Killing Zombies for Fun & Profit Leethal, 2016-09-27 A warped little journey of sarcasm, economics, & profitable zombie hunting. While the eradication of Zombies may not be a realistic way to make a living (yet), certain sociological tidbits contained in the book may offer insight to the future of our economical status. Our world seems to be collapsing around us more each day, and while Zombies may be a metaphor for our impending doom, it really pays to be prepared for a worst case scenario. I tell my friends, I'm not paranoid. I prepare for the worst, and pray for the best.

**Zombies** Sue L. Hamilton, 2007-01-01 Presents zombies as popular characters in the world of horror.

**Zombies: A Record of the Year of Infection** Don Roff, 2010-07-01 Experience the zombie apocalypse with this illustrated survivor's journal full of chilling tales of terror. The year is 2012, and what starts as a pervasive and inexplicable illness ends up as a zombie infestation that devastates the world's population. Taking the form of a biologist's illustrated journal found in the aftermath of the attack, this pulse-pounding, suspenseful tale of zombie apocalypse follows the narrator as he flees from city to countryside and heads north to Canada, where he hopes the undead will be slowed by the colder climate. Encountering scattered humans and scores of the infected along the way, he fills his notebook with graphic drawings of the zombies and careful observations of their behavior, along with terrifying

tales of survival that will keep readers on the edge of their seats right up to the very end. Praise for *Zombies* "Influenced by Richard Matheson's *I Am Legend*, *Zombies* is a genuinely chilling and logical look at a zombie invasion. The matter-of-fact descriptions of the symptoms and effects, coupled with the detailed drawings of both victims and scenarios make it a creepy read . . . . A tremendous addition to any zombie book collection."

Beginning with an explanation of the historical origins of zombies, it follows their history straight through to the threat they pose to the world today. All varieties of zombie are catalogued and examined, giving their strengths and weakness, with a special emphasis on recognition and elimination. **A Zombie's History of the United States** Josh Miller, 2010-12 In a Howard Zinn-like parody of American history, zombies help create America but are later victimized and eventually demonized by the land of the free.

**Humans Vs. Zombies: Hijacked** Jesse Riggs, 2014-09-16 Humans vs. Zombies is underway again this fall at Eureka State University. The game Moderators have promised new elements for this year's live-action game of zombie-themed tag, and the five-member squad known as the Family is ready for the challenge. This semester's game has a corporate sponsor, Maxx Corporation, providing a new line of foam dart weaponry set to compete with Hasbro's NERF line, raising excitement to new levels. But when the Maxx Corp dart blasters are distributed, the weapons turn out to be lethal and zombie players are shot dead. The shock is quickly overshadowed by the next revelation. The dead students are getting back up and continuing to play with the single-minded determination of the undead. The Family faces down horror after horror as the week progresses. An oddly matched group, tensions flare and hearts break as the pressure reveals each member's true character. A campus battleground under zombie invasion is the worst place to worry about relationships, but if not now, there may never be another chance. The rules are binding and the game is in motion. All the Family can do is play on.

**Kung Fu Zombies** C. M. Weller, 2017-05-29 Meet Aiden. He loves movies so much that he's convinced that his life has become one. In the middle of the Zombie Apocalypse, this means that he is destined to be the hero that saves the world and wins the love of the girl who has no interest in him whatsoever. Aiden has to learn how to deal with the inevitable disappointment, as well as how to survive in a world with... Kung Fu Zombies.

**Zombies Hate Stuff** Greg Stones, 2014-06-24 Zombies hate clowns. They also hate hippies, not to mention zip lines, penguins, moon penguins, nudists, weddings, sharing, and kittens. They really hate unicorns, strangely don't mind Canadians, and love YOU. Each of Greg Stones's ghoulishly colorful paintings reveal funny and unexpected scenes of zombie disgruntlement, cataloging the stuff that really riles up the walking dead (astronauts, rain, bagpipes, re-gifting, and more) with wit, humor, and, of course, brains. *Zombies Hate Stuff* offers an unexpected and irresistible perspective on the zombie apocalypse and the pop culture phenomenon that will not die.

**What Zombies Fear** Kirk Allmond, 2014-01-16 When Victor Tookes went to work that beautiful spring day, he never expected to see a man eaten alive in the street in front of his office. After convincing himself that they really were zombies, he makes a trip from his house in Pennsylvania to his family home in Virginia, battling zombies all the way. His three and a half year old son was bitten on the leg, but doesn't turn into a zombie. Instead, he turns into something more than human. Victor quickly discovers that everything he knew about zombies was wrong. Not all of them were mindless, uncoordinated, rotting ghouls; some of them were bigger, faster, stronger or smarter than when they were human. A small percentage of humans are genetically immune to the parasite. Instead of turning these humans into mindless shamblers, they gain enhanced abilities. These new abilities will be pushed to their limits in their quest to carve out a safe haven to call home. How will he keep his son safe when the world crumbles around him?

**Surviving a Zombie Apocalypse** Charlie Ogden, 2017-12-15 When the zombie apocalypse starts, it's imperative to be ready. After the panic ensues and people are running in every direction, survivors will need to make split-second decisions that will lead them to safety or into the clutches of brain-hungry zombies. Luckily, readers have this survival guide to know how to spot zombies, choose the best hiding places, and discern what to do when a hoard finally sniffs them out. This exhilarating book is an action-packed adventure, full of creepy images and entertaining text.

**Zombies vs. Nazis** Scott Kenemore, 2011-08-01 Zombie expert Scott Kenemore (*The Zen of Zombie*) unearths a collection of top-secret lost documents from WWII (originally intercepted by the U.S. Signal Corps in 1941 and presented

to Franklin Roosevelt in a confidential memorandum), describing efforts of the Nazi Sicherheitsdienst (or SD) to harness and weaponize Haitian Voodoo and zombie-creating technologies for military purposes. For the first time, here is the thrilling, humorous, and satisfyingly-gory story of an evil empire's foolhardy attempt to harness an ancient and unspeakable monster: the zombie! While the Nazis initially dream of creating an army of bloodthirsty, automaton super-zombies to march across Europe, they soon learn that the walking dead are not as obedient and malleable as they've been led to believe. In contrast, these Nazi agents quickly find that the walking dead of the Haitian backwoods are closer to brain-eating, flesh-rending dynamos that don't respect a nicely pressed SS uniform, and instead just go for the jugular. Faced with Voodoo spells, dangerous flora and fauna, and their own naive assumptions about the dark forces with which they're tangling, these Nazi SD agents learn the hard way that nobody bosses around a zombie. Kenemore—with nearly 100,000 copies of zombie classics in print—does it again.
