

About Basketball

Ben Detrick,Andrew Kuo

20 Fun Facts About Basketball Ryan Nagelhout,2015-12-15 Put the ball in the hoop and don't let the other team score. It sounds simple, but there's so much more to the game of basketball. This exciting book takes a look at the game in a quick and fun way that will have readers begging for more fun facts. From the highest scoring game and the greatest teams in NBA history to the greats of the women's game, this book uses vibrant photographs to show the all-time best at the top of their game.

All about Basketball Matt Doeden,2015 Explains the game of basketball, including the game's goals, positions, basic rules, and other points of interest.--

The Book of Basketball Bill Simmons,2010-12-07 NEW YORK TIMES BESTSELLER • The NBA according to The Sports Guy—now updated with fresh takes on LeBron, the Celtics, and more! Foreword by Malcom Gladwell • “The work of a true fan . . . it might just represent the next phase of sports commentary.”—The Atlantic Bill Simmons, the wildly opinionated and thoroughly entertaining basketball addict known to millions as ESPN's The Sports Guy, has written the definitive book on the past, present, and future of the NBA. From the age-old question of who actually won the rivalry between Bill Russell and Wilt Chamberlain to the one about which team was truly the best of all time, Simmons opens—and then closes, once and for all—every major pro basketball debate. Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons's one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. Comprehensive, authoritative, controversial, hilarious, and impossible to put down (even for Celtic-haters), The Book of Basketball offers every hardwood fan a courtside seat beside the game's finest, funniest, and fiercest chronicler.

The Joy of Basketball Ben Detrick,Andrew Kuo,2021-11-09 A vibrant, unconventional, highly opinionated guide to the triumphs, joys, struggles, and heartbreaks of the modern era of the game, for every obsessive basketball fan who loves to hate hot takes The Joy of Basketball celebrates the meteoric rise of basketball over the last quarter century by ignoring the bland, traditionalist binary of wins or losses. Instead, the book's focus is on everything else. Using text, charts, and illustrations that upend conventional jock wisdom, the book details the most incredible players in history, draft flops, long-limbed oddballs, superteams, the international talent wave, brawls, scandals, the rapid evolution of contemporary gameplay, coaching, fashion, crime, positional erosion, tragic tales, memes, and the sacred Kardashian Blessing. Bouncing between witty graphics and keen sociopolitical observations, The Joy of Basketball is a subversive sports manifesto camouflaged as a colorful reference book for your coffee table.

All about Basketball George Sullivan,1991 Gives an overview of the history and the rules of the game of basketball, along with discussion of various plays and profiles of famous players.

Basketball James Naismith,1996-01-01 James Naismith was teaching physical education at the Young Men's Christian Association Training College in Springfield, Massachusetts, and felt discouraged because calisthenics and gymnastics didn't engage his students. What was needed was an indoor wintertime game that combined recreation and competition. One evening he worked out the fundamentals of a game that would quickly catch on. Two peach half-bushel baskets gave the name to the brand new sport in late 1891. Basketball: Its Origin and Development was written by the inventor himself, who was inspired purely by the joy of play. Naismith, born in northern Ontario in 1861, gave up the ministry to preach clean living through sport. He describes Duck on the Rock, a game from his Canadian childhood, the creative reasoning behind his basket game, the eventual refinement of rules and development of equipment, the spread of amateur and professional teams throughout the world, and the growth of women's basketball (at first banned to male spectators because the players wore bloomers). Naismith lived long enough to see basketball included in the Olympics in 1936. Three years later he died, after nearly forty years as head of the physical education department at the University of Kansas. This book, originally published in 1941, carries a new introduction by William J. Baker, a professor of history at the University of Maine, Orono. He is the author of Jesse Owens: An American Life and Sports in the Western World.

34 Amazing Facts about Basketball Matt Doeden,2024-01-01 Discover incredible facts about basketball, one of the world's most popular sports. Spanning the sport's history and present-day highlights, the leveled text and striking photos make this a perfect choice for sports fans and striving readers alike. The game's amazing moments, biggest wins, and most outrageous plays are all here in a fun, high-interest format.

The Story of Basketball Dave Anderson,1988 Presents an overview of the history of basketball from its beginning in 1891 and profiles some notable players of modern times.

The Best of Everything Basketball Book Nate LeBoutillier,2010-12 Who is the only NBA player to score 100 points in a game? What team holds the league record with 33 wins in a row? What post player was known for his signature move, the Dream Shake? Learn the answer to these questions and more in The Best of Everything Basketball Book.

The Best Book of Basketball Facts & Stats Marty Strasen,Sports Team Analysis and Tracking Systems, Inc,2004 A reference guide to all National Basketball Association teams, important players, coaches, games, and statistics.

What Is Basketball? Siyavush Saidian,2018-12-15 Requiring only a hard playing surface, a ball, and a hoop, basketball is an accessible, fast-paced game that has enthralled amateur and professional athletes alike since its invention in the 1890s. Young players and fans will find out everything they ever wanted to know about basketball in this comprehensive book. The rules of the game are clearly explained, while youth opportunities and the evolution of professional basketball are explored.

Hoops Thomas Aiello,2022-02-25 From its 19th-century roots to its position today as a global symbol of American culture, basketball has been a force in American society. This book presents the first cultural history of the sport from the street to the highest levels of professional mens and womens competition, chronicling the relationship between the sport and American society.

