Organized chronologically, this thoroughly researched biography collection offers a look at how the actions of each leader have affected the course of human history, even hundreds and thousands of years after their reign.

Kings and Presidents Bruce Riedel,2019-03-12 An insider's account of the often-fraught U.S.-Saudi relationship Saudi Arabia and the United States have been partners since 1943, when President Roosevelt met with two future Saudi monarchs. Subsequent U.S. presidents have had direct relationships with those kings and their successors—setting the tone for a special partnership between an absolute monarchy with a unique Islamic identity and the world's most powerful democracy. Although based in large part on economic interests, the U.S.-Saudi relationship has rarely been smooth. Differences over Israel have caused friction since the early days, and ambiguities about Saudi involvement—or lack of it—in the September 11 terrorist attacks against the United States continue to haunt the relationship. Now, both countries have new, still-to be-tested leaders in President Trump and King Salman. Bruce Riedel for decades has followed these kings and presidents during his career at the CIA, the White House, and Brookings. This book offers an insider's account of the U.S.-Saudi relationship, with unique insights. Using declassified documents, memoirs by both Saudis and Americans, and eyewitness accounts, this book takes the reader inside the royal palaces, the holy cities, and the White House to gain an understanding of this complex partnership.

The 17th and 18th Centuries Frank N. Magill,2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context, and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.

The Encyclopaedia Britannica Hugh Chisholm,1911

Why England Slept John F. Kennedy,2016-04-04 Originally published in 1940, *Why England Slept* was written by then-Harvard student and future American president John F. Kennedy. It was Kennedy's senior thesis that analyzed the tremendous miscalculations of the British leaders in facing Germany on the advent of World War II, and in doing so, also addressed the challenges that democracies face when confronted directly with fascist states. In *Why England Slept*, at the book's core, John F. Kennedy asks: Why was England so poorly prepared for the war? He provides a comprehensive analysis of the tremendous miscalculations of the British leadership when it came to dealing with Germany and leads readers into considering other questions: Was the poor state of the British army the reason Chamberlain capitulated at Munich, or were there other, less-obvious elements at work that allowed this to happen? Kennedy also looks at similarities to America's position of unpreparedness and makes astute observations about the implications involved. This re-publication of the classic book contains excerpts from the foreword to the 1940 original edition by Henry R. Luce, an American magazine magnate during that era; the foreword to the 1961 edition, also written by Luce; and a new foreword by Stephen C. Schlesinger, written in 2015.

History's 9 Most Insane Rulers Scott Rank,2020-05-12 Madness and Power. Can the insane rule? Can insanity be a leadership quality? Scott Rank says yes (well, sometimes) in this fascinating look at nine of history's most notorious rulers, from the Roman emperor Caligula to the North Korean Communist dictator Kim Jong-il. Rank paints intimate portraits of these deeply flawed but powerful men, examining the role that madness played in their lives, the repercussions of their madness on history, and what their madness can tell us about the times in which they lived. In *History's 9 Most Insane Rulers*, you will meet: • King Charles VI of France, who thought he was made of glass • Sultan Ibrahim I, who was driven mad by the sadistic succession battles of the Ottoman Empire • Caligula, who built temples to himself and whose reign highlighted the lethal tensions between the power of the new Imperial Rome and the prerogatives of the old Roman Republic • The Russian tsar who became known as Ivan “the Terrible” • King George III of Britain, who not only lost his American colonies, but lost his mind as well • Bavaria's “Mad” King Ludwig II, who left the world richer for his fabulous fairy tale castles and his patronage of the composer Richard Wagner Insane rulers did not die off with the last of the mad

monarchs who inherited their power. Rank also examines the rise to power of crazed modern rulers, such as Idi Amin, who began as a lowly army cook and rose to the presidency of Uganda, and Saparmurat Niyazov, who ruled Turkmenistan and promoted a bizarre cult of personality around himself. Both entertaining and illuminating, History's 9 Most Insane Rulers is a must-read for anyone interested in the role insanity has played in history.

