Immerse yourself in this unique collection, presented in the form of an old grimoire, which will delight all adventure lovers to finally discover the fabulous legend of Zelda! **EXTRACT** In the kingdom of Hyrule, a legend has been passed down since the beginning of time: A mysterious artifact known as the Triforce, symbolized by three golden triangles arranged to form a fourth triangle, is said to possess mystical powers. It is hardly surprising that this object has been coveted by many power-hungry men over the centuries. One day, the evil Ganon, the Prince of Darkness whose ambition is to subjugate the entire world to his will, sends his armies to attack the

peaceful kingdom. He manages to capture one of the fragments of the Triforce, the triangle of power. Daughter of the king of Hyrule, Princess Zelda is terrified at the prospect of seeing Ganon's armies swarming over the world. She, too, seizes a fragment of the Triforce, the triangle of wisdom, and chooses to break it into eight pieces, which she then scatters across the world, hiding them to prevent Ganon from ever acquiring them. She then orders her faithful nursemaid Impa to go forth and seek a warrior brave enough to challenge Ganon. As Impa roams the kingdom of Hyrule in the hope of finding a savior, Ganon learns of Zelda's plans and has her locked up before sending his men to track down the nursemaid. Surrounded by these ruthless creatures, Impa is saved by a young boy named Link at the very moment when it appears that all is lost. As unbelievable as it may seem, Link has been chosen by the golden triangle of courage, and thus holds a part of the Triforce himself. Convinced that she has finally found the one who will save the kingdom, Impa hurries to tell him her story. Link accepts his mission to rescue Zelda without hesitation. Before confronting Ganon, however, he will have to gather the eight fragments of the triangle of wisdom, which are his only hope of gaining entry to the dungeon deep beneath Death Mountain where the Prince of Darkness hides. His quest has only just begun.

The Legend of Zelda. The History of a Legendary Saga Vol. 2 Valérie Précigout,2019-02-19 Continue the discovery of the famous game The Legend of Zelda! Featuring in the pantheon of video

games, the Breath of the Wild episode of the mythical Zelda saga is fully covered in this new book. Following the first Chronicle volume of a legendary saga, this second part focuses exclusively on the episode Breath of the Wild, decrypting its references, its game system and the inspiration of its developers! EXTRACT Starting production on a title that sought to radically redefine the core elements of a franchise as iconic as The Legend of Zelda involved a certain amount of risk for Nintendo. To fully understand the situation, we feel it is essential to start by determining what was really at stake in this challenging effort by looking at the many promises that The Legend of Zelda: Breath of the Wild carried with it from the earliest announcement of its development until the moment it was released. With this perspective in mind, we will first step back in time to examine any clues potentially found in other recent installments of the franchise as to the creators' desire to rethink the game's most basic conventions. We will then consider what fans were expecting from this attempt to go back to basics and revive the ambitions of the original Legend of Zelda. We will also look at Nintendo's communications strategy by way of the trailers and other official presentations that were used to introduce the game, and consider the credibility of Breath of the Wild's claim to innovation in its approach to the open world genre. Of course, we will also focus considerable attention on director Hidemaro Fujibayashi's history with the series, and listen to the development team's thoughts as we attempt to better understand the origins of this latest Zelda game. We then close the chapter with a look at initial reactions from fans and video game journalists when the game was first released on March 3, 2017. ABOUT THE AUTHOR Better known by her pseudonym Romendil, Valérie Précigout spent 15 years as a journalist for Jeuxvideo.com, Europe's largest video game website. A fan of Japanese RPGs, she managed to establish herself as an online critic when the Internet was still struggling to keep up with print media. She loves manga culture and Japanese leisure activities and

shares her impressions about video-gaming news at Extralife.fr. She is also the author of Dragon Ball: The Tribute, from the Force label at Third Éditions, and contributes articles to the Level Up book series from the same publisher.