The Comic Book Story of Basketball Fred Van Lente,Joe Cooper,2020-09-22 A fast-break history of basketball--from its humble beginnings to its all-time great players--featuring engaging true tales from the court and vivid, dynamic illustrations. Whether it's millionaire pros facing off in an indoor arena full of screaming fans or a lone kid shooting hoops on an outdoor court, basketball is one of the most popular and widely played sports in the world. The Comic Book Story of Basketball gives you courtside seats to the history of hoops. It chronicles the sport from its beginnings in a YMCA in Massachusetts to its current status as a beloved international game for men and women of all ages. Learn the true stories behind the college game, the street game, the women's game, and the international game, with legendary players and coaches like Dr. J, Michael Jordan, LeBron James, and Steph Curry profiled throughout.

The Capital of Basketball John McNamara,2019-11-03 In The Capital of Basketball, John McNamara offers the first-ever comprehensive look at the great high school players, teams, and coaches that make the DC metropolitan area second to none in its contributions to the game. This fascinating, highly-illustrated history is perfect for basketball fans or anyone interested in Washington, DC history.

Lost in the Game Thomas Beller,2022-10-07 For players, coaches, writers, and fans, basketball is a science and an art, a religious sacrament, a source of entertainment, and a way of interacting with the world. In Lost in the Game Thomas Beller entwines these threads with his lifetime's experience as a player and journalist, roaming NBA locker rooms and city parks as a basketball flaneur in search of the meaning of the modern game. He captures the magnificence and mastery of today's most accomplished NBA players while paying homage to the devotion of countless congregants in the global church of pickup basketball. He shares his own stories from the courts, meditating on basketball's role in city life and its impact on the athlete's psyche as he moves from youth to middle age. Part journalistic account, part memoir of a slightly talented player whose main gift is being tall, Lost in the Game charts the game's inexorable gravitational hold on those who love it.

Breaking Barriers Douglas Stark,2018-12-15 This book charts the progress of integration in basketball, from the first black professional basketball player in 1902 to the modern game. These crucial steps in the history

of basketball are placed within the larger context of American history, making this book an essential addition to the literature on sports and race in America.

This Was Never About Basketball Craig Leener,2017-05-12 In this coming-of-age novel, seventeen-year-old high school basketball star Ezekiel Zeke Archer has it all: a sweet jump shot, a full-ride scholarship to a Midwestern basketball powerhouse, and the brightest future. But when Zeke's temper gets the better of him in the city championship, he is expelled from school, has to forfeit his scholarship, and is left to ponder his once-hopeful future... While finishing his final high school days in the California educational system's version of purgatory, Zeke makes a stunning discovery. With the help of a young autistic classmate Zeke befriends, he learns that the mysterious 7th Dimension, which brought basketball to Earth more than a century ago, has decided to take the game away for good -- all because of the ugly event Zeke set into motion in his final game! As he embarks on the ultimate cross-country road trip to save basketball, Zeke must confront his unsettled past -- including a father he's not heard from in years and a brother fighting in a war half a world away -- in order to set his life on the right path and rescue the game he loves.

King of the Court Aram Goudsouzian,2010 King of the Court provides a highly nuanced and sophisticated analysis of the great African American basketball player from his earliest days up to the present time. With great skill and much insight, Goudsouzian makes clear that Russell was a very complicated man who was full of contradictions in his own private life and in relationship to his business associates, teammates, opponents, the media, and the larger sporting public.--David K.Wiggins, George Mason University Not only is King of the Court one of the most impressive and important sports biographies to come along in many a season, easily in the same class as David Maraniss's When Pride Still Mattered (on Vince Lombardi) and Wil Haygood's Sweet Thunder (on Sugar Ray Robinson), it is also one of the truly incisive books on the intersection of race, civil rights, and popular culture that have appeared in some time. Having grown up in Philadelphia, I was always a Wilt Chamberlain man and always will be, but King of the Court convinced me that Bill Russell defined his age in ways that Chamberlain never did. Russell was a man for all seasons. This is a biography befitting Russell's stature.--Gerald Early, author of One Nation Under a Groove: Motown and American Culture Before there were crossover dribbles or slam dunk competitions, before they even kept statistics for blocked shots, Bill Russell dominated the game we call basketball. The respect he demanded as a black man during America's turbulent Civil Rights era made him the personification of a winner in life. King of the Court, like Russell's defense, locks it down, and puts it all in its proper context. Long live the King!--Dr. Todd Boyd, author of Young, Black, Rich, and Famous: The Rise of the NBA, the Hip Hop Invasion, and the Transformation of American Culture Bill Russell's life story is only incidentally about basketball. For him the sport was not a life; it was his vehicle for social change, a platform that showcased his vision for America as much as his athletic talent. In his magnificent biography, Aram Goudsouzian captures the nuance and meaning of Russell's career. After reading the book, one will never look at Russell or sports in quite the same way.--Randy Roberts, Purdue University Brings back the excitement of the great days of the NBA and its legendary players, led by the king of them all, Bill Russell. Best book I've read on basketball in 40 years.--Bill McSweeney, co-author, with Bill Russell, of Go Up for Glory

Power Basics of Basketball James Bryce,Bill Polick,1985 Text and photos present instructions in playing basketball, and some outstanding players present their own pointers and philosophy of the game.

Basketball Michael Hurley,2013-01-01 Presents facts about basketball players, records, achievements, and crowds, revealing such information as the highest scoring game and the tallest player.
