Mack Maloney

Alpha Strike Keith Douglass,1997 China is growing in power and boldness and the stage is set for a second Cold War. Rear Admiral Tombstone Magruder is forced to make choices that will change the course of history.

In the Red Dragon's Shadow - Come the Jackals B. H. La Forest,2011-01-17 Released -- January 2011 Red Dragon's Shadow reboots at a point a few years after the conclusion of Shadow Partners - A Law Enforcement Story. Manfred Kurtz is still the Special Agent in Charge (SAC) of ATF's Detroit Field Division, and Angelo Tana is his assistant. The joint ATF Detroit Police Department (DPD) task force continues to work successfully on matters that cross jurisdictional lines. The story begins with a series of brutal murders in three separate States. Seemingly, they are not connected. Local jurisdictions are busy investigating the crimes, with no reason to suspect any relationship to other incidents. When she chances upon a Detroit crime scene, AUSA Janet Evergreen misses being killed by seconds. Although Janet had not witnessed the assassination of a DPD officer, she did take note of the driver of a getaway vehicle a man who recognized Janet. Manfred Kurtz and the Task Force members become involved after another source reveals facts about another murder. Assigned ATF agents and DPD officers again begin work on what first appears as a simple case. Far from being an elementary, the men and women will become embroiled in political corruption, murder, firearms trafficking and the first (ALPHA) strike against America by a determined terrorist

organization. China wants to make inroads into America's love of guns through established firearms' importation procedures. However, the legitimate effort has been subverted by new adversaries from China. Led by a Chinese colonel from the People's Liberation Army and a cabal, consisting of a select group of military and political members of China's elite, a subplot surfaces. Alliances and treacherous activities will quickly pit radical Muslims from Iran, Iraq and China, against Kurtz, the Task Force and Chinese investigators with similar credentials as ATF. Before long, the race is on to identify and neutralize the terrorist group responsible for many dead Americans. The country's law enforcement is stymied on the makeup of the group and where they might strike again. In a bizarre turn of events, ATF becomes the number one target of criticism from all sides of the firearms' issues, and is blamed for the attacks. With the ATF/DPD Task Force morale wavering, even with promising leads in hand, the Director of another agency decides ATF has been mortally wounded. He calculates that the time is right to scrape up the tidbits developed by the Task Force. His agency identified what the group's acronym stands for, and intends to parlay what he has into a chance for significant publicity. Even so, the Director might not have all of the information he requires for success, or does he? Faced with having to relinquish the investigation, Manfred Kurtz and Angelo Tana receive a lifeline. It is tossed to them by a Chinese criminal investigator. Colonel Mozi Zemin has come across information vital to

the Task Force. However, Kurtz and Tana must travel to Hong Kong where they race to intercept a shipment of weapons of mass destruction. Back in the U.S., the Task Force investigation continues--and so do the assassinations of American citizens. Progress is being made, though. Bit-by-bit, ATF and DPD officers and their support people begin to build a picture of the scope of the terrorist operation. But, just before a national enforcement operation, Washington decides to hold back ATF. Instead, their bosses at the Treasury Department acquiesce to a partial case-takeover by the Departments of Defense and Justice. A small carrier task force will search the Pacific for the arms shipments, while ATF handles the countrywide raids.

The SuperHawks Quartet Mack Maloney, 2015-09-08

In a post-9/11 world, an ultra-secret team of military specialists fights back, in four novels from the bestselling author of the Wingman series. Assembled by a mysterious superspy and operating without the political or bureaucratic oversight that can hamstring even the bravest fighting forces, the Superhawks are America's ruthless answer to 9/11. An ultra-elite force operating on the edges, they are the world's best sharpshooters, spies, demolition men, pilots, brawlers, and soldiers--and they all have a personal motive for revenge. In Strike Force Alpha, the Superhawks' mission is to kill Osama bin Laden. Hidden aboard the Ocean Voyager, this elite unit of assault troops carries out brazen, daring raids all over the Persian Gulf as it seeks its number one target: al-Qaeda's master mission

planner. Strike Force Bravo begins with the Superhawks taking on a terrorist cell that's captured Singapore's Tonka Tower Hotel. But al-Qaeda is hatching a new plot involving Stinger missiles. Can the Superhawks stop it in time? Or will the American military bureaucracy trip itself up before they even have a chance? In Strike Force Charlie, dozens of al-Qaeda terrorists preparing to unleash attacks from the heart of America sneak into the United States under paper-thin disguises. The Superhawks team up with a group of civilians to protect the country, save thousands of lives, and purge the government of high-level traitors.. And in Strike Force Delta, a supersquad from America's premier special ops unit, Delta Force, comes under attack in West Africa. Though they take out over fifty terrorists, the secret Delta Thunder team is captured. It's up to the Superhawks to invade the radicals' fortress, save the unit's men, and flatline the "crown prince" of terrorism before he can execute the hostages on live TV.

