Leng, Ho Keat

Walker: Beijing 2008 James London,2014-06-25 It's the 2008 Beijing Olympics, and Walker makes a comeback after his three-and-a half years as a recluse following his marathon victory in Athens, 2004. With some incredible track and field performances, he proves that dedication, diet and extreme physical fitness can beat the cheats who resort to performance-enhancing drugs. But will the timely release of Walker's book, which contains his lifetime's work on controlling the ageing process and prolonging human life, bring disbelief and ridicule when it is revealed that Walker is actually 200 years old?

Walker: London 2012 James London, 2014-06-25 Leading the UK track and field team to gold medal winning glory at the Athens Olympics in 2004 and again at Beijing in 2008 was enough for British Athletics to turn again to Walker and persuade him - the UK's greatest ever track and field athlete - out of retirement to save the nation from ignominy and disgrace after the greatest ever disaster in the build-up to any modern Olympics; a disaster that could destroy a nation. Forsaking his scientific research into the subject of longevity at the University of Buenos Aires in Argentina, and with the help of his mentor and Olympics athletics coach Cassius, Walker returns to the venue for the 30th Olympiad in London in time to compete against the greatest Decathletes in the world. His return to athletics awakens and inspires the nation. Is their support enough? This is the story of Walker's single-handed attempt to restore Britain's pride in itself and its reputation as a great sporting nation.

Breaking Free Herschel Walker, 2009-01-13 Presents the life of the Heisman trophy winner, discussing his impoverished childhood, his development as a teenage athlete, his college and NFL professional career, his success as a businessman, and his diagnosis and treatment for dissociative identity disorder.

The Captain Class Sam Walker, 2018-05-01 A bold new theory of leadership drawn from elite captains throughout sports—named one of the best business books of the year by CNBC, The New York Times, Forbes, strategy+business, The Globe and Mail, and Sports Illustrated “The book taught me that there’s no cookie-cutter way to lead. Leading is not just what Hollywood tells you. It’s not the big pregame speech. It’s how you carry yourself every day, how you treat the people around you, who you are as a person.”—Mitchell Trubisky, quarterback, Chicago Bears Now featuring analysis of the five-time Super Bowl champion New England Patriots and their captain, Tom Brady The seventeen most dominant teams in sports history had one thing in common: Each employed the same type of captain—a singular leader with an unconventional set of skills and tendencies. Drawing on original interviews with athletes, general managers, coaches, and team-building experts, Sam Walker identifies the seven core qualities of the Captain Class—from extreme doggedness and emotional control to tactical aggression and the courage to stand apart. Told through riveting accounts of pressure-soaked moments in sports history, *The Captain Class* will challenge your assumptions of what inspired leadership looks like. Praise for *The Captain Class* “Wildly

entertaining and thought-provoking . . . makes you reexamine long-held beliefs about leadership and the glue that binds winning teams together.”—Theo Epstein, president of baseball operations, Chicago Cubs “If you care about leadership, talent development, or the art of competition, you need to read this immediately.”—Daniel Coyle, author of *The Culture Code* “The insights in this book are tremendous.”—Bob Myers, general manager, Golden State Warriors “An awesome book . . . I find myself relating a lot to its portrayal of the out-of-the-norm leader.”—Carli Lloyd, co-captain, U.S. Soccer Women’s National Team “A great read . . . Sam Walker used data and a systems approach to reach some original and unconventional conclusions about the kinds of leaders that foster enduring success. Most business and leadership books lapse into clichés. This one is fresh.”—Jeff Immelt, chairman and former CEO, General Electric “I can’t tell you how much I loved *The Captain Class*. It identifies something many people who’ve been around successful teams have felt but were never able to articulate. It has deeply affected my thoughts around how we build our culture.”—Derek Falvey, chief baseball officer, Minnesota Twins

LIGHTNING FAST! Floyd Graham, 2009-10-22 In the 2008 Beijing Olympics, one country’s speed dominated the Games. The

tropical vibrancy of Jamaican track athletes, with their scintillating performances, undoubtedly left a mark not only on the competing countries but also on the millions who witnessed this event. Author Floyd Graham, in his new book entitled LIGHTNING FAST! JAMAICA'S STARS AT THE BEIJING OLYMPICS, features these superb athletes who captivated the world with their astounding speed.

Encoding the Olympics Luo Qing, Giuseppe Richeri, 2013-09-13

Encoding the Olympics assembles a uniquely representative international team of media experts to provide a comprehensive review of the global impact of media and cultural communications associated with the Beijing 2008 Olympics. Commissioned by the IOC, this pioneering comparative study – the largest in Olympic Games research – provides a ground-breaking, panoramic, cross-cultural perspective on media responses to the leading sports event of the modern world. The representative team that undertook the study includes media commentators and political analysts, sport and media journalists, Sinologists and observers of the Asian Pacific Rim, academics in Olympic Studies and media and communication studies, scholars of the cultural and sociology studies of sport and festival and events managers. Encoding the

Olympics provides a unique, encyclopaedic study that will serve as a versatile resource at several levels – as a textbook or source reference for academic institutions, media public relations agencies that facilitate the work of inter-cultural exchange organisations, and international communication departments of multinational enterprises and international NGOs. This volume analyses global media responses to a mega-sport event on a scale never before attempted. This book was previously published as a special issue of the International Journal of the History of Sport.

