**Cinema Houston** David Welling,2010-06-30 Cinema Houston celebrates a vibrant century of movie theatres and moviegoing in Texas's largest city. Illustrated with more than two hundred historical photographs, newspaper clippings, and advertisements, it traces the history of Houston movie theatres from their early twentieth-century beginnings in vaudeville and nickelodeon houses to the opulent downtown theatres built in the 1920s (the Majestic, Metropolitan, Kirby, and Loew's State). It also captures the excitement of the neighborhood theatres of the 1930s and 1940s, including the Alabama, Tower, and River Oaks; the theatres of the 1950s and early 1960s, including the Windsor and its Cinerama roadshows; and the multicinemas and megaplexes that have come to dominate the movie scene since the late 1960s. While preserving the glories of Houston's lost movie palaces—only a few of these historic theatres still survive—Cinema Houston also vividly re-creates the moviegoing experience, chronicling midnight movie madness, summer nights at the drive-in, and, of course, all those tasty snacks at the concession stand. Sure to appeal to a wide audience, from movie fans to devotees of Houston's architectural history, Cinema Houston captures the bygone era of the city's movie houses, from the lowbrow to the sublime, the hi-tech sound of 70mm Dolby and THX to the crackle of a drive-in speaker on a cool spring evening.

**Memphis Movie Theatres** Vincent Astor,2013-11-18 Memphis has always been a theatrical town—a crossroads in the center of America for entertainment as well as commerce. Movies are among the many things that travel through the city, both for distribution and exhibition. Thousands of people who have lived here or just passed through, especially during and after World War II, found their way to the movie theatres. From the vaudeville palaces on Main Street to the nickelodeons on Beale Street, these theatres helped shape the culture of the city. Kemmons Wilson operated movie houses before he built the first Holiday Inn. Several movie theatres played roles in the life of Elvis Presley. W.C. Handy attended the opening of a theatre named for him. Local censorship practices influenced decisions in Hollywood, and the first multiplex in the region was built in Memphis.

**Downtown Chicago's Historic Movie Theatres** Konrad Schiecke,2011-11-08 The story of downtown Chicago—its early development, later struggles, and current restoration—is mirrored in the history of the theatres that occupied its streets. This vivid chronicle tells the tale of the Windy City's theatres, from mid-nineteenth century vaudeville houses to the urban decline and renewal of the twentieth and twenty-first centuries. Discussed are the rebuilding efforts after the Great Chicago Fire of 1871, the first nickel theaters showing “moving pictures,” the ornate silent movie palaces, the move to “talkies,” the challenges of the Great Depression and the introduction of television, and urban decline. Today, Chicago has preserved some of its most historic movie palaces, landmarks of cultural vibrancy in its reawakened downtown. With nearly 200 photographs from the Theatre Historical Society of America, this work brings to life all of the theatres that have enlivened Chicago's entertainment district, reflecting the transformation of downtown Chicago itself.

**Historic Movie Theaters of Delaware** Michael J. Nazarewycz,2019 From the opera house and movie palace to the modern multiplex, the big screen in Delaware is more than a century old. Hollywood legend Cary Grant visited the Playhouse Theater in 1955, fondly recalling his days on its stage as a child actor. Clint Eastwood came to Wilmington for a secret test screening of his film *The Gauntlet* at the Branmar Cinema. The groundbreaking history of *Star Wars* includes a Delaware theater that was one of only forty-five in the country to open the film. Author Michael J. Nazarewycz recounts the cinematic history of Delaware's movie theaters.

**Historic Movie Theatres of New Mexico** Jeff Berg,2018-07-16 New Mexico's theatrical ties span over one hundred years. The Fountain Theatre, once a Civil War hospital and headquarters, produced plays, opera and vaudeville performances until 1929, when the venue started airing talkies. Today, it holds the title of oldest operating theatre in New Mexico. Albuquerque drive-in attendees enjoyed personal screens for each car at the Circle Autoscope. And Rio Grande Theater operated for over seventy years before showing its final screening of *U.S. Marshals* in 1998. Author Jeff Berg details the Land of Enchantment's iconic movie houses.

**Hollywood's Embassies** Ross Melnick,2022-04-26 Winner - 2022 Richard Wall Memorial Award, Theatre Library Association Beginning in the 1920s, audiences around the globe were seduced not only by Hollywood films but also by lavish movie theaters that were owned and operated by the major American film companies. These theaters aimed to provide a quintessentially “American” experience. Outfitted with American technology and accoutrements, they allowed local audiences to watch American films in an American-owned cinema in a distinctly American way. In a history that stretches from Buenos Aires and Tokyo to Johannesburg and Cairo, Ross Melnick considers these movie houses as cultural embassies. He examines how the exhibition of Hollywood films became a constant flow of political and consumerist messaging, selling American ideas, products, and power, especially during fractious eras. Melnick demonstrates that while Hollywood's marketing of luxury and consumption often struck a chord with local audiences, it was also frequently tone-deaf to new social, cultural, racial, and political movements. He argues that the story of Hollywood's global cinemas is not a simple narrative of cultural and industrial indoctrination and colonization. Instead, it is one of negotiation, booms and busts, successes and failures, adoptions and rejections, and a precursor to later conflicts over the spread of American consumer culture. A truly global account, *Hollywood's Embassies* shows how the entanglement of worldwide movie theaters with American empire offers a new way of understanding film history and the history of U.S. soft power.