The Washington Navy Yard Edward J. Marolda, 1999

Presidents and Presidencies in American History [4 volumes] Jolyon P. Girard, 2019-10-07 This innovative encyclopedia explores the life and times of America's forty-five presidents—from the first administration to that of Donald Trump. Forty-five men have served as President of the United States since George Washington swore the oath of office in 1789 in New York City. Some have proved exceptional leaders, and others have not. Some have faced serious crises, both foreign and domestic. Franklin Roosevelt was elected to four terms, leading the country through a major economic depression and a world war, while one held the office for only a single month. Each, however, played a key role in the evolution of United States history. Each of their histories therefore remains a critical civics lesson to consider. This four-volume encyclopedia provides an expansive analysis of the life and times of each United States president in chronological order from George Washington to Donald Trump. Each chapter includes a timeline, a biographical sketch, a historical overview, and an analytical essay concerning the president and his presidency. Each also includes a substantial selection of related primary documents presenting important presidential speeches and correspondence. A suggested reading list for further study of each president rounds out each entry.

The Good, The Bad and The History Jodi Taylor, 2023-06-22 BOOK 14 IN THE CHRONICLES OF ST MARY'S SERIES, FROM THE MILLION-COPY BESTSELLER JODI TAYLOR. ⭐⭐⭐ 'Brilliant, hilarious, keeps you on your toes' Reader review 'The characters make me come back time and time again' Reader review 'I have not found another author who can tell a story involving time travel as well' Reader review ⭐⭐⭐ St Mary's is under investigation. Their director has been shot and Max is Number One Suspect. Can things get any worse? We all know the answer to that one. Max needs to get away - fast - and a Brilliant Idea soon leads her to a full-scale uprising in twentieth-century China. If she can come by a historical treasure or two in the process, even better. That is, if she makes it out alive. Then there's the small matter of Insight - the sinister organisation from the future hell bent on changing History for their own dark ends. Having successfully infiltrated their ranks, Max is perfectly placed to stop them. But she knows her cover will soon be blown - because it's already happened. Can Max take down Insight before they come after her? The circle is closing, and only one can survive... For fans of Terry Pratchett, Jasper Fforde, Richard Osman's Thursday Murder Club series and Doctor Who. WHAT PEOPLE ARE SAYING ABOUT JODI TAYLOR 'Once in a while, I discover an author who changes everything... Jodi Taylor and her protagonist Madeleine Max Maxwell have seduced me' READER REVIEW 'Jodi Taylor is quite simply the Queen of Time. Her books are a swashbuckling joyride through History' C. K. MCDONNELL 'This amazing series is anything but formulaic. Just when you think you've got to grips with everything, out comes the rug from under your feet' READER REVIEW 'Wonderfully imaginative' SFF WORLD 'Addictive. I wish St Mary's was real and I was a part of it' READER REVIEW 'Every page bubbles with energy' BRITISH FANTASY SOCIETY 'St Mary's stories are the much-anticipated highlight of my year' READER REVIEW 'Jodi Taylor has an imagination that gets me completely hooked' READER REVIEW 'A tour de force' READER REVIEW

The True History of God's True Church: And Its 2,000-Year War With the Great False Church Philadelphia Church of God, Gerald Flurry, 2015-04-30 When Jesus Christ founded the New Testament Church, He said the gates of hell would not prevail against it. He prophesied of seven successive eras it would undergo before His Second Coming, and even foretold the predominant character of each. History shows that God's true Church—though it has gone largely unnoticed—has survived through the 20 centuries since that time, fulfilling Christ's prophecies in specific detail. Now, on the cusp of Christ's return, this dramatic and miraculous story can be fully told!

