**Astral Pet Store** Ancient Xi,2020-06-23 [Webnovel provides the latest update of Astral Pet Store] What's not to love about my new life after transmigrating into a Pet-centered world? There are mighty creatures that come in all shapes and sizes. They can either be cuddly companions, helpers in your daily life, daring scouts or strong fighters. Or all of the above. Not bad, huh? She Brought the Art of Women: a Song of Solomon, Nabonidus, and the Goddess Janet Tyson,2022-10-31 She Brought the Art of Women offers an alternative, controversial, but thoroughly researched analysis of the Song of Solomon that attempts to prove it was composed as a unified narrative very soon after the fall of Babylon (539 BCE). Sources include Akkadian cuneiform inscriptions, Egyptian and Mesopotamian mythologies, rabbinical legends, accounts of priestly practices, archaeological evidence, the use of gematria, obscure magical rites, ancient medical texts, and the use of intertextuality. With one simple but profound shift in perspective-when the name Solomon is replaced by Nabonidus (the last King of Babylon), the Song makes complete historical sense. Nabonidus is the beloved of the Song; the female character is the Egyptian First Prophet of Amun-Re, Nitocris II. It is argued that the couple are united in a conciliatory marriage as part of a treaty in 549 BCE. Their union is fraught with anxiety, frustration, and confrontation, and becomes toxic, eventually driving the king mad. This perceived madness is evidenced in Babylonian inscriptions and elsewhere in the Bible. The legends of King Solomon are shown to be based on a conflation of events and characteristics peculiar to Nabonidus, most significantly Solomon's marriage to an Egyptian, his interest in the religion and rituals she brings with her, and his supposed wisdom. The name Solomon is a pseudonym, used to avoid invoking the king's true name, which becomes anathema to the post-exilic Jews. Nitocris's belief system is that of Shetaut Neter; it is into this religion she inculcates Nabonidus. Her ultimate position at Karnak is still debated but the Song does seem to substantiate the theory that she had attained the role of God's Hand before she left; this is depicted in the Song in the context of the Elixir Rubeus rite, performed only by the most advanced Adepts. The rite involves the ceremonial ingestion of sanctified male and female efflux (menstrual blood and semen), for the purposes of opening the third eye and finding union with the Divine.

*War of the Astral Spheres* Daisy Starling,2023-09-09 In the boundless expanse of the universe, beyond the grasp of mortal eyes, lies a realm that exists beyond reality as we know it. The War of the Astral Spheres, a tapestry woven from the threads of dreams and cosmic energies, is a place where the forces of light and darkness converge in an eternal dance. It is a realm of untold power and unfathomable mystery, where the laws of physics bend and the boundaries of possibility blur into insignificance. For eons, War of the Astral Spheres have remained hidden from the eyes of humanity, a sanctuary for celestial beings and arcane forces alike. Yet, the equilibrium that has held the astral tapestry in balance for millennia is beginning to fray. An ancient prophecy speaks of a convergence, a moment when the boundaries between the realms will weaken, and a cataclysmic

war will erupt. A war that could reshape not only the Astral Realms but the very fabric of existence itself. As the first whispers of this prophecy circulate through the cosmos, beings of light and darkness stir. Celestial emissaries and shadowy denizens prepare for the conflict that looms on the horizon. In the heart of the Astral Realms, a tapestry of characters emerges, each with their own motives, allegiances, and destinies intertwined. Among them, a young Astral Scholar named Elara discovers an ancient tome that speaks of the impending war. As she delves into the secrets of the book, she finds herself drawn into a web of intrigue that spans across dimensions. A disgraced Knight of the Celestial Order, Seraphius, seeks redemption on the battlefield. A renegade Shadowmancer, Kaldor, hungers for forbidden knowledge and power. And a group of unlikely allies, each representing a different corner of the Astral Realms, must band together to prevent the prophecy's dire fulfillment. The threads of fate are unraveling, and the astral tapestry is on the brink of chaos. In a war where reality and dreams collide, where cosmic energies clash and destinies are forged, the denizens of the Astral Realms must choose their paths. As alliances are tested, secrets are unveiled, and battles rage, the question remains: Can harmony be restored, or will the War of the Astral Realms shatter existence itself?

**The Messenger** Donald Tyson,1993 Years ago, an ancient evil was summoned and contained, only to be released today. Can it be stopped? You'll find out when you read The Messenger, a novel by Donald Tyson. This exciting story begins with a simple advertisement in the University of Toronto's newspaper: Wanted! Serious graduate or undergraduate students with occult or paranormal abilities. . . Purpose: to investigate phenomena surrounding historic haunted site. . . . As result of a ritual in the hidden room of an old mansion, something living but not of this world, something incredibly cruel and uncontrollable, was created years ago by an evil magician. When the most recent owner of the mansion accidentally releases it, the entity renews its malicious and murderous rampage. The group of seven people, each with their own special abilities and powers, begins their investigation, not realizing the danger they are walking into. The result is their entrance into a world of mystery, magic, and horror as they encounter astral battles, spirit possession, and even death. But will their seances, hypnotic trances, and magical rituals be enough to tame the entity's dark and deadly power, or will it take even more desperate measures? Who, if any, will survive? This thrilling story of brave adventurers into the supernatural is unlike anything you have ever read before. If you are familiar with alternative spiritual practices, you will see—perhaps for the first time—how they work together to achieve their goals. And if you are new to magic, trances, seances, and the astral plane, you will find yourself intrigued by the possibilities and may even wonder, Is this fiction or is it real? Either way, The Messenger is the book you must read.

**The Infinite Holographic Quantum Physical Universe!** J.E. Andersen,2023-06-05 My name is J. E. Andersen, and it is not my name you should hang yourself in, but my new 5-dimensional universal holographic quantum physics model. This story starts up in 1976, when I had an incredible out-of-body experience, opened my eyes to the paranormal side-lying universe, and began exploring this experience. This led me to the right universal physics model, the physics model that I describe in my books. It was soon discovered that the 3-dimensional physics model would not be able to hold all the way. In 1986, I started a brand-new hologram model, which later turned out to reveal just the right active universe, which is 5-dimensional in the active universal engine room. We can only see, experience and detect the actual 'substance' coming out of the very innermost field of this field system, the Higg's fields! The Higg's fields are located inside the atoms, but atoms can also be empty, i.e., without the Higg's fields, and

then we are inside the famous stealth technology, the 'invisibility technology'!! Remember that it is atoms that are the building blocks of the universe. It is precisely this stealth technology that comes out of this 5-dimensional very active holographic quantum physics, which is the next big breakthrough in all types of research today. The fact that the universe is no longer just physical leaves behind a universe that is totally 100% holographic, and which is powered 100% by an active 5-dimensional quantum physics. There are no physical particles in this universe, only this holographic 'matter' that can actually disappear and come back again, and now we have 'revealed' stealth technology. Stealth technology is about the relationship between the atoms and the inner Higg's fields. The atoms can actually operate completely empty, and now this 'object' can no longer be seen, due to the lack of Higg's 'substance'. This is more than interesting, this also very exciting, and completely new to you, because, this is the truth about the creation of the universe, expansion, the unifying mass inside all gravitational fields, which turn into 'pressure cookers', and develop moons into planets, planets into gas planets, gas planets into stars, and the stars burn up the physical liquid plasma, transforming this plasma into the totally invisible starlight, and thus becomes a black hole. It is the gravitational fields that create, shape and develop absolutely everything that is visible in this universe. Read my books about technology and physics.