Spectacle Culture and American Identity 1815–1940 S.

Tenneriello, 2013-12-18 Scenic spectacles collapse the borders of graphic and visual arts, multimedia technology, spectatorship and architecture. Drawing upon various systems of commercial, institutional and public spectacle that intersect with scenic stages of the national landscape, Tenneriello examines how spectacle is entrenched in the formation of national identity.

Anthropology of Ascendant China Mayfair Yang, 2024-05-06

This volume represents the latest research in cultural anthropology on an ascendant and globalizing China, covering the many different dimensions of China's ascendancy both within China itself and beyond. It focuses not only on the real and perceived successes of

China in the past four decades, but also on the difficulties, tensions, and dangers that have emerged as a result of rapid economic development: class polarization, state expansion, psychological distress, and environmental degradation. Including contributions by some of the most well-known cultural anthropologists of China, as well as rising innovative younger scholars, this book documents and analyzes China's multifaceted transformations in the modern era—both within Chinese society and in Chinese relations with the outside world. It features the unique perspective of anthropology, with its on-the-ground deep cultural immersion through long-term fieldwork, coupled with a macrolevel global perspective, a strong historical perspective, and theoretically engaged analyses to present a balanced account of China's ascendancy. *Anthropology of Ascendant China: Histories, Attainments, and Tribulations* is suitable for students and scholars in Anthropology, Sociology, History, Political Science, and East Asian Studies, as well as those working on contemporary Chinese society and culture more broadly.

The Last Days of Old Beijing Michael Meyer, 2010-07-23

Journalist Michael Meyer has spent his adult life in China, first in a small village as a Peace Corps volunteer, the last decade in

Beijing--where he has witnessed the extraordinary transformation the country has experienced in that time. For the past two years he has been completely immersed in the ancient city, living on one of its famed hutong in a century-old courtyard home he shares with several families, teaching English at a local elementary school--while all around him progress closes in as the neighborhood is methodically destroyed to make way for high-rise buildings, shopping malls, and other symbols of modern, urban life. The city, he shows, has been demolished many times before; however, he writes, the epitaph for Beijing will read: born 1280, died 2008...what emperors, warlords, Japanese invaders, and Communist planners couldn't eradicate, the market economy can. *The Last Days of Old Beijing* tells the story of this historic city from the inside out--through the eyes of those whose lives are in the balance: the Widow who takes care of Meyer; his students and fellow teachers, the first-ever description of what goes on in a Chinese public school; the local historian who rallies against the government. The tension of preservation vs. modernization--the question of what, in an ancient civilization, counts as heritage, and what happens when a billion people want to live the way Americans do--suffuse Meyer's story.

Routledge Handbook of Sport and Corporate Social

Responsibility Juan Luis Paramio Salcines, Kathy Babiak, Geoff Walters, 2013-07-18 As the role of sport in society becomes ever more prominent and as sports organisations become increasingly influential members of the global community, so it has become more important than ever for sport to consider its wider social responsibilities. The Routledge Handbook of Sport and Corporate Social Responsibility is the first book to offer a comprehensive survey of theories and concepts of CSR as applied to sport, and the social, ethical and environmental aspects of sport business and management. It offers an overview of perspectives and approaches to CSR in sport, examines the unique features of the sport industry in relation to CSR, explores the tools, models, common pitfalls and examples of best practice on which managers can draw, and discusses how CSR and corporate citizenship can be integrated into the sport management curriculum. The book covers every key issue and functional area, including implementation, strategic benefits, communication and corporate image, stakeholder engagement, and the measurement and evaluation of CSR policies and practices, and includes detailed international case studies, from the NBA and the Olympic Games to Japanese soccer. The Routledge Handbook of Sport and Corporate Social Responsibility

is important reading for any student, researcher, manager or policy maker with an interest in sport business, management, ethics or development.

Luxury Brands in China and India Glyn Atwal,Douglas

Bryson,2017-06-27 This book provides an analysis of the luxury industry in two of the world's biggest and evolving markets, and identifies and discusses the key issues and dynamics in transforming their luxury landscapes. By discussing the elements that are most likely to dominate boardroom agendas, the pragmatic implications for both strategic and marketing planning are made clear. Special emphasis is placed upon well-contemplated responses to luxury brand marketing challenges that executives are likely to face as they push their brands to adapt and thrive in these shifting markets.

Issues in Comparative Politics CQ Researcher,2011-10-07

Comparative politics students will benefit from CQ Researcher's award-winning, non-partisan reporting that looks at today's most important problems, ranging from democratization and regime change to policies on immigration, welfare, and religion. Each essay identifies key players, explores what's at stake, and shows how past and current developments impact the future.

