Afrikan Alphabets Saki Mafundikwa, 2007 Due to popular demand for the first

edition, Mark Batty Publisher proudly announces a reissue of this title in paperback. Because the book sets the record straight about how colonial powers suppressed the rich cultural and artistic histories of Afrikan alphabets, this title should appeal to individual readers as well as schools and universities. Both entertaining and anecdotal, Afrikan Alphabets presents a wealth of highly graphical, attractive and inspiring illustrations. Writing systems across the Afrikan continent and the Diaspora are analyzed and illustrated; syllabaries, paintings, pictographs, ideographs and symbols are compared and contrasted. This colourful, extensively illustrated and informative visual journey will be of interest to everyone seeking inspiration from, or more information about, Afrikan culture and art.

The Alphabet's Alphabet Chris Harris, 2020-09-29 For fans of *P is for Pterodactyl* comes this groundbreaking spin on the ABCs from an acclaimed bestselling author and artist duo! Here's a totally twisted take on the alphabet that invites readers to look at it in a whole new way: An A is an H that just won't stand up right, a B is a D with its belt on too tight, and a

Z is an L in a tug-of-war fight! Twenty-six letters, unique from each other - and yet, every letter looks just like one another! Kind of like...one big family. From two bestselling masters of wordplay and visual high jinks comes a mind-bending riddle of delightful doppelgängers and surprising disguises that reveal we're more alike than we may think. You'll never look at the alphabet the same way again!
