

Zombie Vs Man

Scott Kenemore

Man, Beast, and Zombie Kenan Malik,2000 Man, Beast, and Zombie is an original and accessible book. Vast in its scope, it draws on cutting-edge sciences such as evolutionary biology, cognitive psychology, and artificial intelligence to assess what, precisely, science can and cannot explain about human nature. Kenan Malik explains the histories of these sciences (and the philosophies that underpin them) and analyzes the complex relationship between human beings, animals, and machines to explore what really makes us human. Man, Beast, and Zombie is both a defense of scientific reason and a challenge to some of today's most cherished scientific theories. It deftly interweaves philosophy, science, and history to answer the most fundamental question of all: what is a human being?--Jacket.

Zombies Vs. Zombies #1 Richard Buchko,2017-11-10 Battling zombies is the worst nightmare in any post-apocalyptic tale - but it could be worse. When the undead rise in search of human flesh, there's little time to consider why it has happened. Unable to accept that there could be forces beyond his control, man turns to science for the solution. He finds, to his horror, that science can create zombies, too! The frantic desire to create an army immune to the bite of the undead instead unleashes a band of super-intelligent and unquestionably evil beings who enslave humans to use as spare parts for their ever-failing bodies. To escape the clutches of these science-bred demons means risking the outside world, where the undead don't enslave - they simply eat. It's a world where zombie armies made by man seek to destroy the undead, where the undead search day and night to devour human flesh, and where humans - those who remain - realize the only hope for survival might be to choose sides in the zombie war!

Zombies Vs. Nazis Scott Kenemore,2011-08 It s zombies against Nazis in a fight for the secrets of the walking...

Zombie Apocalypse Samuel Nnama,2018-07-17 With the world facing the ultimate chainsaw massacre, it takes some bad-ass generals and a couple of men in military suits to implant a scheme that will give the world one last ass to lick! The licking needed comes from the stuck-up government who knows that to beat the virus that spreads like Moses and the locusts - procedures will have to be broken to see if they can control the behavioural patterns of their prisoners that have no other instinct but kill ... kill ... kill - must be collected into data that they can understand. But with trying to control behaviour, you'll first have to cut off the hand that breed its configuration. And with that in play, comes the steps to take and none of them are pretty. Hence why the many characters compose themselves of the breaking down of not only all they've known and lived for, but the reasoning of something that nobody has ever thought would come into the daylight: an apocalypse! It involves those who peer down at the globe and say action bitches! When the rest of society hope to hell that all the barriers, police forces, and military will have unbreakable lines. Who knows? But all will have to compete to stay alive in these episodes. Majors, Generals, Colonels, Scientists, and even the President himself, who has no execution button to get rid, can run from the predicament of the United States that is infested with a species that reach all the way to Chicago. And they'll do their best to reach every other state as the ticker counts down to its last tick-tick-tick and awaits the arrival of a plan that may fence a small fraction in bondage. But would the government be so selective in its choices? The apocalypse does bring out the worse and the best in people. It's just a little fuzzy at what the finale will be. Who knows? But they'll have to think of something! Because the future is what's at stake.

Till Death Do Us Part A. J. Lee,2018-10-31 Five years...It's been five years since the world's entire female population mysteriously changed into shambling, flesh-eating undead. For Esperanza Costales, that means coping with the loss of her mother, surviving in the Tennessee wilderness with her father and brother, and wondering whether or not she's the last living woman on Earth. Esperanza and her family have adapted and learned to count their blessings, but when a group of escaped convicts led by a crazed psychopath named Frankie stumble upon their camp and kidnap her and her father, her new life is thrown into chaos. By taking advantage of a late-night zombie attack, she barely escapes captivity and flees into the forest, alone.Injured, frightened, and separated from her family, Esperanza nearly loses hope until she encounters a group of four men. Jason, Derek, Roland, and Joseph have survived the world's end by putting aside old feelings and embracing their harsh new reality, but their routine is shattered when Esperanza enters their lives and brings into question everything they thought they knew about the Apocalypse. As Esperanza and the men learn more about one another and themselves, will they be able to form a bond strong enough to survive attacks by the undead and pursuit by Frankie's gang? Will Esperanza ever see her family again? And in a world full of zombies and psychos, will a woman and four men be able to find love through despair?

This is irrelevant, for in the end, all will be destroyed when the dead rise from their graves, hungry and snarling, to devour the living. But every Earth has its protectors; gleaming beacons of hope and ragtag bands of misfit freaks with powers beyond those of normal men, who fight to preserve life. These heroes have kept evil at bay and maintained the status quo until now. Though powerful beyond measure, can even they stop the Zombie Apocalypse? When the dead swarm over the globe in numbers beyond imagination, and those who die join their ranks, will there be any hope for the rest of us who are merely flesh and blood? Within the pages of this book, the end of the world will challenge these heroes like nothing before. Prepare yourself for the greatest battle of all time, for when superheroes fight
