**Book Wars** John B. Thompson,2021-03-04 This book tells the story of the turbulent decades when the book publishing industry collided with the great technological revolution of our time. From the surge of ebooks to the self-publishing explosion and the growing popularity of audiobooks, Book Wars provides a comprehensive and fine-grained account of technological disruption in one of our most important and successful creative industries. Like other sectors, publishing has been thrown into disarray by the digital revolution. The foundation on which this industry had been based for 500 years – the packaging and sale of words and images in the form of printed books – was called into question by a technological revolution that enabled symbolic content to be stored, manipulated and transmitted quickly and cheaply. Publishers and retailers found themselves facing a proliferation of new players who were offering new products and services and challenging some of their most deeply held principles and beliefs. The old industry was suddenly thrust into the limelight as bitter conflicts erupted between publishers and new entrants, including powerful new tech giants who saw the world in very different ways. The book wars had begun. While ebooks were at the heart of many of these conflicts, Thompson argues that the most fundamental consequences lie elsewhere. The print-on-paper book has proven to be a remarkably resilient cultural form, but the digital revolution has transformed the industry in other ways, spawning new players which now wield unprecedented power and giving rise to an array of new publishing forms. Most important of all, it has transformed the broader information and communication environment, creating new challenges and new opportunities for publishers as they seek to redefine their role in the digital age. This unrivalled account of the book publishing industry as it faces its greatest challenge since Gutenberg will be essential reading for anyone interested in books and their future.

This book contains lots of explanations about the basic BASH terms, which unleash the functionalities and the true power of FFMPEG. Also: this book will cover other great tools for content creation, editing and automation, such as ImageMagick, Bento4, Ghostscript along with scripting automation formulas and examples. If you would like to know more about a ultra-fast way that gives you for free the same results that you achieve with expensive subscription-based softwares for content creation/video editing/image or audio manipulation/conversion, then this is the right book for you.

**Mister Jiu's in Chinatown** Brandon Jew,Tienlon Ho,2021-03-09 JAMES BEARD AWARD WINNER • The acclaimed chef behind the Michelin-starred Mister Jiu's restaurant shares the past, present, and future of Chinese cooking in America through 90 mouthwatering recipes. ONE OF THE TEN BEST COOKBOOKS OF THE YEAR: The New Yorker, San Francisco Chronicle • ONE OF THE BEST COOKBOOKS OF THE YEAR: Glamour • "Brandon Jew's affection for San Francisco's Chinatown and his own Chinese heritage is palpable in this cookbook, which is both a recipe collection and a portrait of a district rich in history."—Fuchsia Dunlop, James Beard Award-winning author of The Food of Sichuan Brandon Jew trained in the kitchens of California cuisine pioneers and Michelin-starred Italian institutions before finding his way back to Chinatown and the food of his childhood. Through deeply personal recipes and stories about the neighborhood that often inspires them, this groundbreaking cookbook is an intimate account of how Chinese food became American food and the making of a Chinese American chef. Jew takes inspiration from classic Chinatown recipes to create innovative spins like Sizzling Rice Soup, Squid Ink Wontons, Orange Chicken Wings, Liberty Roast Duck, Mushroom Mu Shu, and Banana Black Sesame Pie. From the fundamentals of Chinese cooking to master class recipes, he interweaves recipes and techniques with stories about their origins in Chinatown and in his own family history. And he connects his classical training and American roots to Chinese traditions in chapters celebrating dim sum, dumplings, and banquet-style parties. With more than a hundred photographs of finished dishes as well as moving and evocative atmospheric shots of Chinatown, this book is also an intimate portrait—a look down the alleyways, above the tourist shops, and into the kitchens—of the neighborhood that changed the flavor of America.

**News Deserts and Ghost Newspapers** Penelope Muse Abernathy,2020-08-15 This report is the fourth on the state of

local news produced by the Hussman School of Journalism and Media at the University of North Carolina at Chapel Hill. It measures what has been lost, while also assessing what must be done if we are to nurture and revive a vibrant news landscape in the third decade of the 21st century. The first section of this report, The News Landscape in 2020: Transformed and Diminished, examines the loss of local news, from the end of 2004--when newspaper advertising, circulation and employment were at, or near, peak levels--to the end of 2019, providing a time-lapsed snapshot of the news landscape before the coronavirus seized control of the economy. It assesses not only the current state of local newspapers, but also that of local digital sites, ethnic news organizations and public broadcasting outlets. The second section, The News Landscape of the Future: Transformed ... and Renewed? establishes the need for a reimagining of journalistic, business, technological and policy solutions. Extensive research has established that the loss of local news has significant political, social and economic implications for our democracy and our society. Yet, according to the Pew Research Center, almost three-quarters of the general public remains unaware of the dire economic situation confronting local news organizations. By documenting the transformation of the local news landscape over the past 15 years, and exploring the challenges and potential solutions, we hope this report will raise awareness of the role that all of us can play in supporting the revival of local news. Accompanying this report, is an updated website, usnewsdeserts.com, with more than 350 interactive maps--allows readers to drill down to the county level to understand the state of local media in communities throughout the United States. You will find information on regional and community newspapers--as well as public broadcasting outlets, ethnic media and digital sites.

