Millionaires for the Month Stacy McAnulty, 2020-09-01 How would you spend five million dollars in 30 days? A billionaire's wallet, a bizarre challenge, and an unlikely friendship send two kids on a wild adventure. From the author of *The Miscalculations of Lightning Girl*. Felix Rannells and Benji Porter were never supposed to be field-trip partners. Felix is a rule follower. Benji is a rule bender. They're not friends. And they don't have anything to talk about. Until . . . They find a wallet. A wallet that belongs to tech billionaire Laura Friendly. They're totally going to return it--but not before Benji borrows twenty dollars to buy hot dogs. Because twenty dollars is like a penny to a billionaire, right? But a penny has value. A penny doubled every day for thirty days is \$5,368,709.12! So that's exactly how much money Laura Friendly challenges Felix and Benji to spend. They have thirty days. They can't tell anyone. And there are LOTS of other rules. But if

they succeed, they each get ten million dollars to spend however they want. Challenge accepted! They rent cool cars, go to Disney World, buy pizza for the whole school—and that's just the beginning! But money can't buy everything or fix every problem. And spending it isn't always as easy and fun as they thought it would be. . . . As smart as it is entertaining, *Millionaires for the Month* is a thought-provoking story about friendship, privilege, and the value of a penny.

Brewster's Millions George Barr

McCutcheon, 2017-06-21 Would you be able to spend a million dollars in cash and leave yourself penniless if it meant you would then be given many more millions? That's poor Monty Brewster's dilemma in this charming tale. Just as poor Monty Brewster, twice heir to a fortune, is beginning to adjust to his cold and distant grandfather's paltry million-dollar bequest, an even more mysterious benefactor emerges offering to leave him some real wealth. All he has to do is be penniless at nine o'clock on the morning of his 26th birthday. It seems like an easy task, but Monty discovers that it is no simple matter to divest oneself of a million dollars, especially as the bank insists on paying him \$19,607.84 in interest per day. And what can you do when each ridiculous sure-loss suddenly skyrockets when you invest in it? Money seems to flow in faster than a person can throw it overboard. And then there are Peggy and Barbara; how are they going to react to each attempt to squander a fortune? Can Monty keep the girl while losing the money? First published in 1902 under the pseudonym Richard P. Greaves, Brewster's Millions was one of George Barr McCutcheon's most successful titles. The prolific author was noted for his ability to write page-turners, full of vivid characters and with an attention to detail. There have, in fact, been six movie versions of this one book, most recently starring Richard Pryor and John Candy. That is

vivid testament to a great story well told.

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
