The Heart of a Superfan Nav Bhatia,2024-02-27 The Raptors' story is an underdog story—and the same is true for their greatest superfan. This memoir offers a courtside view into the extraordinary life of Nav Bhatia. You know him as the Raptors Superfan, but Nav Bhatia's story is bigger than basketball. Nav immigrated to Canada from India, where he had been persecuted for his religion, only to face a host of new challenges. Life as a new immigrant was gruelling and grey . . . and then, a new basketball team came to town. As Nav cheered on the Raptors at game after game, as they lost, as they won, on the good days and the bad, he discovered solace and community in the greatest game on Earth, formed indelible bonds with many of the best players the sport has ever known, and solidified his own place in the Basketball Hall of Fame. In this memoir, Nav shares his incredible personal story of triumphing over adversity, and imparts the lessons that propelled him to success in all facets of life: as an entrepreneur, movie producer, humanitarian, son, father and husband, and the Raptors' most famous devotee. And woven throughout the book are intimate, colourful behind-the-scenes stories about the Raptors—from their very first game in 1995 to their 2019 Championship win, and beyond—that only the Superfan could know. This is a book about loyalty, perseverance and the power of sports to unite us across differences—and, most of all, about how following your passions can lead you to the most extraordinary places.

Basketball Season Ticket Thomas Neumann,2018-09-01 With fans around the world, basketball is becoming the next global game. Take a front-row seat to everything that makes the NBA great in *Basketball Season Ticket: The Ultimate Fan Guide*.

The Holy Grail of Hoops Josh Swade,2013-08-01 When Josh Swade found out that the original 13 rules of basketball, penned by Dr. James Naismith—the father of modern basketball—were up for auction, he knew that it was his duty as a lifelong Jayhawks fan to make sure that they ended up where they belonged. Penned in 1891, Naismith's original rules were auctioned off by Sotheby's in New York City on December 10, 2010. Upon hearing the news that Naismith's grandson, Ian Naismith, had offered the rules for auction, Swade could not accept the notion that this sacred document could reside with just some stranger or in a random home or hall. He resolved to ensure that Naismith's rules be returned to his spiritual home of forty years, The University of Kansas. Swade had his *raison d'etre*. He had all the determination one could need. There was only one issue. He did not have 4.3 million dollars. Spanning the course of thirty-nine frantic days, Josh Swade embarked on a fanatical journey that would take him across the country. His nearly religious obsession brought him face-to-face with NBA players Paul Peirce and Steve Nash, NBA greats Jerry West and Larry Brown, and many others who knew the importance of this relic. With multiple hurdles ahead of him, will Josh be able to find the money and support to purchase the rules before it's too late?

The NBA from Top to Bottom Kyle Wright,2007-08 What NBA team was the greatest ever? For basketball fans, that question can lead to widespread debate. Sports journalist and basketball enthusiast Kyle Wright has created a new and unique computer formula to rank every team in NBA history. Coining it as the POST formula, Wright assigns ratings to all NBA teams based on how they stack up to other comparable teams during any year—from the number of wins and losses to points scored and points allowed. The result is a complete ranking that takes you from number one to number 1,153. Wright brings to

light other game-stopping details that sports lovers will appreciate, including: The most dominant teams to ever play The teams with brilliant records but no titles The unimpressive teams that won championships The teams that lost the most through the years The NBA from Top to Bottom is for every diehard basketball fan. It achieves nothing but net as it comprehensively identifies and profiles the best and worst teams ever to grace the court.

Thinking Basketball Ben Taylor, 2016-06-29 Are top scorers really the most valuable players? Are games decided in the final few minutes? Does the team with the best player usually win? Thinking Basketball challenges a number of common beliefs about the game by taking a deep dive into the patterns and history of the NBA. Explore how certain myths arose while using our own cognition as a window into the game's popular narratives. New basketball concepts are introduced, such as power plays, portability and why the best player shouldn't always shoot. Discover how the box score can be misleading, why closers are overrated and how the outcome of a game fundamentally alters our memory. Behavioral economics, traffic paradoxes and other metaphors highlight this thought-provoking insight into the NBA and our own thinking. A must-read for any basketball fan -- you'll never view the sport, and maybe the world, the same again.

How the Ball Bounces Eric DeWolfe, 2016-12-31 Imagine growing up in an ethnically diverse, poor neighborhood with little hope for the youth that lived there. Eric DeWolfe doesn't have to imagine having grown up in South Rockport, Texas at a place known affectionately as Mexican Park. Most of these residents of Rockport were of meager means and some even on public assistance. DeWolfe and his friends had a hard time envisioning a better life. But everything changed when the city built a small basketball court at the park in front of his house. It didn't take long for him to form his own team. As a huge Boston Celtics fan, DeWolfe named the team in their honor. He could include or exclude whoever he wanted, but he rarely exercised his authority. Team members were all close friends from the South Side neighborhood in Rockport. With only a hoop, ball, and dreams of transforming themselves into Magic, Bird, Jordan or Robinson, these kids would transform their mundane lives into lives worth living. Some would grow up and even get out of the neighborhood, but others would not. If you're a huge basketball fan who wants to relive your younger days and celebrate a love for basketball that you've kept into adulthood, then you'll be inspired by the highs and lows in How the Ball Bounces.

Who's Better, Who's Best in Basketball? Elliott Kalb, 2003-11-19 ABC's and ESPN's Mr. Stats ranks the NBA's greatest players of all time in this provocative and comprehensive book Elliot Kalb's work is beyond excellent. He thinks in story lines and uses numbers and history to make compelling and often original points. --Bob Costas ...a book that any hardcore basketball fan can savor. -- San Francisco Chronicle When the NBA released its supposedly authoritative list of the top 50 players, basketball fans everywhere begged to differ. In *Who's Better, Who's Best?* Elliot Kalb, known to TV viewers as ABC's Mr. Stats, enters the fray. The ultimate NBA historian and authority in armchair athletes' disputes, Kalb interweaves numbers, facts, and anecdotes to flesh out the central question in every basketball fan's mind: Who's the best? His choices are provocative (Michael Jordan isn't #1; he's not even #2), framed by discussions with unorthodox sources and respected NBA experts, players, and coaches. A tremendously satisfying book for anyone hungry for statistics and debate, this is the ultimate behind-the-numbers story of the best of the NBA.

One Sports Fan Left Behind William D. Butler, 2011-10-31 Nearly everyone in America is interested in sports. However, many people are becoming disenchanted. Media coverage is dominated by scandalous stories involving many of America's best known figures in nearly all major sports. Fans have come to see professional athletes, in general, as being overpaid, immature and obnoxious. Ticket prices have become outrageously exorbitant. Many fans feel that they have been betrayed by something that they once held so dear. *One Fan Left Behind*, written by a typical, longtime sports fan, speaks to and for those fans. Some of the issues addressed are controversial and may serve as catalysts for further thought. Many dubious things about sports are blithely taken for granted. For instance, did you ever wonder why it is that if a basketball player is fouled in the act of shooting 25 feet from the basket, (a shot which he was probably going to miss anyway) he gets to move ten feet closer to the hoop to shoot three free throws? But if he is fouled in the act of shooting a lay up, (a shot which he rarely misses) he has to move several feet further from the basket to shoot only two free throws. *One Fan Left Behind* is written in a style which is lighthearted, entertaining and at times, tongue-in-cheek. Portions could be used as a stand-up comedy routine. Other segments can be described as nostalgic, poignant and/or deadly serious. The topic is singularly timely. So many things happen every day that it was difficult for the author to finish writing this book. He had to simply drop the pencil and stop writing. The story is still unfolding.