   **Nobody's Victim** Carrie Goldberg,2019-08-13 Nobody's Victim is an unflinching look at a hidden world most people don't know exists—one of stalking, blackmail, and sexual violence,

online and off—and the incredible story of how one lawyer, determined to fight back, turned her own hell into a revolution. "We are all a moment away from having our life overtaken by somebody hell-bent on our destruction." That grim reality—gleaned from personal experience and twenty years of trauma work—is a fundamental principle of Carrie Goldberg's cutting-edge victims' rights law firm. Riveting and an essential timely conversation-starter, Nobody's Victim invites readers to join Carrie on the front lines of the war against sexual violence and privacy violations as she fights for revenge porn and sextortion laws, uncovers major Title IX violations, and sues the hell out of tech companies, schools, and powerful sexual predators. Her battleground is the courtroom; her crusade is to transform clients from victims into warriors. In gripping detail, Carrie shares the diabolical ways her clients are attacked and how she, through her unique combination of advocacy, badass relentlessness, risk-taking, and client-empowerment, pursues justice for them all. There are stories about a woman whose ex-boyfriend made fake bomb threats in her name and caused a national panic; a fifteen-year-old girl who was sexually assaulted on school grounds and then suspended when she reported the attack; and a man whose ex-boyfriend used a dating app to send more than 1,200 men to ex's home and work for sex. With breathtaking honesty, Carrie also shares her own shattering story about why she began her work and the uphill battle of building a business. While her clients are a diverse group—from every gender, sexual orientation, age, class, race, religion, occupation, and background—the offenders are not. They are highly predictable. In this book, Carrie offers a taxonomy of the four types of offenders she encounters most often at her firm: assholes, psychos, pervs, and trolls. "If we recognize the patterns of these perpetrators," she explains, "we know how to fight back." Deeply personal yet achingly universal, Nobody's Victim is a bold and much-needed analysis of victim protection in the era of the Internet. This book is an urgent warning of a coming

crisis, a predictor of imminent danger, and a weapon to take back control and protect ourselves—both online and off.

The Death of the Internet Markus Jakobsson,2012-07-11 Fraud poses a significant threat to the Internet. 1.5% of all online advertisements attempt to spread malware. This lowers the willingness to view or handle advertisements, which will severely affect the structure of the web and its viability. It may also destabilize online commerce. In addition, the Internet is increasingly becoming a weapon for political targets by malicious organizations and governments. This book will examine these and related topics, such as smart phone based web security. This book describes the basic threats to the Internet (loss of trust, loss of advertising revenue, loss of security) and how they are related. It also discusses the primary countermeasures and how to implement them.

**Running Against the Devil** Rick Wilson,2020-01-14 NEW YORK TIMES BESTSELLER • A savvy guidebook for beating Trump's tricks, traps, and tweets from a founder of The Lincoln Project, now updated with new material on the historic battle between Trump and Joe Biden—and how the pandemic has changed the race "If you believe America's future depends on Donald Trump's political machine being crushed at the polls next year, then Rick Wilson's Running Against the Devil is a must-read."—Joe Scarborough,

MSNBC Donald Trump is exactly the disaster we feared for America. Hated by a majority of Americans, Trump's administration is corrupt, inept, and rocked by daily scandals. In the handling of 2020's coronavirus pandemic, its incompetence has been deadly. Trump can't win in 2020, right? Wrong. As 2016 proved, Trump can't win, but Joe Biden can sure as hell lose. Only one thing can save Trump, and that's a Democratic campaign that runs the race Trump wants Democrats to run instead of the campaign they must run to win in 2020. Wilson combines decades of national political experience and insight in his take-noprisoners analysis, hammering Trump's destructive and dangerous first term in a case-by-case takedown of the worst president in history and describing the terrifying prospect of four more years of Trump. Like no one else can, Wilson blows the lid off Trump's 2020 political war machine, showing the exact strategies and tactics Republicans will use against Biden, and how the Democrats can avoid the catastrophes waiting for them if they fall into Trump's traps. Running Against the Devil is sharply funny, brutally honest, and infused with Wilson's biting commentary. It's a vital indictment of Trump, a no-nonsense, no-holds-barred road map to saving America, and the guide to making Donald Trump a one-term president. The stakes are too high to do anything less.

**Injustice** J. L. Beck,2015-07-18 Broken. Dead. Failure. That's what I felt every time I looked in the mirror. Depression. Sadness. Anger. That's what others saw if they were smart enough to see past my facade. Knowing what I felt inside, I would I have to agree. I was on a path of destruction. Some would I say I was my own downfall waiting to happen. A man drowning himself in alcohol and loose women. That's what I had become. After all, that's all I was good for. Until Alzerro King f*cked up my day. One sentence completely altered my world. Hiding someone while working with the FBI was the last thing I wanted to do. Then I meet her. Isabella Vincenzo. Hurt. Beat. Fragile. I wasn't a victim. I wasn't prey to the monsters that lurked in the dark- at least that's what I told myself.

Trouble had found me, I was sold to the mafia by my family. I was now property of the drug cartel ran by the Russian Mafia, and to be sold to the highest bidder. What happened was never to be expected. Somewhere in the middle of the USA I'm being kept. Hidden. Held against my will from the monsters.... Little did I know, I traded one monster for another. Will Jared and Isabella save each other or will the murkiness that has tainted their lives pull them deeper into the darkness? Sometimes all we need is someone else to be our light in the moments of complete darkness. Sometimes love can smother the injustice.
