The Wonder Weeks Frans X. Plooij, Hetty van de Rijt, Xaviera Plas, 2017-09-05 This is not a book about how to make your child into a genius, however. We firmly believe that every child is unique and intelligent in his own way. It is a book on how to understand and cope with your baby when he is difficult and how to enjoy him most as he grows. It is about the joys and sorrows of growing with your baby.--Publisher's website.

How to Break Up with Your Phone Catherine Price, 2018-02-13 Packed with tested strategies and practical tips, this book is the essential, life-changing guide for everyone who owns a smartphone. Is your phone the first thing you reach for in the morning and the last thing you touch before bed? Do you frequently pick it up "just to check," only to look up forty-five minutes later wondering where the time has gone? Do you say you want to spend less time on your phone—but have no idea how to do so without giving it up completely? If so, this book is your solution. Award-winning journalist Catherine Price presents a practical, hands-on plan to break up—and then make up—with your phone. The goal? A long-term relationship that actually feels good. You'll discover how phones and apps are designed to be addictive, and learn how the time we spend on them damages our abilities to focus, think deeply, and form new memories. You'll then make customized changes to your settings, apps, environment, and mindset that will ultimately enable you to take back control of your life.

Hands Free Mama Rachel Macy Stafford, 2014-01-07 "Rachel Macy Stafford's post The Day I Stopped Saying Hurry Up was a true phenomenon on The Huffington Post, igniting countless conversations online and off about freeing ourselves from the vicious cycle of keeping up with our overstuffed agendas. Hands Free Mama has the power to keep that conversation going and remind us that we must not let our lives pass us by." --Arianna

Huffington, Chair, President, and Editor-in-Chief of the Huffington Post Media Group, nationally syndicated columnist, and author of thirteen books <http://www.huffingtonpost.com/> DISCOVER THE POWER, JOY, AND LOVE of Living “Hands Free” If technology is the new addiction, then multi-tasking is the new marching order. We check our email while cooking dinner, send a text while bathing the kids, and spend more time looking into electronic screens than into the eyes of our loved ones. With our never-ending to-do lists and jam-packed schedules, it’s no wonder we’re distracted. But this isn’t the way it has to be. In July 2010, special education teacher and mother Rachel Macy Stafford decided enough was enough. Tired of losing track of what matters most in life, Rachel began practicing simple strategies that enabled her to momentarily let go of largely meaningless distractions and engage in meaningful soul-to-soul connections. She started a blog to chronicle her endeavors and soon saw how both external and internal distractions had been sabotaging her happiness and preventing her from bonding with the people she loves most. Hands Free Mama is the digital society’s answer to finding balance in a media-saturated, perfection-obsessed world. It doesn’t mean giving up all technology forever. It doesn’t mean forgoing our jobs and responsibilities. What it does mean is seizing the little moments that life offers us to engage in real and meaningful interaction. It means looking our loved ones in the eye and giving them the gift of our undivided attention, leaving the laundry till later to dance with our kids in the rain, and living a present, authentic, and intentional life despite a world full of distractions. So join Rachel and go hands-free. Discover what happens when you choose to open your heart—and your hands—to the possibilities of each God-given moment.

First Phone Catherine Pearlman, PhD, LCSW, 2022-07-26 A fun and informative illustrated kids’ guide to safely and productively navigating the digital landscape. Cellphones have become a fact of life, with children as young as eight (yes, eight!) getting their very own “devices.” Such boundless access means our kids are in nearly constant contact with technology that was designed specifically for adults. And they’re doing so without any type of road map. Enter *First Phone*: the essential book that apprehensive parents can confidently hand to their kids to read as they begin their journey into the digital world. In *First Phone*, Catherine Pearlman—licensed clinical social worker and parenting expert—speaks directly to eight- to twelve-year-old children about digital safety in a manner that is playful, engaging, and age-appropriate. With insights and strategies supported by the latest research, *First Phone* offers: • guidance on privacy, boundaries, social media, and even sexting (yes, young children need to learn about sexting before it happens!) • best digital hygiene and self-care practices, including when to put the darn phone down, when to turn off notifications, and where to charge • how to be a kind and compassionate upstander in a digital world An essential companion when your child receives their first phone, this book provides kids the tools and information they need while giving their parents peace of mind.

