Supplement 1 Bryan Steele, 2010-11 Completely rewritten, the second edition of 760 Patrons brings back adventures hooks, plot lines and ideas in the classic format of providing an encounter for the players, along with up to six options for the referee as to how the adventure will progress. Got nothing prepared for the next gaming session of Traveller? Your players wandered off into deep space again, far from your planned adventure? Worry not, for 760 Patrons is here to rescue you! The original 76 Patrons became a lifeline for many Games Masters during Traveller campaigns, as it provided a ready source of adventure material that could be quickly generated when players started looking for work beyond their normal trading and exploration. The all new 760 Patrons Second Edition is literally ten times bigger and better, potentially allowing you to run a complete campaign with nothing but this and the main rulebook!

Traveller Gareth Hanrahan, 2008 This is Free Trader Beowulf, calling anyone... Mayday, Mayday... we are under attack... main drive is

gone... turret number one not responding...
Mayday...losing cabin pressure fast...calling
anyone...please help... This is Free Trader
Beowulf... Mayday... Traveller, the Science-
Fiction adventure set in the far future returns in
a new edition, updated and revised for the modern
era.

760 Patrons Bryan Steele, 2008-06 Throughout the
universe there are people who want jobs done using
'irregular' channels. Government agencies,
corporations, individuals and criminal gangs all
need to hire specialists from time to time. These
patrons are the people who provide work for groups
of travellers and mercenary formations. Inside
this sourcebook will be enough adventure seeds for
a Games Master to expand upon to keep a campaign
running for years.

The Ruined Clouds Jason Keeley, 2018 In the Dead
Suns Adventure Path, the players take on the roles
of members of the Starfinder Society, a loose
association of scholars and adventurers who travel
the galaxy uncovering the secrets of the past.
When a fragment of an ancient alien superweapon
surfaces in the depths of hyperspace, its
discovery sets off a race to find the
extraterrestrial doomsday device. Hopping from
planet to planet in both the civilized Pact Worlds
and beyond, the heroes must contend with both the
undead Corpse Fleet and the nihilistic Cult of the
Devourer, each of which seeks to acquire the alien
artifact for its own purposes. Can the heroes find
and destroy the superweapon before their enemies
seize control of it, or will the Pact Worlds' sun
go dark and cold, a harbinger of dead suns across

the galaxy?

This Gaming Life Jim Rossignol, 2008-05-29 In May 2000 I was fired from my job as a reporter on a finance newsletter because of an obsession with a video game. It was the best thing that ever happened to me." So begins this story of personal redemption through the unlikely medium of electronic games. Quake, World of Warcraft, Eve Online, and other online games not only offered author Jim Rossignol an excellent escape from the tedium of office life. They also provided him with a diverse global community and a job—as a games journalist. Part personal history, part travel narrative, part philosophical reflection on the meaning of play, *This Gaming Life* describes Rossignol's encounters in three cities: London, Seoul, and Reykjavik. From his days as a Quake genius in London's increasingly corporate gaming culture; to Korea, where gaming is a high-stakes televised national sport; to Iceland, the home of his ultimate obsession, the idiosyncratic and beguiling Eve Online, Rossignol introduces us to a vivid and largely undocumented world of gaming lives. Torn between unabashed optimism about the future of games and lingering doubts about whether they are just a waste of time, *This Gaming Life* also raises important questions about this new and vital cultural form. Should we celebrate the "serious" educational, social, and cultural value of games, as academics and journalists are beginning to do? Or do these high-minded justifications simply perpetuate the stereotype of games as a lesser form of fun? In this beautifully written, richly detailed, and inspiring book,

