Tarot and Astrology Corrine Kenner,2012-01-08 Deeply entwined for six centuries, the art of tarot and the science of astrology have an undeniably powerful link. With this unique and user-friendly guidebook, you can easily learn to combine tarot and astrology for yourself—and expand your tarot practice while enriching your life. Well-known tarot reader Corrine Kenner expertly teaches you everything you need to know, starting with tarot and astrology basics, the cards' archetypal symbols and imagery, the twelve signs of the zodiac, and the planets. You'll discover how every card in the tarot deck relates to astrology, and learn to: Read tarot cards and interpret an astrological chart Recognize the twelve houses' ruling signs and planets Pair the planets, signs, and houses with their corresponding tarot cards Understand the astrological associations of the Minor Arcana Make connections among the Court Cards, tarot suits, and the four elements Identify each card's qabalistic associations Give insightful readings for yourself and others You'll also find practical astrological spreads, interpretive techniques, real-life examples, and sample readings for everyday people and famous figures, including Salvador Dali, Marilyn Monroe, and Prince William.

The Esoteric Astrology Of Tarot Ann Davies,2021-02-08 In every age and in every country there are always those few individuals who seek more satisfying answers to the great questions of Life than they can find in their local churches and temples or through science. If their quest is sincere and they persist, they will eventually be drawn into contact with one of the world's Mystery Schools, where they may be instructed and trained. There have always been centers, called Mystery Schools, responding to the cry for understanding from aspirants throughout the ages. Today such close secrecy is no longer necessary. Much may now be given out openly which formerly could be imparted only in private and by word of mouth. The greatest secrets, however, can never be transmitted by written or spoken word. That secrecy which guards the deepest esoteric knowledge is not imposed by the custodians of Ageless Wisdom but by human ignorance. It is the kind of secrecy which shrouds the work of great scientists such as Bor, Curie, Einstein, Edison and others. This secrecy does not result from any deliberate withholding but rather from a mass ignorance and consequent inability to understand the concepts and reasoning required by advanced science. The custodians of Ageless Wisdom can no more disclose their knowledge to untrained men and women than great scientists can explain their theories of the universe to children who are still in kindergarten

Tarot and Astrology Corrine Kenner,2011 Entwined for six centuries, the link between tarot and astrology is undeniably significant. This guide lets you discover how each major arcana corresponds to an astrological sign or planet, where each minor arcana sits on the Zodiac wheel, how the court cards and tarot suits are connected to the four elements - and what all this means.

The Mandala Astrological Tarot A. T. Mann,2009 There are many tarot sets on the market?but not one like this! The first thing you'll notice about this unique book-and-card set is the deck's square shape, which allows each card to be positioned facing not just two, but all four cardinal points of the compass: this provides readings of great depth and accuracy. Then, the original design eliminates the conventional human figures of the tarot, replacing them with mandala images that aid meditation. What's more, the 22 major arcane signs are divided into three groups corresponding to the signs of the zodiac, the elements, and the planets. This spiritually aware approach to the tarot provides a remarkable new set of tools for understanding the forces that shape our lives.

TAI DIVINATION WORKBOOK Erik Thorell,2015-11-11 Author Erik Thorell reveals his new publication, TAI Divination Workbook.

TAI Divination is the fusion of three ancient divination systems: Tarot, Astrology and the I Ching or TAI. These 3 systems have come together in one reading, probably for the first time ever in the history of divination. You don't have to be psychic to use TAI, and TAI is easy to understand for beginners, and in-depth enough for experts. TAI is not intended to compete with or replace existing forms of divination or Holy Scriptures of various religions. They all originally come from the Divine that lives within a man to help, advise and guide him in his life. The author respects all the founders equally as God's messengers. This brings to mind of a bowl full of small cards with quotes from the Bible, a device which his Salvation Army parents used to ask questions via the ancient art of bibliomancy. TAI was accidentally discovered February 11th 1981 and co-incidentally published in 2015, the third year of the Aquarian age. Pray that the Divine within speaking via TAI advises all equally kindly and wisely.

Tarot John/Lawrence Maerz,2007 Using and mastering the Tarot: The Astrological Layout is a dynamic method to using the tarot cards, astrology and numerology in an innovative approach toward interpretation and integration of meanings. Each house represents a specific set of issues and circumstances particular to each area of life such as relationships, traditions, career and more. This method allows you to separate the issues with clarity in a way that the Celtic cross and other layouts don't. Timing is established through the separate layers and any person in your client's life can be found simply by counting to the appropriate house then simply reading the wheel as a new client. Learning this method will provide tremendous dimension and insight to your readings. Why just use the tarot when you can see so much more?