The End of the Asian Century Michael R. Auslin, 2017-01-10

An urgently needed risk map of the many dangers that could derail Asia's growth and stability Since Marco Polo, the West has waited for the Asian Century. Today, the world believes that Century has arrived. Yet from China's slumping economy to war clouds over the South China Sea and from environmental devastation to demographic crisis, Asia's future is increasingly uncertain. Historian and geopolitical expert Michael Auslin argues that far from being a cohesive powerhouse, Asia is a fractured region threatened by stagnation and instability. Here, he provides a comprehensive account of the economic, military, political, and demographic risks that bedevil half of our world, arguing that Asia, working with the United States, has a unique opportunity to avert catastrophe but only if it acts boldly. Bringing together firsthand observations and decades of research, Auslin's provocative reassessment of Asia's future will be a must-read for industry and investors, as well as politicians and scholars, for years to come.

Afterlives of Chinese Communism Christian Sorace, Ivan Franceschini, Nicholas Loubere, 2019-06-25 Afterlives of Chinese Communism comprises essays from over fifty world-renowned scholars in the China field, from various disciplines and continents.

It provides an indispensable guide for understanding how the Mao era continues to shape Chinese politics today. Each chapter discusses a concept or practice from the Mao period, what it attempted to do, and what has become of it since. The authors respond to the legacy of Maoism from numerous perspectives to consider what lessons Chinese communism can offer today, and whether there is a future for the egalitarian politics that it once promised.

Building Globalization Xuefei Ren, 2011-05 From the years 2004 to 2008, Beijing and Shanghai witnessed the construction of an extraordinary number of new buildings, many of which were designed by architectural firms overseas. Combining ethnographic fieldwork, historical research, and network analysis, *Building Globalization* closely scrutinizes the growing phenomenon of transnational architecture and its profound effect on the development of urban space. Roaming from construction sites in Shanghai to architects' offices in Paris, Xuefei Ren interviews hundreds of architects, developers, politicians, residents, and activists to explore this issue. She finds that in the rapidly transforming cities of modern China, iconic designs from prestigious international architects help private developers to

distinguish their projects, government officials to advance their careers, and the Chinese state to announce the arrival of modern China on the world stage. China leads the way in the globalization of architecture, a process whose ramifications can be felt from Beijing to Dubai to Basel. Connecting the dots between real estate speculation, megaproject construction, residential displacement, historical preservation, housing rights, and urban activism, Building Globalization reveals the contradictions and consequences of this new, global urban frontier.

The Corpse Walker Liao Yiwu, 2009-05-05 The Corpse Walker introduces us to regular men and women at the bottom of Chinese society, most of whom have been battered by life but have managed to retain their dignity: a professional mourner, a human trafficker, a public toilet manager, a leper, a grave robber, and a Falung Gong practitioner, among others. By asking challenging questions with respect and empathy, Liao Yiwu managed to get his subjects to talk openly and sometimes hilariously about their lives, desires, and vulnerabilities, creating a book that is an instance par excellence of what was once upon a time called “The New Journalism.” The Corpse Walker reveals a fascinating aspect of modern China, describing the lives of normal Chinese citizens in

ways that constantly provoke and surprise.

Automatic Control and Mechatronic Engineering II Hiroataka Tanabe, 2013-09-03 Collection of selected, peer reviewed papers from the 2nd International Conference on Automatic Control and Mechatronic Engineering (ICACME 2013), June 21-22, 2013, Bangkok, Thailand. Sport in Aotearoa New Zealand Damion Sturm, Roslyn Kerr, 2021-12-28 This fascinating book investigates the sporting traditions, successes, systems, terrains and contemporary issues that underpin sport in New Zealand, also known by its Māori name

of Aotearoa. The book unpacks some of the clichés around the place, prominence and impact of sport and recreation in Aotearoa New Zealand in order to better understand the country's sporting history, cultures, institutions and systems, as well as the relationship between sport and different sections of society in the country. Exploring traditional sports such as rugby and cricket, indigenous Māori sport, outdoor recreation and contemporary lifestyle and adventure sports such as marching and parkour, the book examines the contested and conflicting societal, geographical and managerial issues facing contemporary Aotearoa New Zealand sport. Essential reading for anybody with a particular interest in sport in Aotearoa New Zealand, this book is also illuminating reading for anybody working in the sociology of sport, sport development, sport management, sport history or the wider history, politics and culture of Aotearoa New Zealand or the South Pacific.

Emerging Trends and Innovation in Sports Marketing and Management in Asia Leng, Ho Keat, 2015-01-31 Once only associated with North America and Europe, formal athletic events are now becoming more prevalent in Asia as well. Trends and Innovation in Sports Marketing and Management in Asia brings together research and case studies to evaluate and discuss the effectiveness of current methodologies and theories in an effort to improve promotional activities and the organization of all aspects of the sports industry. This publication is an essential reference source for academicians, researchers, industry practitioners, and upper-level students interested in the theories and practices of sports marketing and management with a special focus on Asia.

Walker Beijing 2008: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. Walker Beijing 2008 : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Walker Beijing 2008 : Taylor

Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The

other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
