Zombie CSU: Jonathan Maberry,2010-04-19 When there's no more room in hell, the dead will walk the earth. . . And law enforcement is ready to take them down! Since Night of the Living Dead, zombies have been a frightening fixture on the pop culture landscape, lumbering after hapless humans, slurping up brains and veins and whatever warm, fleshy matter they can clench in their rotting limbs. But what if they were real? What would happen if, tomorrow, corpses across the nation began springing up out of their graves and terrorizing the living? Employing hard science and solid police work--not to mention jaw-dropping (literally!) humor--Zombie CSU is the only guide you need to make it through alive--not undead. At last you can: • Investigate zombie crime scenes, collecting and analyzing evidence of zombie attacks, and create a murder book. • Examine the psychology of the zombie and develop a perp profile. • Observe medical science pros as they probe felled zombies for forensic clues. • Devise a zombie apocalypse survival scorecard and more! Complete with lists of must-see zombie flicks from around the globe and tons of tips for kicking undead butt, Zombie CSU features hundreds of interviews with real zombie experts, forensics experts, detectives, filmmakers, and more. Special guest stars: Tony Todd, Brian Keene, Patricia Tallman, David Wellington, James Gunn, Robert Kirkman, Dr. Wade Davis, Robert Sacchetto, Zombie Squad, Ramsey Campbell, Kim Paffenroth, Jamie Russell, Michael CJ Kelly, Bruce Andy Bohne, and dozens more! Dearly, Beloved: A Zombie Novel Lia Habel,2012-09-25 Can the living coexist with the living dead? That's the question that has New Victorian society fiercely divided ever since the mysterious plague known as "The Laz" hit the city of New London and turned thousands into walking corpses. But while some of these zombies are mindless monsters, hungry for human flesh, others can still think, speak, reason, and control their ravenous new appetites. Just ask Nora Dearly, the young lady of means who was nearly kidnapped by a band of sinister zombies but valiantly rescued by a dashing young man . . . of the dead variety. Nora and her savior, the young zombie soldier Bram Griswold, fell hopelessly in love. But others feel only fear and loathing for the reanimated dead. Now, as tensions grow between pro- and anti-zombie factions, battle lines are being drawn in the streets. And though Bram is no longer in the New Victorian army, he and his ex-commando zombie comrades are determined to help keep the peace. That means taking a dangerous stand between The Changed, a radical group of sentient zombies fighting for survival, and The Murder, a masked squad of urban guerrillas hellbent on destroying the living dead. But zombies aren't the only ones in danger: Their living allies are also in The Murder's crosshairs, and for one vengeful zealot, Nora Dearly is the number one target. As paranoia, prejudice, and terrorist attacks threaten to plunge the city into full-scale war, Nora's scientist father and his team continue their desperate race to unlock the secrets of "The Laz" and find a cure. But their efforts may be doomed when a mysterious zombie appears bearing an entirely new strain of the illness—and the nation of New Victoria braces for a new wave of the apocalypse. Lia Habel's spellbinding, suspenseful sequel to Dearly, Departed takes her imaginative mash-up of period romance, futuristic thriller, and zombie drama to a whole new level of innovative and irresistible storytelling. "A realistic and exciting world with a swoon-worthy romance . . . The plot

is addictive, the characters well-rounded.”—RT Book Reviews “Nora and Bram’s touching and tender relationship, with its emphasis on equality and living in the moment, feels particularly special.”—Publishers Weekly, on *Dearly, Departed*

