A maverick who took an unlikely path to coaching through law school, Mike Leach talks about his unorthodox approach to coaching and the choices that have brought him success throughout his career. A lover of the game who started creating formations and drawing his own plays as a kid, Leach took his Texas Tech Red Raiders to numerous bowl games, achieving the #2 slot in national rankings and being voted 2008 Coach of the Year before being unceremoniously fired at the end of the 2009 season. The scandalous nature of his dismissal created a media frenzy and began a personal battle between Leach and his accusers that remains unresolved.

Understanding Broadcast Journalism Stephen Jukes, Katy McDonald, Guy Starkey, 2017-11-21 **Understanding Broadcast Journalism** presents an insightful exploration of broadcast journalism today; its characteristics, motivations, methods and paradigms. The authors balance discussions of industry practice with critical examinations of content, across television, radio and associated multiplatform journalism. They highlight key issues including ownership and shifting regulatory environments, the revolutionary role of user-generated-content and digital convergence, and coverage of global issues by rolling news services. Chapters include: • a brief history of broadcasting; • an overview of recent commercial challenges in the news industry and the impact on television news; • current trends in the running of local radio stations, with particular focus on the rise of 'hubbing'; • the ethics of broadcast journalism; • the significance of international broadcasters including the BBC, CNN and Al-Jazeera. The book identifies how the dissemination of broadcast journalism is evolving, whilst also arguing for the continued resilience of this industry now and in the future, making the case that journalistic storytelling remains at its most effective in broadcast environments. Professional journalists and students of media studies and journalism will find this a timely and thought-provoking intervention, which will help to inform their professional practice and research.

Headslap John Klawitter, Deacon Jones, 2010-03-05 This book's going to raise a howl, promises Deacon Jones. You wait and see! From a small rural town in Florida to the NFL Hall of Fame, this is the story of Deacon's rise to the top of the heap in the National Football League. Headslap refers to the lightning move popularized by Jones in the early days of the game, when a player could rattle the cage (or at least the helmet) of a blocker by belting him alongside the head. And Deacon did this better than anyone in the game. They weren't jabs; they were full left hooks and right crosses. So devastating was this move that the League outlawed it. Headslap has a deeper meaning as well: it's the jarring feeling you get when you realize that things aren't always what they might seem to be. Deacon Jones doesn't mind being accused of living in the past. 'I love looking back,' says Jones, a Hall of Fame defensive end who probably was the most feared of the Los Angeles Rams' 'Fearsome Foursome' defensive frontline of the 1960s. . . . No question, his is a colorful past. Among other things, Jones is credited with inventing the name 'quarterback sack' and with perfecting the now-outlawed head slap that he employed to knock so many offensive linemen silly. Is the book controversial? 'Hey, it's the Deacon,' he says. 'It might knock a few people on their ears.' USA Today. . . outstanding sports book . . . takes [Deacon] Jones through his reminiscences of the dangerous existence of a young black man in the Deep South of the 1950s; the obstacles put in the way of black players by owners who viewed all their team members as chattel, but especially blacks; inept coaches, many selected by owners because they were pliable, if not obsequious, who had little idea of how to encourage maximum performance from athletes. . . interesting revelations throughout. Publishers Weekly. . . high-tension drama that is especially intense because it is not fiction. Everybody should read this book. Orlando Sentinel This is an action packed 4-star sports book. The Bookworm

An Unfamiliar America Ari Helo, Mikko Saikku, 2020-11-12 This collection focuses on conceptions of the unfamiliar from the viewpoint of mainstream American history: aliens, immigrants, ethnic groups, and previously unencountered ideas and ideologies in Trumpian America. The book suggests bringing historical thinking back to the center of American Studies, given that it has been recently challenged by the influential memory studies boom. As much as identity-building appears to be the central concern for much of the current practice in American history writing, it is worth keeping in mind that historical truth may not always directly contribute to one's identity-building. The researcher's constant quest for truth does not equate to already possessing it. History changes all the time, because it consists of our constant reinterpretation of the past. It is only the past that does not change. This collection aims at keeping these two apart, while scrutinizing a variety of contested topics in American history, from xenophobic attitudes toward eighteenth-century university professors, Apache masculinity, Ku Klux Klan, Tom Waits's lyrics, and the politics of the Trump era.

Tasting Freedom Daniel R. Biddle, Murray Dubin, 2010-08-13 Octavius Valentine Catto was an orator who shared stages with Frederick Douglass, a second baseman on Philadelphia's best black baseball team, a teacher at the city's finest black school and an activist who fought in the state capital and on the streets for equal rights. With his racially-charged murder, the nation lost a civil rights pioneer—one who risked his life a century before Selma and Birmingham. In Tasting Freedom Murray Dubin and Pulitzer Prize winner Dan Biddle painstakingly chronicle the life of this charismatic black leader—a “free” black whose freedom was in name only. Born in the American south, where slavery permeated everyday life, he moved north where he joined the fight to be truly free—free to vote, go to school, ride on streetcars, play baseball and even participate in July 4th

celebrations. Catto electrified a biracial audience in 1864 when he proclaimed, “There must come a change,” calling on free men and women to act and educate the newly freed slaves. With a group of other African Americans who called themselves a “band of brothers,” they challenged one injustice after another. Tasting Freedom presents the little-known stories of Catto and the men and women who struggled to change America.

Without Mercy Jefferson Bass, 2016-10-04 In the most suspenseful installment of the New York Times bestselling Body Farm series to date, forensic anthropologist Dr. Bill Brockton investigates a bizarre murder—and confronts a deadly enemy he thought he’d put behind bars for good. Forensic anthropologist Bill Brockton has spent twenty-five years solving brutal murders—but none so bizarre and merciless as his latest case: A ravaged set of skeletal remains is found chained to a tree on a remote mountainside. As Brockton and his assistant Miranda dig deeper, they uncover warning signs of a deadly eruption of hatred and violence. But the shocking case is only the beginning of Brockton’s trials. Mid-case, the unthinkable happens: The deadliest criminal Brockton has ever foiled—the sadistic serial killer Nick Satterfield—escapes from prison, bent on vengeance. But simply killing Brockton isn’t enough. Satterfield wants to make him suffer first, by destroying everything he holds dear: Brockton’s son, daughter-in-law, grandsons; even Miranda, his longtime graduate assistant, now on the verge of completing her Ph.D. and launching a forensic career of her own. The dangers from all directions force Brockton to question two things on which he’s based his entire career—the justice system, and the quality of mercy—and to wonder: can the two co-exist? If not, which will Brockton choose in his ultimate moment of truth?
