**Dear Photograph** Taylor Jones, 2012-04-24 We all have moments we wish we could relive. We'd give anything to skid down the toboggan hills of our youth, to breathe in the smell of our children as babies or to spend just one more minute with a

loved one we've lost. Dear Photograph provides a way to link these memories from the past to the present. The idea is simple: hold a photograph from the past up in front of the place where it was originally taken; take a second photograph; add a sentence of dedication about what the photograph means to you. The results, however, are astounding, which is why millions have flocked to the site, and thousands have submitted their own Dear Photographs. This stunning visual compilation includes more than 140 never-before-seen Dear Photographs. By turns nostalgic, charming and poignant, Dear Photograph evokes childhood memories, laments difficult losses and, above all, celebrates the universal nature of love.

William Eggleston, 2 1/4 ,1999 Born and raised in Mississippi and Tennessee, William Eggleston began taking pictures during the 1960s after seeing Henri Cartier-Bresson's The Decisive Moment. In 1966 he changed from black and white to color film, perhaps to make the medium more his own and less that of his esteemed predecessors. John Sarkowski, when he was curator of photography at the Museum of Modern Art, called Eggleston the first color photographer, and certainly the world in which we consider a color photograph as art has changed because of Eggleston. From 1966 to 1971, Eggleston would occasionally use

a two and one quarter inch format for photographs. These are collected and published here for the first time, adding more classic Eggleston images to photography's color canon.

*Photo Quest* Rick Sammon, 2020-05-05 *Photo Quest - Discovering Your Photographic & Artistic Voice* is a sequel to Rick Sammon's internationally best-selling book, *Photo Therapy Motivation and Wisdom* - discovering the power of pictures. This book, Rick's 41st, was written for photographers, as well as for all types of artists - because the lessons and philosophies on these pages are universal to all creatives. Like *Photo Therapy*, *Photo Quest* includes only words of wisdom motivation and inspiration. There are no photographs in this book. Rick says there are two

reasons for not including photographs (unlike his 40 other books and 18 online classes that are richly illustrated with hundreds of photographs from his travels around the world): One, I want you to slow down and read the text carefully; Two, I want you to think about your photography and art when you are reading about an idea or technique - and not be distracted by my colorful images. Rick Sammon has assembled an all-star team of photo and creative mentors for this important book - a team that offers advice and insight on finding one's photographic and artist voice. As Rick says, You'd be hard pressed to find this much talent between the covers of one photography book. This list of contributors reads like a Who's Who in the world of photography in 2020. These pros include Erin Babnick, Martin Baily, Richard Bernabe, Steve Brazill, Jeff Cable, Tony Corbell, Patricia Davidson, Dave DeBaermaeker, Ron Clifford, Ed Cooley, Unmsh Dinda, Frank Doorhof, Piper Mackay, Scott Kelby, Karen Hutton, Don Komarechka, Ian Plant, Trey Ratcliff, Art Wolfe - and more! If you are in search of becoming a more creative photographer, and not just ways of taking better pictures (there is a big difference), you have come to the right place. And if you are thinking about changing lanes - changing your career or making creative changes in your life - this book is for you. On these pages you will learn about (in chapter titles of the same name): Finding Your Superpower and Inner Voice, Your Secret Weapon, Idea to Image, Specializing or Not Specializing, The Rollercoaster Ride of Creatives, The Importance of Your Conversation, Changing Lanes, Creating a Sense of Mystery, Photography & The Death of Reality, Know Your Audience & Build Your Brand - and more. Each of the 22 chapters in the book ends with a Mission - an assignment - that will help you on your personal photo quest, which Rick feels will be one of the most rewarding adventures in your photographic and artistic life. This book is also filled with dozens of inspirational quotes relating to photographs and all artists. Here is one of Rick's favorites: An artist cannot fail; it is a

success to be one. - Charles Cooley

**Loving Hugh Nini**, Neal Treadwell, 2020-10-14 **Loving: A Photographic Story of Men in Love, 1850-1950** portrays the history of romantic love between men in hundreds of moving and tender vernacular photographs taken between the years 1850 and 1950. This visual narrative of astonishing sensitivity brings to light an until-now-unpublished collection of hundreds of snapshots, portraits, and group photos taken in the most varied of contexts, both private and public. Taken when male partnerships were often illegal, the photos here were found at flea markets, in shoe boxes, family archives, old suitcases, and later online and at auctions. The collection now includes photos from all over the world: Australia, Bulgaria, Canada, Croatia, France, Germany, Japan, Greece, Latvia, the United States, the United Kingdom, Russia, and Serbia. The subjects were identified as couples by that unmistakable look in the eyes of two people in love - impossible to manufacture or hide. They were also recognized by body language - evidence as subtle as one hand barely grazing another - and by inscriptions, often coded. Included here are

ambrotypes, daguerreotypes, glass negatives, tin types, cabinet cards, photo postcards, photo strips, photomatics, and snapshots - over 100 years of social history and the development of photography. Loving will be produced to the highest standards in illustrated book publishing, The photographs - many fragile from age or handling - have been digitized using a technology derived from that used on surveillance satellites and available in only five places around the world. Paper and other materials are among the best available. And Loving will be manufactured at one of the world's elite printers. Loving, the book, will be up to the measure of its message in every way. In these delight-filled pages, couples in love tell their own story for the first time at a time when joy and hope - indeed human connectivity - are crucial lifelines to our better selves. Universal in reach and overwhelming in impact, Loving speaks to our spirit and resilience, our capacity for bliss, and our longing for the shared truths of love.
