star is a travel memoir that maps not just the world but the human spirit.

**The Golden Triangle** Arthur Asa Berger,2017-07-05 This book offers a semiotically informed ethnographic study of contemporary culture in Rajasthan and India. It adapts the methodology of analyzing cultures found in Roland Barthes' semiotic portrait of Japanese culture, *Empire of Signs*, but adds an analysis of lifestyles as explicated in the work of social anthropologist Mary Douglas, political scientist Aaron Wildavsky, and a number of other social scientists. This manuscript is, at first, a guide to Rajasthan and India, and it is that but it is also more in that it considers tourism from both an anthropological and sociological level. Berger begins with statistics on tourism and other aspects of life in Rajasthan and India, and then considers how tourism in India compares with tourism in other important tourism destinations. He refers to the Imaginary India as the picture created in tourists' minds with the help of guidebooks, media, and the Internet before they actually travel to India. He then discusses these representations and how they are actually different from the country itself. The trip itself then becomes the search for the authentic India - the goal is to find places before they are discovered. He calls this Semiotic Rajasthan, where the representations are compared to actuality. After offering a discussion of semiotic theory, it interprets and analyzes a number of important aspects of Rajasthani and Indian culture such as: the Taj Mahal, the Palace of Winds in Jaipur, the notorious rat temple in Deshnok, and sacred cows. Lastly, he discusses his own trip and how the impact of Rajasthan did not fully register until he returned home. This manuscript's strength lies in the author's ability to write in an accessible manner, assemble the project in an interesting way, and include only that information which will guide the reader along the narrative trail. While this manuscript really is a guidebook to Rajasthan, it could also serve as a good introduction to ethnography for beginning students and an interested general audience. It moves from basic explanations, such as that of semiotics, to complex applications all

with the grace of good story telling.

*Rajasthan* Pauline van Lynden,2003 Above all, this book is intended to show the delight I have found in a way of life which, often with very little means, still results in great beauty. This incredible 300-pages book is a reflection of the author's extensive travels in the region. This stunningly lavish volume is based on Pauline van Lynden's notebooks, photographs and other material gathered over fifteen years of wanderings in Rajasthan, India. The book begins with Pauline's first overwhelming impressions of color, people and places. In search of material, making friends on her way, she discovers the Rajasthani cities, is invited to a royal wedding and finds artisans devoted to their centuries-old crafts. After some time, a longing for quiet draws her to the countryside, and the second half of the book focuses on the villages and a rhythm of life which has not changed much over the centuries. The fourteen chapters of the book are each introduced by two pages of stories and descriptions by Pauline to explain, in a personal way, the following pages of photographs. The text is limited to her impressions, as the book is meant to be essentially a visual experience. With her artistic background, an upbringing in international surroundings, a curious and eclectic mind, a keen photographer's eye and a great sensitivity for detail and atmosphere, Pauline is perfectly equipped to bring her own view of Rajasthan to the public in this informed and evocative manner.
