*Storyworthy* Matthew Dicks, 2018-05-15 A five-time Moth GrandSLAM winner and bestselling novelist shows how to tell a great story – and why doing so matters. Whether we realize it or not, we are always telling stories. On a first date or job interview, at a sales presentation or therapy appointment, with family or friends, we are constantly narrating events and interpreting emotions and actions. In this compelling book, storyteller extraordinaire Matthew Dicks presents wonderfully straightforward and engaging tips and techniques for constructing, telling, and polishing stories that will hold the attention of your audience (no matter how big or small). He shows that anyone can learn to be an appealing storyteller, that everyone has something “storyworthy” to express, and, perhaps most important, that the act of creating and telling a tale is a powerful way of understanding and enhancing your own life.

By plumbing Scripture and critiquing the ten-billion-dollar-a-year self-improvement industry, Mock offers life-giving reminders that we are fearfully and wonderfully made. Set free from the anxiety to conform to others'

expectations, we are liberated to become who God has created us to be. If you're worn out from worrying that you've missed God's One Big Calling, and if you're tired of trying to fit yourself into some cookie-cutter Christian mold, step away from the expectations and toward God's heart.

Worthy Tips. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it

is essential to be cautious while downloading Worthy Tips. Some websites may offer pirated or illegally obtained copies of copyrighted material.