I Have a Dream Martin Luther King, Jr., 2022-06-14 Introducing the Martin Luther King Jr Library With a New Foreword by Amanda Gorman A beautiful collectible edition of Dr. Martin Luther King Jr's legendary speech at the March on Washington, laid out to follow the cadence of his oration--part of Dr. King's archives published exclusively by HarperCollins. On August 28, 1963, Dr. Martin Luther King Jr. stood before thousands of Americans who had gathered at the Lincoln Memorial in Washington, D.C. in the name of civil rights. Including the immortal words, I have a dream, Dr. King's keynote speech would energize a movement and change the course of history. With references to the Gettysburg Address, the Emancipation Proclamation, the Declaration of Independence, the U.S. Constitution, Shakespeare, and the Bible, Dr. King's March on Washington address has long been hailed as one of the greatest pieces of writing and oration in history. Profound and deeply moving, it is as relevant today as it was nearly sixty years earlier. This beautifully designed hardcover edition presents Dr. King's speech in its entirety, paying tribute to this extraordinary leader and his immeasurable contribution, and inspiring a new generation of activists dedicated to carrying on the fight for justice and equality.

Leadership Resources Center for Creative Leadership, Greensboro, NC.,2000 This guide provides over 300 pages of resources suggested by leadership educators in surveys, Center for Creative Leadership staff, and search of library resources. This eighth edition is half-new, including web sites and listserv discussion groups, and it places a stronger focus on meeting the needs of human resources professionals and corporate trainers. An annotated bibliography groups leadership materials in several broad categories: overview; in context; history, biography and literature; competencies; research, theories, and models; training and development; social, global, and diversity issues; team leadership; and organizational leadership (180 pages). Includes annotated lists of: journals and newsletters (9 pages); instruments (21 pages); exercises (41 pages); instrument and exercise vendors (5 pages); videos (29 pages); video distributors (4 pages); web sites (6 pages); organizations (21 pages); and conferences (9 pages). (Contains a 66-page index of all resources.) (TEJ)

100 World Leaders Who Left Their Mark WD Palmer,2022-02-09 The lives of 100 historical and contemporary world leaders, documenting the impact that they had on the world.

A Dictionary of Contemporary World History Christopher Riches,Jan Palmowski,2016-09-15 This authoritative dictionary provides informative and analytical entries on the most important people, organizations, events, movements, and ideas that have shaped the world we live in. Covering the period from 1900 to the present day, this fully revised and updated new edition presents a global perspective on recent history, with a wide range of new entries from Tony Abbott, the European migration crisis and ISIL to Narendra Modi, Hassan Rouhani, and the Lisbon Treaty. All existing entries have been brought up to date. Handy tables include lists of office-holders for countries and organizations and winners of the Nobel Peace Prize. This accessible dictionary will be revised on a regular basis following the publication of this edition, as will A Guide to Countries of the World, ensuring that coverage of current affairs is up to date. This dictionary is a reliable resource for students of history, politics, and international relations as well as for journalists, policy-makers, and general readers interested in the modern world.

The Living History of Pakistan (2016-2017) Inam R Sehri,2022-06-09 The history of Pakistan from 2016 - 2017. Seventh book in the series.

Antichrist Osiris: the History of the Luciferian Conspiracy Chris Relitz,2012-06-01 The Legends of many cultures claim that the world was once destroyed in a cataclysmic flood. Many cultures also claim that someday the world will again be destroyed in a similar fashion. In the Bible we are told that the disciples once asked Jesus if there would be a warning sign prior to this destructive event. He said that there would indeed a sign. Jesus said that whatever was happening in the Days of Noah will happen again before the end of this age. The Bible has only a few verses about Noah's Flood. So we are forced to turn to the ancient flood legends of over 350 other cultures to learn more about this prophecy. But Noah's days did not end with the flood, he lived for many years afterward. He saw the creation of a tower in Babylon. This is interesting because the Freemasons claim that their Order originated here. Here is the most thorough examination of Freemasonry ever undertaken, using their own texts, to solve the Days of Noah prophecy.

