The Backyard Adventurer Beau Miles, 2021-05-05 After years of adventuring around the globe – running, kayaking, hitchhiking, exploring – Beau Miles came back to his block in country Victoria. Staying put for the first time in years, Beau developed a new kind of lifestyle as the Backyard Adventurer. Whether it was walking 90km to work with no provisions, building a canoe paddle out of scavenged scrap or running a disused railway line through properties, blackberry thickets and past inquiring police officers, Beau has been finding ways to satisfy his adventurous spirit close to home. This book is about conscious experimentation with adventure, making meaning and inspiration out of tins of beans, bits of rubbish and elbow grease. Beau's Backyard exploits are funny, authentic, insightful and being copied all over the world by everyday people. YouTuber, new dad, and self-described oddball who needs to shower more, Beau is what happens when you cross Bear Grylls with Bush Tucker Man. With a PhD in Outdoor Education, a string of successful short films under his belt and a boundless passion for discovery, Beau is the real deal.

Control Freak Cliff Bleszinski, 2022-11-01 The designer of Unreal and Gears of War offers an eye-opening personal account of the video game industry as it grew from niche hobby to hundred-billion-dollar enterprise. Video games are dominating the planet. In 2020, they brought in \$180 billion dollars globally—nearly \$34 billion in the United States alone. So who are the brilliant designers who create these stunning virtual worlds? Cliff Bleszinski—or CliffyB as he is known to gamers—is one of the few who’ve reached mythical, rock star status. In *Control Freak*, he gives an unvarnished, all-access tour of the business. Toiling away in his bedroom, Bleszinski created and shipped his first game before graduating high school, and at just seventeen joined a fledgling company called Epic Games. He describes the grueling hours, obscene amounts of Mountain Dew and obsessive focus necessary to achieve his singular creative visions. He details Epic’s rise to industry leader, thanks largely to his work on bestselling franchises Unreal and Gears of War (and, later, his input on a little game called Fortnite), as well as his own awkward ascent from shy, acne-riddled introvert to sports car-driving celebrity rubbing shoulders with Bill Gates. As he writes, “No one is weirder than a nerd with money.” While the book is laced with such self-deprecating humor, Bleszinski also bluntly addresses the challenges that have long-faced the gaming community, including sexism and a lack of representation among both designers and the characters they create. *Control Freak* is a hilarious, thoughtful, and inspiring memoir. Even if you don’t play games, you’ll walk away from this book recognizing them as a true art form and appreciating the genius of their creators.