**Cinema Treasures** Ross Melnick,Andreas Fuchs,2004 More than 100 years after the first movie delighted audiences, movie theaters remain the last great community centers and one of the few amusements any family can afford. While countless books have been devoted to films and their stars, none have attempted a truly definitive history of those magical venues that have transported moviegoers since the beginning of the last century. In this stunningly illustrated book, film industry insiders Ross Melnick and Andreas Fuchs take readers from the nickelodeon to the megaplex and show how changes in moviemaking and political, social, and technological forces (e.g., war, depression, the baby boom, the VCR) have influenced the way we see movies. Archival photographs from archives like the Academy of Motion Picture Arts and Sciences and movie theater ephemera (postcards, period ads, matchbooks, and even a barf bag) sourced from private collections complement Melnick's informative and engaging history. Also included throughout the book are Fuchs' profiles detailing 25 classic movie theaters that have been restored and renovated and which continue to operate today. Each of these two-page spreads is illustrated with marvelous modern photographs, many taken by top architectural photographers. The result is a fabulous look at one way in which Americans continue to come together as a nation. A timeline throughout places the developments described in a broader historical context. We've had a number of beautiful books about the great movie palaces, and even some individual volumes that pay tribute to surviving theaters around the country. This is the first book I can recall that focuses on the survivors, from coast to coast, and puts them into historical context. Sumptuously produced in an oversized format, on heavy coated paper stock, this beautiful book offers a lively history of movie theaters in America, an impressive array of photos and memorabilia, and a heartening survey of the landmarks in our midst, from the majestic Fox Tucson Theatre in Tucson, Arizona to the charming jewel-box that is the Avon in Stamford, Connecticut. I don't know why, but I never tire of gazing at black & white photos of marquees from the past; they evoke the era of moviemaking (and moviegoing) I care about the most, and this book is packed with them. *Cinema Treasures* is indeed a treasure, and a perfect gift item for the holiday season. - Leonard Maltin Humble or grandiose, stand-alone or strung together, movie theaters are places where dreams are born. Once upon a time, they were treated with the respect they

deserve. In their heyday, historian Ross Melnick and exhibitor Andreas Fuchs write in *Cinema Treasures*, openings of new motion-picture pleasure palaces that would have dazzled Kubla Khan 'received enormous attention in newspapers around the country. On top of the publicity they generated, their debuts were treated like the gala openings of new operas or exhibits, with critics weighing in on everything from the interior and exterior design to the orchestra.' Handsomely produced and extensively illustrated, *Cinema Treasures* is detailed without being dull and thoroughly at home with this often neglected subject matter. Its title would have you believe it is a celebration of the golden age of movie theaters. But this book is something completely different: an examination of the history of movie exhibition, which the authors accurately call 'a vastly under-researched topic.' - Los Angeles Times

Cinema in the Arab World Ifdal Elsaket,Daniel Biltereyst,Philippe Meers,2023-01-26 Cinema in the Arab world has been the subject of varied and rigorous studies, but most have focused on films as text, providing in-depth analyses of plot, style, ideologies, or examination of the biographies of prominent directors or actors. This innovative new volume shifts the focus on Arab cinema off-screen, to examine the histories, politics, and conditions of distribution, exhibition, and cinema-going in the Arab world. Through broadening the frame of study beyond the screen, the book widens understanding of the cinema, not merely as a collection of films-as-texts, but as a site of cultural and political contestation in the Arab world. Divided into two sections, and guided by interdisciplinary considerations, the contributors examine historical and contemporary issues of Arab cinema in terms of the experience of movie-going and filmmaking. They examine the networks of distribution and exhibition, as well as the contested and multiple meanings that the cinema embodied through diverse historical periods and geographical locations. Part I focuses on new histories of Arab cinema in terms of film production, distribution, exhibition and audience's experiences of cinema-going. Part II deals with more recent issues within scholarship on Arab cinema such as issues of politics, economics, ideologies, as well as issues related to Arab movies' international circulation and screenings at festivals. Together, the chapters enrich our understanding of the cinema in the Arab world, showing how deeply embedded it is within its social, political, and economic contexts.

**The Stuff of Spectatorship** Caetlin Benson-Allott,2021-04-06 Film and television create worlds, but they are also of a world, a world that is made up of stuff, to which humans attach meaning. Think of the last time you watched a movie: the chair you sat in, the snacks you ate, the people around you, maybe the beer or joint you consumed to help you unwind—all this stuff shaped your experience of media and its influence on you. The material culture around film and television changes how we make sense of their content, not to mention the very concepts of the mediums. Focusing on material cultures of film and television reception, *The Stuff of Spectatorship* argues that the things we share space with and consume as we consume television and film influence the meaning we gather from them. This book examines the roles that six different material cultures have played in film and television culture since the 1970s—including video marketing, branded merchandise, drugs and alcohol, and even gun violence—and shows how objects considered peripheral to film and television culture are in fact central to its past and future.