Mathematical Modelling of Zombies Robert Smith?,2014-10-14 In this terrible new COVID-19 world, the University of Ottawa is doing its part by offering a 50% discount on this very important book. We decided not to rewrite the witty book description, though we realize it is tone-deaf at the present moment, as we wanted to give readers a sense of the tone of this title. But don't be deceived: while a fun read, this book will help you better understand how epidemiologists, governments and health care planners use mathematical models to figure out how quickly epidemics and pandemics spread, in order to plan appropriately. Reading has perhaps never been as important, and this book should be at the top of your reading list. You're outnumbered, in fear for your life, surrounded by flesh-eating zombies. What can save you now? Mathematics, of course. Mathematical Modelling of Zombies engages the imagination to illustrate the power of mathematical modelling. Using zombies as a "hook," you'll learn how mathematics can predict the unpredictable. In order to be prepared for the apocalypse, you'll need mathematical models, differential equations, statistical estimations, discrete-time models, and adaptive strategies for zombie attacks—as well as baseball bats and Dire Straits records (latter two items not included). In Mathematical Modelling of Zombies, Robert Smith? brings together a highly skilled team of contributors to fend off a zombie uprising. You'll also learn how modelling can advise government policy, how theoretical results can be communicated to a nonmathematical audience and how models can be formulated with only limited information. A forward by Andrew Cartmel—former script editor of Doctor Who, author, zombie fan and all-round famous person in science-fiction circles—even provides a genealogy of the undead. By understanding how to combat zombies, readers will be introduced to a wide variety of modelling techniques that are applicable to other real-world issues (biology, epidemiology, medicine, public health, etc.). So if the zombies turn up, reach for this book. The future of the human race may depend on it.

Alpha Zombie Al K. Line,2021-08-09 The group take to the road in an effort to stay safe, and decide there is one thing missing - guns. So the mission is planned, the sandwiches are made, the new transport revved up. Only problem is the infected are getting smart, the world continues to degenerate, and they hadn't counted on the beginnings of the hivemind. Something new was awakening: Alpha Zombie.

Zombie 2.0 Al K. Line,2020-11-06 In Zombie 2.0 the infected are leaner, meaner, certainly not cleaner. Al, all 6' 7 of him, teams up with the survivors of the zombie apocalypse as they try to find a safe refuge and make sense of the nightmare world Ven created. Al's Pervasive Developmental Disorder, Not Otherwise Specified (PDD-NOS) causes its own unique set of issues for the gang: if one more person asks him if he is Dutch, just because he speaks funny, he might just explode. The Web is still a no-go zone, but it doesn't stop those that can somehow get a connection from going on Twitter to see if anyone is doing anything cool. As the world burns and the brains are eaten, hashtags and timelines still lure the remnants of the world's population. What's the first thing you do when your boyfriend gets eaten by his mom? Update your Facebook relationship status, of course! Be prepared for new adventures in wet Wales, bad jokes courtesy of Al, and depressing observations on the human condition.

The Greatest Zombie Movie Ever Jeff Strand,2016-03-01 After producing three horror movies that went mostly ignored on YouTube, Justin and his filmmaking buddies decide it's time they create something noteworthy, something epic. They're going to film the Greatest Zombie Movie Ever. They may not have money or a script, but they have passion. And, after a rash text message, they also have the beautiful Alicia Howtz-Justin's crush-as the lead. With only one month to complete their movie, a script that can't possibly get worse, and the hopes and dreams of Alicia on the line, Justin is feeling the pressure. Add to that a cast of uncooperative extras and incompetent production assistants, and Justin must face the sad, sad truth. He may

actually be producing The Worst Zombie Movie Ever... Fans of Strand's other novels of outrageous circumstance...will not be disappointed. A delightfully ludicrous read.-School Library Journal on I Have a Bad Feeling About This

Zombie Haiku Ryan Mecum,2008-06-30 In your hands is a poetry journal written by an undead poet, recounting his firsthand experience during the zombie plague. Little is known about the author before he turned into a zombie, but thanks to his continued writings in this journal - even after his death - you can accompany him from infection to demise. Through the intimate poetry of haiku, the zombie chronicles his epic journey through deserted streets and barricaded doors. Each three-line poem, structured in the classic 5-7-5 syllable structure, unravels a little more of the story. You'll love every eye-popping, gut-wrenching, flesh-eating page!
