**Breaking News: Alien Alert** David Biedrzycki, 2018-04-03 Bears in space! The bears from Breaking News: Bear Alert and Bears to the Rescue are back, and this time they're extraterrestrial. When a UFO beams up Baby Bear and abducts the family, the human world goes crazy. Hilarity and chaos ensue as scouts, scientists, street vendors, and the mayor try to put their own spin on the story. Intrepid but bumbling reporter Chad Newsworthy covers it all, searching for the truth: Why did aliens snatch up these animals? (Hint: It's someone special's birthday!)

Alien RPG Free League Publishing, 2019-12-10 Space is vast, dark, and not your friend. Gamma rays and neutrino bursts erupt from dying stars to cook you alive, black holes tear you apart, and the void itself boils your blood and seizes your brain. Try to scream and no one can hear you - hold your breath and you rupture your lungs. Space isn't as empty as you'd think, either - its frontiers are ever expanding. Rival governments wage a cold war of aggression while greedy corporations vie for valuable resources. Colonists reach for the stars and gamble with their lives - each new world tamed is either feast or famine. And there are things lurking in the shadows of every asteroid - things strange and different and deadly. Things alien. This is the official ALIEN tabletop roleplaying game - a universe of body horror and corporate brinkmanship, where synthetic people play god while space truckers and marines serve host to newborn ghoulish creatures. It's a harsh and unforgiving universe and you are nothing if not expendable. Stay alive if you can--Back cover.

Real Aliens, Space Beings, and Creatures from Other Worlds Brad Steiger, Sherry

Hansen Steiger, 2011-05-01 Shocking true stories of those who walk among us . . . With the Kepler satellite observatory detecting new planets at an unprecedented rate and the powerful computers at NASA's Ames Research Center seeking signs of distant life, will a breakthrough discovery happen shortly—or has there already been a secret encounter with alien beings? Who might be coming next? And who walks among us today? Visits from otherworldly creatures, aliens living among us, abductions of humans to alien spacecraft, and accounts of interstellar cooperation since the UFO crash in Roswell are thoroughly investigated in *Real Aliens*, *Space Beings*, and *Creatures from Other Worlds*. Paranormal researcher extraordinaire Brad Steiger, an author of thousands of books and articles on the mysterious and unknown, looks into a wide host of otherworldly encounters from alleged eyewitness accounts of extraterrestrial beings working side by side with human scientists to the uncomfortable accusations of alien abductions. Disquieting testimonials, enlightening news articles, informative historical accounts and documents, this book chronicles more than 300 examples of alien encounters, conspiracy theories, and the influence of extraterrestrials on human events throughout history. This discussion of the theories and mysteries surrounding aliens is packed with thought-provoking stories and shocking revelations of alien involvement in the lives of Earthlings, such as ... Three Russian scientists who were monitoring the Apollo Moon Landing on July 20, 1969 claim that astronauts Armstrong and Aldrin were being closely observed by UFOs; Thousands of women all over the world claim to have been abducted for the purpose of bearing Hybrid Children; A family in Colorado repeatedly visited by aliens—with physical evidence and photographs to prove their story. From cattle and human mutilations to missing time

experienced by UFO experiences, and from secret underground and even underwater alien facilities to government-alien conspiracies, each astonishing report is detailed with thorough research and recounted with a storyteller's crafted voice. Real Aliens, Space Beings, and Creatures from Other Worlds will leave the reader wondering who has visited us; who's coming to visit next; and who walks among us.

**American Aliens** Gina Hagler, 2019-12-15 Do UFOs and aliens exist? Many people claim they don't. Readers will discover just what people have claimed to witness and experience and what the experts have to say about these strange reports.

