Vienna Nicholas Parsons,2008-12-09 From border garrison of the Roman Empire to magnificent Baroque seat of the Hapsburgs, Vienna's fortunes swung between survival and expansion. By the

late nineteenth century it had become the western capital of the sprawling Austro-Hungarian Monarchy, but the twentieth century saw it degraded to a 'hydrocephalus' cut off from its former economic hinterland. After the inglorious Nazi interlude, Vienna began the long climb back to the prosperous and cultivated city of 1.7 million inhabitants that it is today. Subjected to constant infusions of new, Vienna has both assimilated and resisted cultural influences from outside, creating its own sui generis culture.

Vienna's Dreams of Europe Katherine Arens, 2015-10-22

Vienna's Dreams of Europe puts forward a convincing counter-narrative to the prevailing story of Austria's place in Europe since the Enlightenment. For a millennium, Austrian writers have used images of Europe and its hegemonic culture as their political and cultural reference points. Yet in discussions of Europe's nation-states, Austria appears only as an afterthought, no matter that its precursor states-the Holy Roman Empire, the Austrian Empire, and Austria Hungary-represented a globalized European cultural space outside the dominant paradigm of nationalist colonialism. Austrian writers today confront reunited Europe in full acknowledgment of Austro-Hungary's multicultural heritage, which mixes various nationalities, ethnicities, and cultural forms, including ancestors from the Balkans and beyond. Challenging standard accounts of 18th- through 20th-century European imperial identity construction, Vienna's Dreams of Europe introduces a group of Austrian public intellectuals and authors who have since the 18th century construed their own public as European. Working in different terms than today's theorist-critics of the hegemonic West, Katherine Arens posits a political identity resisting two hundred years of European nationalism.

Frommer's Vienna Day by Day Maggie Childs,2016-11-29

Vienna, Austria is so rich with cultural treasures, so replete with sights and wonders, that visitors are often bewildered by the task of planning a visit. Which of nearly 100 museums to visit? Which of countless theatres and concert halls? With an endless number of celebrated restaurants, cafes, lively taverns, bakeries serving famous pastries, which should one choose? Which classic walks should one take, which suburban palaces and gardens to visit, which of sixteen large and famous parksto stroll? Frommer's Vienna day by day guidebook solves these conundrums. Its author, Margaret Childs, has lived in Vienna for 18 years. The author of a complete guide to Austria, and of various online guides to Vienna and Salzburg, she has also written for numerous travel magazines, and her knowledge of Austria's capital is awesome. This portable, tautly-written guidebook contains: - Itineraries that explore the best of Vienna in one, two, or three days plus thematic tours for to romantics, art fans, architectural enthusiasts, families, film buffs

and music lovers. - Walking tours of the city's best-loved neighborhoods like the Stephansdom District, The Belvedere, Schottenring. - Hundreds of evocative photos - Bulleted maps that show you how to get from place to place and a handy fold-out map that comes in a reclosable, attached plastic waller - Opinionated reviews of hotels, restaurants, shopping, and nightlife for all budgets - Exact pricing so there's never any guessing.

A Nervous Splendor Frederic Morton, 1980-10-30 A National Book Award Finalist A riveting (New York Times) look at one year of Viennese life during the twilight of an empire On January 30, 1889, at the champagne-splashed hight of the Viennese Carnival, the handsome and charming Crown Prince Rudolf fired a revolver at his teenaged mistress and then himself. The two shots that rang out at Mayerling in the Vienna Woods echo still. Frederic Morton, author of the bestselling Rothschilds, deftly tells the haunting story of the Prince and his city, where, in the span of only ten months, the Western dream started to go wrong. In Rudolf's Vienna moved other young men with striking intellectual and artistic talents—and all as frustrated as the Prince. Among them were: young Sigmund Freud, Gustav Mahler, Theodor Herzl, Gustav Klimt, and the playwright Arthur Schnitzler, whose *La Ronde* was the great erotic drama of the fin de siecle. Morton studies these and other gifted young men, interweaving their fates with that of the doomed Prince and the entire city through to the eve of Easter, just after Rudolf's body is lowered into its permanent sarcophagus and a son named Adolf Hitler is born to Frau Klara Hitler.