Superhawks: Strike Force Alpha Mack

Maloney,2004-07-11 Call it all-American pride. Call it vengeance. The Ocean Voyager is on course. A thirty-thousand-ton undercover assault warship set loose in the Middle East. For Colonel Ryder Long of the U.S. Air Force, fighting to win is in his blood. The same could be said for Bobby Murphy-real identity unknown-a shadowy military genius and super spy programmed for revenge. The crew: Superhawks, a crack secret op team bound by a single war cry: Remember the Twin Towers! Their target is Abdul Kazeel, a notorious madman with connections throughout the Persian Gulf. Infamous in the terrorist underworld and top mission planner for Al Qaeda, he's planning a new attack on America with a destructive force that threatens the future of the free world. Only the Superhawks can stop this enemy dead in his desert tracks as they declare their own war in full explosive fury and enforce world peace through any means necessary.

The Story of the Plott Hound Bob

Plott,2007-12-17 Recognized now as one of the premier hunting dogs in America, the Plott bear

hound is unique among hunting dog breeds because it descends from Germanic stock rather than the traditional English foxhound. The breed's story began when its original breeder, Johannes Plott, and his brother Enoch left Germany in 1750 with their prized hunting dogs. This trip across the Atlantic began the two-hundred-year journey that would culminate in the North Carolina mountains with the development of what is now arguably the world's finest breed of hunting dog. This fascinating story of the Plott family and the Plott hound is a classic American tale of adventurers and underdogs--a story that Bob Plott, the great-great-great-grandson of Johannes Plott, is uniquely qualified to tell.

Launch the Intruders Carol Reardon, 2005 Carol Reardon chronicles the operations of Attack Squadron 75, the Sunday Punchers, and their high-risk bombing runs launched off the U.S.S. Saratoga during the famous Linebacker campaigns. Based on access to crew members and their families, her book blends military and social history to offer a look at the air war in Southeast Asia.

Scorpion Strike John Gilstrap, 2018-06-26 An island paradise is taken hostage in a plot to spark global war in this "perfect summer read for thriller fans" by the New York Times bestselling author (Publishers Weekly, starred review). For Jonathan Grave and Gail Bonneville, the Crystal Sands Resort just off Mexico's Pacific coast is the perfect getaway--until gunshots shatter the night. Wealthy guests are yanked out of their rooms and forced to submit to their captors' demands. But Grave and Bonneville are no ordinary

vacationers. The Russian mercenaries who invade their bungalow receive a deadly surprise. And the two skilled operatives escape into the jungle. It won't be long before the invaders turn this tropical paradise into a powder keg that will set off global chaos. Grave may be without weapons—and cut off from his usual tactical team—but he's never without resources. Bold action is the only solution. Like the scorpion, Grave must strike fast and hard.

Listening to Ghosts Bob Stockton,2016-06-17

Listening To Ghosts, Second Edition is an accounting of Bob Stockton's reminiscences while coming of age in a Northeastern blue collar neighborhood, his subsequent escape to the United States Navy and his twenty year career as an enlisted man in the Cold War and Vietnam era. Written in the first person, Bob Chronicles the many adventures—and misadventures— of his Navy career in frank, candid and politically incorrect language. This second edition, written by the author of the first edition, features new illustrations, streamlined chapters and previously unpublished content.

The Encyclopedia of the Vietnam War [4 volumes]
Bloomsbury Publishing,2011-05-20 Now in its second edition, this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U.S. history. The Vietnam War lasted more than a decade, was the longest war in U.S. history, and cost the lives of nearly 60,000 American soldiers, as well as millions of Vietnamese—many of whom were

uninvolved civilians. The lessons learned from this tragic conflict continue to have great relevance in today's world. Now in its second edition, *The Encyclopedia of the Vietnam War: A Political, Social, and Military History* adds an entire additional volume of entries to the already exhaustive first edition, making it the most comprehensive reference available about one of the most controversial events in U.S. history. Written to provide multidimensional perspectives into the conflict, it covers not only the American experience in Vietnam, but also the entire scope of Vietnamese history, including the French experience and the Indochina War, as well as the origins of the conflict, how the United States became involved, and the extensive aftermath of this prolonged war. It also provides the most complete and accurate order of battle ever published, based upon data compiled from Vietnamese sources. This latest release delivers even more of what readers have come to expect from the editorship of Spencer C. Tucker and the military history experts at ABC-CLIO.
