*BART* Michael C. Healy, 2013-01-01 An insider's "indispensible" behind-the-scenes history of the transit system of San Francisco and surrounding counties (Houston Chronicle). In the first-ever history book about BART, longtime agency spokesman Michael C. Healy gives an insider's account of the rapid transit system's inception, hard-won approval, construction, and operations, warts and all. With a master storyteller's wit and sharp attention to detail, Healy recreates the politically fraught venture to bring a new kind of public transit to the West Coast. What emerges is a sense of the individuals who made (and make) BART happen. From tales of staying up until 3:00 a.m. with BART pioneers Bill Stokes and Jack Everson to hear the election results for the rapid transit vote to stories of weathering scandals, strikes, and growing pains, this look behind the scenes of an iconic, seemingly monolithic structure reveals people at their most human—and determined to change the status quo. "The Metro. The T. The Tube. The world's most famous subway systems are known by simple monikers, and San Francisco's BART belongs in that class. Michael C. Healy delivers a tour-de-force telling of its roots, hard-fought approval, and challenging construction that will delight fans of American urban history."—Doug Most, author of *The Race Underground: Boston, New York, and the Incredible Rivalry That Built America's First Subway*

**Business Basics** Bart Jackson, 2011-03 Ever wonder how the successful and satisfied business people got that way? In *Business Basics* they succinctly tell you the tactics, disciplines and mindsets they use. These might work for you, or perhaps they'll provide some clay for sculpting your own

improvement. Either way it all boils down to you. Author Bart Jackson, with three decades of business writing experience, has compiled these tactics wrung from the hard-won experience of many business leaders. Each one includes the necessary Attitude Adjustments you must make; Blunders to Avoid; and a list of Tips and Tasks. Business Basics is one of the BartsBooks Ultimate Business Guides series. These aggressively concise volumes embrace the best ideas of scores of business masters and give the busy individual tools he can apply today.

**Essentials of Accounting** Michael D. Lawrence, Joan S. Ryan, 1999 Essentials of Accounting is designed for the basic accounting or bookkeeping course found at career or community colleges. In only eight chapters, this brief book presents an accounting system suitable for use in any business office that is not involved with inventories of goods for resale or for use in manufacturing products for resale. Lawrence and Ryan cover the basics necessary for accounting in a business: the accounting cycle, cash and payroll accounting.

The Essential Max Brand - 29 Westerns in One Edition Max Brand, Frederick Schiller Faust, 2017-10-16 Musaicum Books presents to you this carefully created volume of The Essential Max Brand - 29 Westerns in One Edition. This ebook has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Frederick Schiller Faust (1892-1944) was an American author known primarily for his thoughtful and literary Westerns under the pen name Max Brand. Brand also created the popular fictional character of young medical intern Dr. James Kildare in a series of pulp fiction stories. Prolific in many genres he wrote historical novels, detective mysteries, pulp fiction stories and many more. His love for mythology was a constant source of inspiration for his fiction, and it has been speculated that these classical influences accounted in some part for his success as a popular writer. Many of his stories would later inspire films. Analytics in a Big Data World Bart Baesens, 2014-04-15 The guide to targeting and leveraging business opportunities using big data & analytics By leveraging big data & analytics, businesses create the potential to better understand, manage, and strategically exploiting the complex dynamics of customer behavior. Analytics in a Big Data World reveals how to tap into the powerful tool of data analytics to create a strategic advantage and identify new business opportunities. Designed to be an accessible resource, this essential book does not include exhaustive coverage of all analytical techniques, instead focusing on analytics techniques that really provide added value in business environments. The book draws on author Bart Baesens' expertise on the topics of big data, analytics and its applications in e.g. credit risk, marketing, and fraud to provide a clear roadmap for organizations that want to use data analytics to their advantage, but need a good starting point. Baesens has conducted extensive research on big data, analytics, customer relationship management, web analytics, fraud detection, and credit risk management, and uses this experience to bring clarity to a complex topic. Includes numerous case studies on risk management, fraud detection, customer relationship management, and web analytics Offers the results of research and the author's personal experience in banking, retail, and government Contains an overview of the visionary ideas and current developments on the strategic use of analytics for business Covers the topic of data analytics in easy-to-understand terms without an undue emphasis on mathematics and the minutiae of statistical analysis For organizations looking to enhance their capabilities via data analytics, this resource is the go-to reference for leveraging data to enhance business capabilities.

**The Essential Cult TV Reader** David Lavery, 2021-09-15 The Essential Cult TV Reader is a collection of insightful essays that examine television shows that amass engaged, active fan bases by employing an imaginative approach to programming. Once defined by limited viewership, cult TV has developed its own identity, with some shows gaining large, mainstream audiences. By exploring the defining characteristics of cult TV, The Essential Cult TV Reader traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television. The essays explore a wide range of cult programs, from early shows such as Star Trek, The Avengers, Dark Shadows, and The Twilight Zone to popular contemporary shows such as Lost, Dexter, and 24, addressing the cultural context that allowed the development of the phenomenon. The contributors

investigate the obligations of cult series to their fans, the relationship of camp and cult, the effects of DVD releases and the Internet, and the globalization of cult TV. The Essential Cult TV Reader answers many of the questions surrounding the form while revealing emerging debates on its future.