Rossignol brings these abstract questions to life, immersing us in a vibrant landscape of gaming experiences. "We need more writers like Jim Rossignol, writers who are intimately familiar with gaming, conversant in the latest research surrounding games, and able to write cogently and interestingly about the experience of playing as well as the deeper significance of games." –Chris Baker, *Wired* "This Gaming Life is a fascinating and eye-opening look into the real human impact of gaming culture. Traveling the globe and drawing anecdotes from many walks of life, Rossignol takes us beyond the media hype and into the lives of real people whose lives have been changed by gaming. The results may surprise you." –Raph Koster, game designer and author of *A Theory of Fun for Game Design* "Is obsessive video gaming a character flaw? In *This Gaming Life*, Jim Rossignol answers with an emphatic 'no,' and offers a passionate and engaging defense of what is too often considered a 'bad habit' or 'guilty pleasure.'" –Joshua Davis, author of *The Underdog* "This is a wonderfully literate look at gaming cultures, which you don't have to be a gamer to enjoy. The Korea section blew my mind." –John Seabrook, *New Yorker* staff writer and author of *Flash of Genius and Other True Stories of Invention* digitalculturebooks is an imprint of the University of Michigan Press and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society, culture, and scholarly communication. Ponyfinder: Campaign Setting David Silver, 2014-02-14 Adventure in the world of Everglow, nestled in delicate balance between the elemental planes. It is a world of magic and mystery, where the fey are in control and the humanoid races are secondary. Foremost of the fey are Ponykind, who rallied behind their Queen to form the greatest empire Everglow had ever seen. We've brought ponies, griffons, felines, and other strange creatures to life in a world all of their own, where they are the primary PCs. Don't want to run a game all about ponies? That's alright! Use our post-empire suggestions to add ponies to any other existing world. Many spells, archetypes, and bloodlines are also usable by non ponies or other settings. New gods New spells New class archetypes New equipment New bloodlines New races

Stargrave: Quarantine 37 Joseph A.

McCullough, 2021-09-16 When it was commissioned, Imperial Research Station 37 was home to nearly 10,000 scientists and researchers working on a vast array of biological and chemical projects. Then, six months before the outbreak of the war, Station 37 went dark. No escape pods were launched and all attempts at communication went unanswered. Only a solitary, repeating broadcast filled the silence: "This station is under quarantine – do not approach". When the war came, the station was forgotten, left to drift lifelessly in its empty system. Now, in the aftermath of the Last War, Station 37 has been rediscovered and its broadcast heard once more... Quarantine 37 is a supplement for Stargrave in which players lead their crews into an abandoned space station, hunting for lost technology, unique research, and forgotten experiments. Compete with your opponents for these valuable resources across two competitive mini-campaigns, or venture into the vast maze of corridors and laboratories alone in the first Stargrave solo campaign. Also included are six new soldier types, new backgrounds and powers, terrifying additions to the bestiary, and a new advanced technology table packed with loot to help you in your adventures in the ravaged galaxy.

Thrud The Barbarian Carl Critchlow, 2013-09-24

Thrud the Barbarian has the strength and ferocity of a Rhinoceros... the speed and agility of a jungle cat... and the intelligence of a garden snail! A hilarious, timeless parody of Conan The Barbarian and his musclebound ilk!

The Ultimate Gladiator Brian Berg, 2014-02-09 The gladiator alternate fighter class is a robust expansion upon the gladiator archetype in standard fantasy and designed for the Pathfinder Roleplaying Game. Television series such as Spartacus(TM) have vividly inspired us and we are pleased to present 'The Ultimate Gladiator.' Total Party Kill Games' Ultimate Gladiator is an excellent adaptation, blending the exceptional Pathfinder system to a fantastic concept. We've utilized the Talented class framework to create a gladiator that is incredibly flexible and has the abilities to back up the strength of the concept. Our gladiator is not only a killer in the arena, but a viable character when allowed to adventure, providing valuable inspiration to his allies as he performs his feats of bravado and dash. While powerful, the gladiator is mostly limited in scope to melee combat and not well armored, preferring light armor and great mobility over heavier

armors. This grants him great reflexes and their incessant combat practice allows them to take wounds that would cripple a normal hero and still keep on fighting. Within are multitudes of talents, feats, combat styles, traits, and even archetypes. Play the role of an insightful Andabata (Blind Helm Fighter), a ferocious Bestiarus (Beast Master), an acrobatic Blade Dancer, the charismatic Champion, the reviled Criminal, the massive Gigante (Giant), the alluring Gladiatrix, the unstoppable Immortal, the unflinching Ironbound, the wealthy Noble Gladiator, the deadly ranged Sagittarius, the rage-filled Barbaric Slave gladiator, and the fearsome Venator (Beast Slayer). Use 'The Ultimate Gladiator' to bring an exciting new warrior class into your Pathfinder games. Build a gladiator campaign around the multitudes of different gladiators you can build with this sourcebook. Or play a free gladiator that inspires his adventuring allies with his panache and bravado in your existing campaign. You will be entertained...