Representations of Child Sexual Abuse in Jamaica Tatyana Karpenko-Seccombe, Kenisha Nelson, Christine Fray, Roxanne Harvey, Karyl Powell-Booth, Adele Jones, Nadia Wager, Xiaomin Sheng, 2022-08-18 News media shape public opinion on social issues such as child sexual abuse (CSA), using particular language to foreground, marginalize or legitimize certain viewpoints. Given the prevalence of CSA and the impact of violence against children in Jamaica, there is a need to examine the representation of children and their experience of violence in the news media, which remain the main

source of information about such abuse for much of the population. The study aims to analyze accounts of CSA in Jamaican newspapers in order to show how different representations impact public understanding of CSA. This study offers a new perspective around child abuse by using an eight-million word corpus from articles over a three-year period (2018- 2020). The study argues that media reports often fail to conceptualise and represent accurately children who have experienced abuse. Representations of children are generic, their experiences often reduced to statistical summaries. Corpus analysis uncovered the use of terms which normalize sexual abuse. From the reader's perspective, there was little emotional connection to the child or the child's experience. The newspapers rarely report first-hand survivors' experience of abuse, depriving these children of a voice. Instead, a marked preference is given to institutional voices. An issue of concern is a tendency to sensationalism with disproportionate attention given to cases involving celebrities. By exposing these problems, the authors hope that news media in Jamaica can play a more positive role in heightening awareness around child abuse and allowing the voices of victims/ survivors to be heard.

The Call of the Wild and Free Ainsley Arment,2019-09-03 Allow your children to experience the adventure, freedom, and wonder of childhood with this practical guide that provides all the information, inspiration, and advice you need for creating a modern, quality homeschool education. Inspired by the spirit of Henry David Thoreau—"All good things are wild and free"—mother of five Ainsley Arment founded Wild + Free. This growing online community of mothers and families want their children to receive a quality education at home by challenging their intellectual abilities and nurturing their sense of curiosity, joy and awe—the essence of a positive childhood. The homeschool approach of past generations is gone—including the stigma of socially awkward kids, conservative clothes, and a classroom setting replicated in the home. The Wild + Free movement is focused on a love of nature, reading great books, pursuing interests and hobbies, making the entire world a classroom, and prolonging the wonder of childhood, an appealing philosophy that is unpacked in the pages of this book *The Call of the Wild and Free* offers advice, information, and positive encouragement for parents considering homeschooling, those currently in the trenches looking for inspiration, as well as parents, educators, and caregivers who want supplementary resources to enhance their kids' traditional educations.

Goodnight Moon Margaret Wise Brown,2016-11-08 In this classic of children's literature, beloved by generations of readers and listeners, the quiet poetry of the words and the gentle, lulling illustrations combine to make a perfect book for the end of the day. In a great green room, tucked away in bed, is a little bunny. Goodnight room, goodnight moon. And to all the familiar things in the softly lit room—to the picture of the three little bears sitting on chairs, to the clocks and his socks, to the mittens and the kittens, to everything one by one—the little bunny says goodnight. One of the most beloved books of all time, *Goodnight Moon* is a must for every bookshelf and a time-honored gift for baby showers and other special events.

Why Can't I Have a Cell Phone? Teddy Behr,2019-05-31 Ten percent of book proceeds

will be donated to St. Jude Children's Research Hospital National Cancer Institute. Please help me get my message known. Parents should limit their child's use of a phone. Or better yet, restrict their time on the internet. Children must learn to express themselves, each in their own way. And be encouraged to use their imagination again, today. This may appear to be an insignificant rhyming scheme. But the reality is children cannot take their eyes off that glowing screen. There are two crucial questions: At what age should a child get a smartphone? Do smartphone and social media addiction begin at an early age? Does your child: Withdraw from family, preferring to be on the phone? Get angry or disturbed when the phone is not available? Are school, daily chores, and activities affected by excessive phone use? Are there changes in mood, eating habits, and sleep? Simple fixes: Educate your children on cell phone use. Make a plan to limit their time on the phone. Monitor who your children communicate with. Establish no-phone zones . For children ages 4 - 8 This is a cute story about Anderson the aardvark who is always begging his father for a cell phone. He is so excited when he finally gets one for his birthday. How does he handle this new responsibility?. How do Anderson and his family deal with his growing addiction to social media? I am betting, this book will be of value in a classroom setting. It's an important topic, I'm sure you will agree. It also includes a book discussion page and coloring section for free. In my writings, I take pride. This book would be great as a children's guide. Take a look, you decide. With wit and humor, these stories aim to influence children in positive ways. They learn the importance of basic common decency and moral behavior. Through fun-filled adventures, the characters encourage more personal interaction with family and friends rather than a dependency on social media. Help these brave children at St. Jude.