Interwar Vienna Deborah Holmes, Lisa Silverman, 2009 Although beset by social, political, and economic instabilities, interwar Vienna was an exhilarating place, with pioneering developments in the arts and innovations in the social sphere. Research on the period long saw the city as a mere shadow of its former imperial self; more recently it has concentrated on high-profile individual figures or party politics. This volume of new essays widens the view, stretching disciplinary boundaries to

consider the cultural and social movements that shaped the city. The collapse of the Austro-Hungarian Empire resulted not in an abandonment of the arts, but rather led to new forms of expression that were nevertheless conditioned by the legacies of earlier periods. The city's culture was caught between extremes, from neopositivism to cultural pessimism, Catholic mysticism to Austro-Marxism, late Enlightenment liberalism to rabid antisemitism. Concentrating on the paradoxes and often productive tensions that these created, the volume's twelve essays explore achievements and anxieties in fields ranging from modern dance, theater, music, film, and literature to economic, cultural, and racial policy. The volume will appeal to social, cultural, and political historians as well as to specialists in modern European literary and visual culture. Contributors: Andrea Amort, Andrew Barker, Alys X. George, Deborah Holmes, Jon Hughes, Birgit Lang, Wolfgang Maderthaner, Therese Muxeneder, Birgit Peter, Lisa Silverman, Edward Timms, Robert Vilain, John Warren, Paul Weindling. Deborah Holmes is Researcher at the Ludwig Boltzmann Institute for the History and Theory of Biography in Vienna. Lisa Silverman is Assistant Professor of History and Jewish Studies at the University of Wisconsin-Milwaukee.

Exploring Austria Adrea Mach, 2011-03 The book presents Austria as a contemporary Shangri-la for all seasons in the midst of an economically challenged, war-torn world. Starting with its historical background of imperial legacy and developed over the past six centuries, readers are then taken on an exploratory tour of modern-day Austria where they experience Vienna and its environs, as well as exploring Austria farther afield and including must-see Austrian sights. Then the book's premise is illustrated through twelve vignettes-personalized, off-the-beaten-track experiences-each of which captures unique features of Austria's nine provinces (including Vienna) during all four seasons of the year-contrasting places, times and individual adventures. A complementary concept profiles experiences of different kinds-

sports, culture, customs and traditions, along with Austrian culinary and wine specialties.

Austria Johann Georg Kohl, 2014-07-03 The following pages consist of a portion of Mr. Kohl's admirable work on Austria. This reprint of the originally 1844 published book is a description of a historical journey through the different regions of Austria. Some of the spirit you will still find today in this beautiful country with the alps.

Palais Harrach (Vienna, Austria) Palais Harrach (Vienna, Austria),

Detours Violetta L. Waibel, 2015-09-16 Detours explores the reception of Kant's works in Vienna, Austria and Eastern Europe from a historical point of view and focuses on six topics: Kant and Censorship, Kant and Karl Leonhard Reinhold, who was the first Kantian born in Vienna and became a precursor for German and Austrian Kant reception in Jena, Kant and Eastern Europe, Kant and

his Poets, Kant and Phenomenology and Kant and the Vienna Circle. In this way, the ambivalent perception of Kant in Austria becomes clearer: On the one hand Kant was censored and criticized harshly but on the other hand Kant's philosophy was studied actively in the underground.

The Jews of Nazi Vienna, 1938-1945 Ilana Fritz

Offenberger, 2017-05-11 This book examines Jewish life in Vienna just after the Nazi-takeover in 1938. Who were Vienna's Jews, how did they react and respond to Nazism, and why? Drawing upon the voices of the individuals and families who lived during this time, together with new archival documentation, Ilana Offenberger reconstructs the daily lives of Vienna's Jews from Anschluss in March 1938 through the entire Nazi occupation and the eventual dissolution of the Jewish community of Vienna. Offenberger explains how and why over two-thirds of the Jewish community emigrated from the country, while one-third remained trapped. A vivid picture emerges of the co-dependent relationship this community developed with their German masters, and the false

hope they maintained until the bitter end. The Germans murdered close to one third of Vienna's Jewish population in the "final solution" and their family members who escaped the Reich before 1941 chose never to return; they remained dispersed across the world. This is not a triumphant history. Although the overwhelming majority survived the Holocaust, the Jewish community that once existed was destroyed.

Fin-de-siècle Vienna Carl E. Schorske, 1980 Seven interlinked essays on Habsburg Vienna in the late nineteenth and early twentieth centuries focus on the intersection of politics and culture and the achievements of the city's geniuses.
