Conservation of Pacific Sea Turtles Peter H. Dutton,Dale Squires,Mahfuzuddin Ahmed,2011-07-31 Across the Pacific, populations of some species of sea turtles face extinction unless recent dramatic declines are reversed. The continuing decline of leatherbacks and loggerheads in particular illustrates the limitations of the current gradual and unilateral approach to conservation. Recovery requires instead a holistic solution that addresses all sources of mortality throughout the entire life history and habitat use of these transnational populations. Historically conservation efforts have focused on nesting sites to protect eggs and breeding females; mortality from coastal and highseas fisheries was not addressed. In the past five years, these recovery efforts have widened to include rigorously curtailing fishing and technological fixes that lower rates of incidental sea turtle deaths during fishing. Although each of these approaches shows promise, it has become increasingly clear that they alone will not recover severely depleted populations. Recognizing the urgency of the problem, this book presents ideas and case studies by conservation biologists, economists, marine life policy experts, fishing industry and fisheries professionals, management specialists, and development assistance researchers. It provides a new synthesis and blueprint for action that shifts the paradigm from piecemeal and unilateral conservation to a more holistic and multilateral approach to the recovery of Pacific sea turtle populations.

Box Turtle Herds James Shannon Abney,2012-08-10 Fairies and elves have been a part of folk lore for as long as stories have been told. Some of the great mysteries in life growing up can never be fully explained with any certainty. The answers to questions many children growing up have about Santa Claus and who he is, rests with with these mythical creatures. The Santa Claus Chronicles are stories about Santa that only the elves know. They explain who he is, what he does and why. The Box Turtle Herds is the 2nd of 26 stories told to a young boy by an elf he happens across in the woods. You will discover that Santa was one of the three wise men told of in the Bible. That he delivered the very first Christmas present over 2,000 years ago to the child that it is named after. Santa does not do his life's work alone. His wife Martha and the industrious little elves that help him, know that the hope of the world lies with all the children of the world.
