**Volunteer Tourism** Angela M. Benson,2010-12-14 Volunteer Tourism is one of the major growth areas in contemporary tourism, where tourists for various reasons seek alternative goodwill experiences and activities. To meet this demand there has been a surge in volunteer programmes offered in range of destinations organized by a variety of charities and tour operators which is predicted to continue to grow in the future. Volunteer Tourism provides an in-depth analysis of the complex issues associated with traditional and contemporary volunteer tourism. Reflecting the growth in this phenomenon, this book provides a cohesive collection of chapters written from a range of international expert scholars and researchers. The theoretically rich, practically applied and empirically grounded contributions are based on current and diverse research in the area. This groundbreaking volume explores topics which have not been addressed in the literature before, such as the impact on host communities, introducing new areas and ideas to the field. The diverse range of themes are identified and addressed, including volunteer tourism and sustainability to, uniquely, the examination of volunteer tourism stakeholders – volunteers themselves, the host-to-guest exchange, and the organizations – and management of volunteers. These themes are examined in a range of international case studies, demonstrating the wide range of issues associated with volunteer tourism. This volume is a timely addition offering an innovative approach to the area. Volunteer Tourism will be of interest to both students and researchers interested in tourism, leisure and development, as well as non-academics, practitioners, NGOs government officials at all levels.

*Asian Youth Travellers* Catheryn Khoo-Lattimore,Elaine Chiao Ling Yang,2018-03-23 This book offers a bird's-eye view of the current trends, opportunities, and challenges related to Asian youth travellers, and it also presents a holistic framework for future research to build upon. Managerial and policy implications are provided for the tourism and hospitality industry and government agencies to better accommodate the needs of Asian youth travellers – a unique and diverse market that is yet to be fully unveiled to the world. The book investigates the key characteristics that define contemporary Asian youth travellers, adopting a broad definition of Asia. While it includes relatively mature markets, it also features emerging markets in Southeast Asia, South Asia, and West Asia. The book looks at different forms of tourism undertaken by Asian travellers, encompassing educational tourism, adventure tourism, working holiday, self-driving tourism, dark tourism, volunteer tourism, and cultural tourism. A wide range of topics are discussed, from history to current trends, from motivations to constraints, from the influence of culture and religion on travel behaviour to the search of social freedom through travel, and from destination choice to destination avoidance. The findings and interpretations are drawn from diverse and novel research methods, such as netnography, visual anthropology, historiography, interview, focus group, survey, and document analysis.

**Supplement 1** Bryan Steele,2010-11 Completely rewritten, the second edition of 760 Patrons brings back adventures hooks, plot lines and ideas in the classic format of providing an encounter for the players, along with up to six options for the referee as to how the adventure will progress. Got nothing prepared for the next gaming session of Traveller? Your players wandered off into deep space again, far from your planned adventure? Worry not, for 760 Patrons is here to rescue you! The original 76 Patrons became a lifeline for many Games Masters during Traveller campaigns, as it provided a ready source of adventure material that could be quickly generated when players started looking for work beyond their normal trading and exploration. The all new 760 Patrons Second Edition is literally ten times bigger and better, potentially allowing you to run a complete campaign with nothing but this and the main rulebook!

Structured around four categories of 'encounter' – textual, internal, external and performative – the volume offers a capacious exploration of The Book of Margery Kempe, characterised by multiple complementary and dissonant approaches. It employs a multiplicity of scholarly and critical lenses, including the intertextual history of medieval women's literary culture, medical humanities, history of science, digital humanities, literary criticism, oral history, the global Middle Ages, archival research and creative re-imagining. Revealing several new discoveries about Margery Kempe and her Book in its global contexts, and offering multiple ways of reading the Book in the modern world, it will be an essential companion for years to come.

*Moral Encounters in Tourism* Mary Mostafanezhad,Kevin Hannam,2016-04-15 This first full length treatment of the role of morality in tourism examines how the tourism encounter is also fundamentally a moral encounter. Drawing upon interdisciplinary perspectives, leading and new authors in the field address topics that range from volunteer tourism to fertility tourism to reveal new insights into the ways tourism encounters are implicated in, and contribute to, broader moral reconfigurations in Western and non-Western contexts. Illustrating the role of power and power relations in tourism encounters within different political, economic, environmental and cultural contexts, the authors in this anthology analyse, theoretically and empirically, the implications of the privileging of some moralities at the expense of others. Key themes include the moral consumption of tourism experiences, embodiment in tourism encounters, environmental moralities as well as methodological aspects of morality in tourism research. Crossing disciplinary and chronological boundaries, Moral Encounters in Tourism provides a much-anticipated overview of this new interdisciplinary terrain and offers possible routes for new research on the intersection of morality and tourism studies.

*Challenges in Tourism Research* Tej Vir Singh,2015 In this volume leading experts from different disciplines and diverse geographic regions discuss fundamental, often controversial topics in the field of tourism studies. The debates include subjects such as the concept of the 'tourist', the long-term sustainability of tourism development, the growth of volunteer tourism and the vulnerability of tourism.

**Britain and the Narration of Travel in the Nineteenth Century** Kate Hill,2017-05-15 Interrogating the multiple ways in which travel was narrated and mediated, by and in response to, nineteenth-century British travelers, this interdisciplinary collection examines to what extent these accounts drew on and developed existing tropes of travel. The three sections take up personal and intimate narratives that were not necessarily designed for public consumption, tales intended for a popular audience, and accounts that were more clearly linked with discourses and institutions of power, such as imperial processes of conquest and governance. Some narratives focus on the things the travelers carried, such as souvenirs from the battlefields of Britain's imperial wars, while others show the complexity of Victorian dreams of the exotic. Still others offer a disapproving glimpse of Victorian mores through the eyes of indigenous peoples in contrast to the imperialist vision of British explorers. Swiss hotel registers, guest books, and guidebooks offer insights into the history of tourism, while new photographic technologies, the development of the telegraph system, and train travel transformed the visual, audial, and even the conjugal experience of travel. The contributors attend to issues of gender and ethnicity in essays on women travelers, South African travel narratives, and accounts of China during the Opium Wars, and analyze the influence of fictional travel narratives. Taken together, these essays show how these multiple narratives circulated, cross-fertilised, and reacted to one another to produce new narratives, new objects, and new modes of travel.

**Encounters Across Difference** Natalia Bloch,2021-05-07 In Encounters across Difference, Natalia Bloch examines tourism encounters in the informal sector in India and their potential to empower subaltern communities. Drawing from ethnographic evidence in Hampi and Dharamshala, Bloch explores the potential of tourism to promote political engagement, volunteering, sponsorship, local entrepreneurship, and women’s empowerment. Contrary to the frequent criticism of tourism to the Global South as a colonial practice, Bloch argues that workers and small entrepreneurs in displaced communities see tourists as allies in their political struggles and, on a more individual level, as an opportunity to build better lives.
