He had not long been married to Miss Youghal, but he scented in the telegram a chance of return to the old detective work that his soul lusted after, and next time he came in and heard our story. He finished his pipe and said oracularly, 'We must get at the evidence. Oorya bearer, Mussulman khit and sweeper ayah, I suppose, are the pillars of the charge. I am on in this piece; but I'm afraid I'm getting rusty in my talk...FROM THE BOOKS.

Victorian Short Stories ,2015 It seems unlikely that there could be any subject to have preoccupied writers throughout the ages more than the pursuit of love. This may have reached an all time high in the Victorian era when a new age of romanticism captured hearts and minds. However, whilst love might have been the ultimate quest there were numerous practical formalities that preceded it and after the immensely complicated and ritualised courtship, a good match was of paramount importance for both men and women. Women were on average in their early twenties when they married and by the age of 30 were ill considered as a good match and were very much 'on the shelf'. Once married, a man had total ownership and control over all physical property and income that belonged to his wife. She not only lost the little independence that had previously been afforded her but was now the domestic servant of her husband, responsible in ensuring that every aspect of the house from food to kids ran smoothly and caused no trouble to her husband. Divorce was only available to the extremely wealthy until 1857 so for a woman the man she married determined her life whilst the married man always had options. This series of short stories wonderfully captures the Victorian world of matrimony with gems from Rudyard Kipling, Arthur Conan Doyle and many more.

Victorian Short Stories of Troubled Marriages The Bronckhorst Divorce-Case Rudyard Kipling, Ella D'Arcy, Arthur Morrison, Arthur Conan Doyle,2021-01-18 Bronckhorst was not nice in any way. He had no respect for the pretty public and private lies that make life a little less nasty than it is. His manner towards his wife was coarse. There are many things—including actual assault with the clenched fist—that a wife will endure; but seldom a wife can bear—as Mrs. Bronckhorst bore—with a long course of brutal, hard chaff, making light of her weaknesses, her headaches, her small fits of gaiety, her dresses, her queer little attempts to make herself attractive to her husband when she knows that she is not what she has been, and—worst of all—the love that she spends on her children. That particular sort of heavy-handed jest was specially dear to Bronckhorst. I suppose that he had first slipped into it, meaning no harm, in the honeymoon, when folk find their ordinary stock of endearments run short, and so go to the other extreme to express their feelings. A similar impulse makes a man say, 'Hutt, you old beast!' when a favourite horse nuzzles his coat-front. Unluckily, when the reaction of marriage sets in, the form of speech remains, and, the tenderness having died out, hurts the wife more than she cares to say. But Mrs. Bronckhorst was devoted to her 'Teddy' as she called him.

Perhaps that was why he objected to her. Perhaps—this is only a theory to account for his infamous behaviour later on—he gave way to the queer, savage feeling that sometimes takes by the throat a husband twenty years married, when he sees, across the table, the same, same face of his wedded wife, and knows that, as he has sat facing it, so must he continue to sit until the day of its death or his own. Most men and all women know the spasm. It only lasts for three breaths as a rule, must be a 'throw-back' to times when men and women were rather worse than they are now, and is too unpleasant to be discussed.