The King of Vegas' Guide to Gambling Wayne Allyn Root,2006-08-03 The King of Las Vegas and America's premier sports gambler reveals a powerful program for breaking all the rules, beating all the odds, and achieving all your dreams. In The King of Vegas' Guide to Gambling, Wayne Allyn Root of Spike TV's King of Vegas (TM) demonstrates why it is vital to take risks in life—whether in the casino, on the playing field, or in the boardroom. Root lives an American dream: He makes money watching sports on television. In fact, as CEO of GWIN Inc., America's only publicly traded sports-handicapping firm, Root is a self-made millionaire with hundreds of thousands of sports-betting clients and fans. In this book, he reveals the spiritual principles behind his consistently winning hand. Turning the popular conception of the casino denizen on its head, Root shows readers how to concentrate on the risks they take and to cultivate tranquillity in the face of life-defining, stressful moments. Bringing a unique contrarian approach to gambling, Wayne Allyn Root states his maxim of never following the masses and always taking the lead in life, and guides the way to navigate successfully the many gambles life offers.

A World History of Higher Education Exchange Teresa Brawner Bevis,2019-04-11 This book examines the origins of higher learning, and then traces education exchange to the aftermath of World War II, when the United States was internationally recognized as the epicenter of critical thinking and scientific discovery. As centers of learning arose in the ancient world, the gathering of students they drew invariably included “foreigners”—those not native to the immediate local area. Then as now, inquisitive minds compelled humans to explore, crossing borders to seek enlightenment in faraway places before returning to their homelands. Few societies have been so remote that they could not be affected by the acquisition of imported information. The number of international students and scholars in the United States now exceeds one million. This book narrates the complex and colorful history of intrepid individuals, inspired programs, and world events that have given direction to the path of education exchange, as well as the global dissemination of American scholarship.

Managing Hotels Effectively Eddystone C. Nebel,1991-09-03 A must-read for aspiring hospitality industry leaders Managing Hotels Effectively: Lessons from Outstanding General Managers is the essential text for anyone working in or aspiring to the hospitality industry. Expert discussion from industry leaders drives home the importance of service, strategic planning, and effective leadership while giving readers a glimpse into the

complex mechanics of running a successful hotel. From organizational structure and staffing to communications, revenues, and day-to-day activities, this book provides an informative look into the myriad duties of the general manager.

The Oxford Companion to United States History Paul S. Boyer,2001-07-04 Here is a volume that is as big and as varied as the nation it portrays. With over 1,400 entries written by some 900 historians and other scholars, it illuminates not only America's political, diplomatic, and military history, but also social, cultural, and intellectual trends; science, technology, and medicine; the arts; and religion. Here are the familiar political heroes, from George Washington and Benjamin Franklin, to Abraham Lincoln, Woodrow Wilson, and Franklin D. Roosevelt. But here, too, are scientists, writers, radicals, sports figures, and religious leaders, with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney, Babe Ruth and Muhammed Ali, Black Elk and Crazy Horse, Margaret Fuller, Emma Goldman, and Marian Anderson, even Al Capone and Jesse James. The Companion illuminates events that have shaped the nation (the Great Awakening, Bunker Hill, Wounded Knee, the Vietnam War); major Supreme Court decisions (Marbury v. Madison, Roe v. Wade); landmark legislation (the Fugitive Slave Law, the Pure Food and Drug Act); social movements (Suffrage, Civil Rights); influential books (The Jungle, Uncle Tom's Cabin); ideologies (conservatism, liberalism, Social Darwinism); even natural disasters and iconic sites (the Chicago Fire, the Johnstown Flood, Niagara Falls, the Lincoln Memorial). Here too is the nation's social and cultural history, from Films, Football, and the 4-H Club, to Immigration, Courtship and Dating, Marriage and Divorce, and Death and Dying. Extensive multi-part entries cover such key topics as the Civil War, Indian History and Culture, Slavery, and the Federal Government. A new volume for a new century, The Oxford Companion to United States History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet--from Columbus to Clinton. Written in clear, graceful prose for researchers, browsers, and general readers alike, this is the volume that addresses the totality of the American experience, its triumphs and heroes as well as its tragedies and darker moments.

Unveiling the Energy of Verbal Beauty: An Psychological Sojourn through **World Leaders Presidents And Kings A Timeline Biography**

In some sort of inundated with monitors and the cacophony of instant conversation, the profound power and mental resonance of verbal beauty often diminish in to obscurity, eclipsed by the constant onslaught of noise and distractions.
