Although much has been written about the impact of international travel, this book explores ways educators can transform domestic tours for public and parochial school students. The second part of the book offers resource guides for four cities – Washington, D.C.; New York; Philadelphia; and Boston. Teachers, tour directors, and tour operators, will find discussion questions activities as well as detailed background information for four of the most visited cities by students. Many of the questions and strategies can be adapted for other landscapes.