**Saved by an Alien Shifter** Pascia Thrall, 2020-05-11 I thought a zombie apocalypse was bad enough, now I learn aliens are real too? The last survivor of my group, I'm picking off zombies from the safety of our compound when one of the zombies stop and looks directly at me! The zombies are mindless. They never see anything. Somehow this one does, and it's headed straight for me. What choice do I have except to shoot it? But when my arrow hits, the zombie doesn't die like it should have. Instead there's a burst of blinding light, and when I can finally see again the rotting zombie flesh has turned into shimmering golden skin. He looks human enough, and he's most definitely male, and he's

bleeding purple blood from a wound with my arrow sticking out of it. There's been too much death lately, I can't add him to the count. But saving him is one thing, falling for him... that's another thing all together. He's an alien. I can't fall for an alien, can I? Saved by an Alien Shifter is a stand-alone sci-fi romance novella, the first book of a four book series for adults aged 18+. It contains a hot alien, explicit sex scenes, a teensy amount of gore, and a HEA. This story is set in a post-apocalyptic dystopian world with zombies, and features steamy science fiction alien romance.

*Alien Sightings in America* Jennifer Bringle, 2011-12-15 Presents information about sightings of UFOs in the United States, beginning with reports from the late nineteenth century through accounts in the twentieth century, with details about the depiction of UFO's in books, radio, television, and films.

Making Contact Alan Steinfeld, 2021-05-04 I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity has ever faced. —George Noory, host of Coast to Coast AM “We cannot separate the earth from its greater cosmic environment. What is needed is a new story and Alan Steinfeld’s Making Contact is part of that story.” —Deepak Chopra, Author, Total Meditation How can we prepare for an event that is literally beyond anything humanity has ever faced? Making Contact presents multiple perspectives on what no longer can be denied: UFOs and their occupants are visiting our world. The book answers questions which remain in the wake of the recent Pentagon’s disclosures as to who and why these beings are here. The volume contains original writings by the leading experts of the phenomena such as: Linda Moulton Howe, Earthfiles reporter, Whitley Strieber best-selling author of Communion, Professor John E. Mack,

former head of the Harvard Medical school of psychiatry and an alien abduction investigator, Darryl Anka internationally known for his communication with the extraterrestrial Bashar, Nick Pope, former UK Ministry of Defense UFO investigator, Grant Cameron expert on American presidents and UFOs, Drs. J.J. and Desiree Hurtak, globalists and founders of the worldwide organization, The Academy for Future Science, Caroline Cory, director of Superhuman and ET: Contact, Mary Rodwell, author of the New Human about star-seed children, Henrietta Weekes, actress and writer, expressing the poetic aspects of making contact. Alan Steinfeld, contributes and curates the collection with 30 years of experience with the subject. The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the “new realities of extraterrestrial existence.” At this critical juncture in the government’s official acknowledgement of the reality of UFOs/UAPs, scientists, politicians and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and “contact” experiences currently being reported on a global scale. The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena. The variety of viewpoints expressed in the volume provide a solid foundation for the “preparation” of the greatest challenge to ever face humankind. Making Contact stands as the essential handbook for embracing the most exalted moment in history: Meeting the cosmic others.

Here is information unavailable in any other single source, including: Intriguing insights into the 1947 Roswell crash and the U.S. military's efforts to suppress all public inquiries Detailed accounts of UFO landing sites in South America and of abductions in the U.S. Vivid descriptions of UFOs by Apollo astronauts-in their own words Tantalizing clues to the alien timetable for revealing their plans here And much more!

**Area 51** Annie Jacobsen,2011-05-17 This compellingly hard-hitting bestseller from a Pulitzer Prize finalist gives readers the complete untold story of the top-secret military base for the first time (New York Times). It is the most famous military installation in the world. And it doesn't exist. Located a mere seventy-five miles outside of Las Vegas in Nevada's desert, the base has never been acknowledged by the U.S. government — but Area 51 has captivated imaginations for decades. Myths and hypotheses about Area 51 have long abounded, thanks to the intense secrecy enveloping it. Some claim it is home to aliens, underground tunnel systems, and nuclear facilities. Others believe that the lunar landing itself was filmed there. The prevalence of these rumors stems from the fact that no credible insider has ever divulged the truth about his time inside the base. Until now. Annie Jacobsen had exclusive access to nineteen men who served the base proudly and secretly for decades and are now aged 75-92, and unprecedented access to fifty-five additional military and intelligence personnel, scientists, pilots, and engineers linked to

the secret base, thirty-two of whom lived and worked there for extended periods. In *Area 51*, Jacobsen shows us what has really gone on in the Nevada desert, from testing nuclear weapons to building super-secret, supersonic jets to pursuing the War on Terror. This is the first book based on interviews with eye witnesses to Area 51 history, which makes it the seminal work on the subject. Filled with formerly classified information that has never been accurately decoded for the public, *Area 51* weaves the mysterious activities of the top-secret base into a gripping narrative, showing that facts are often more fantastic than fiction, especially when the distinction is almost impossible to make.

**Aliens** Jim Pipe,2013-01-01 Readers learn about visitors from another planet—aliens. They will learn what happened in the New Mexico desert in 1947 and decide for themselves if they believe it was a weather balloon crash, like the government wants you to think, or something more. Readers discover the close encounters earthlings have had with extraterrestrials, through decades of reported incidents. A “twilight quiz” will ask readers what they would do during a UFO encounter.

*Aliens and Us Are We Prepared Yet?* Vikas Gupta, 2010-04-23 The subject of aliens is not a new one and has been around for a really long time now. We talk about it all the time. News and articles about the possibility of alien visits or attacks are everywhere. Perhaps this has become so common that people have started to shrug it off, thinking this is just one of those science fiction topics that media loves to sensationalize. If all of a sudden we have an alien encounter one day, are we psychologically prepared for this? Like many of you even I think we are not. In fact we might be in a state of shock as they might turn out to be completely different from any of our imaginations about them. But if we are prepared for anything, then such an alien encounter might not be shocking. The objective of this book is to prepare its readers psychologically to deal with the subject of aliens and the first alien encounter. In other words aiming to prepare humanity with the cope of a possible shock upon an impending alien encounter. There are a lot of mysteries in this world that might have some paranormal behavior associated to them, but they are kind of

scattered and appear here and there. In other words although these mysteries have been documented well enough by a lot of people from time to time, but they do not appear related. This book attempts to bring together these mysteries and relate them with one possible explanation that is common, the alien connection. Also it is trying to bring this subject out from the confines of a circle of scientists, subject experts and enthusiasts to a common person. So this book is for a common man by a common man.

Iowa UFO's and Extraterrestrials! Carole Marsh,1997-09

**Bad UFOs** Robert Sheaffer,2015-12-31 What explains the human fascination with UFOs? The first reported sighting of what was then called flying saucers was by private pilot Kenneth Arnold on June 24, 1947. Within a few weeks, an entire wave of saucer sightings swept across the U.S., and soon across the world. And within a few years this had expanded to give us UFO crashes, the Men In Black, UFO bases, military and intelligence agency conspiracies, NASA conspiracies, alien abductions, crop circles, alien autopsies, alien-human hybrids, cattle mutilations, and the list just continues to grow. Do the saucers (later renamed UFOs) represent visitors from some other planet, or possibly even something more bizarre? How have they evaded unambiguous detection for about seventy years? Is this because the methods of science cannot capture them? Or do reports of UFOs have much in common with reports of ghosts, witches, Bigfoot, and other creatures that are widely discussed and widely believed, but exist only in the imaginations of those who pursue them? **Bad UFOs** discusses some of the most famous and controversial UFO cases of all time, from a rational and scientific perspective: · the Betty and Barney Hill 'UFO abduction' account · the Phoenix Lights · the Roswell 'UFO crash,'

and the recent 'Roswell Slides' · the supposed 'UFO landing' in Rendlesham Forest · Travis Walton's 'UFO abduction' claim · UFOs seen using Night Vision equipment · Steven Greer's Disclosure Project, and ET Contact Protocols
