*A Short History of Beijing* Jonathan Clements,2022-07-26 A guide to the history of China's capital, from before its rise to prominence as the seat of empires to the 2022 Winter Olympics. Before China's capital became a sprawling megacity and international center of business and culture, its fortunes fluctuated under a dozen dynasties. It has been a capital for several states, including those headed by Mongolian chiefs and the glorious Ming emperors, whose tombs can still be found on its outskirts. And before all that, it was a campsite for primitive hominids, known as the Peking Man. *A Short History of Beijing* tells the story of this remarkable city, from its more famous residents—Khubilai Khan, Marco Polo, and Chairman Mao—right up to the twenty-first century, as modern construction wiped out so much of the old city to make way for its twenty-million-strong population. Through his timely and intimate portrait of the world's most populous capital city, Jonathan Clements reveals the history of China itself.

*Beijing* Fodor's Travel Publications, Inc,2007 Presents information on accommodations, restaurants, cultural sites, shopping, and nightlife in Beijing.

Minicars, Maglevs, and Mopeds Selima Sultana,Joe Weber,2016-04-18 This book provides a fascinating look at the amazing diversity of forms of travel and transport around the world today in the context of cultures, politics, economics, and environment of a place. Across the timeline of human history, transportation has played a role in the migration of people and information, nation-building, economic development, environmental alteration, access to and the use of resources, and even the fall of civilizations. This single-volume reference presents more than 150 entries that describe the most up-to-date surface transport technologies and routes in use on every continent, including a broad range of road vehicles, railroads, person-powered vehicles, and even animals used for transportation. The book melds transportation geography with culture, politics, economics, and environment of place in its coverage of vehicles, transportation technologies, and some of the most famous streets, rail systems, and highways from around the world. The entries are written by transport geography scholars to be accessible to general readers without technical backgrounds. Each entry incorporates cross references that allow readers to easily find related entries, making the book ideal for conducting specific research or completing school projects.

Chinese Subjectivities and the Beijing Olympics Gladys Pak Lei Chong,2017-03-06 Chinese Subjectivity and the Beijing Olympics develops the Foucauldian concept of productive power through examining the ways in which the Chinese government tried to mobilize the population to embrace its Olympic project through deploying various sets of strategies and tactics.

**China Briefing's Business Guide to Beijing and North-East China** ,2006

**The Dragon, the Eagle, and the Private Sector** Karen Eggleston,John D. Donahue,Richard J. Zeckhauser,2021-02-18 The governments of China and the United States - despite profound differences in history, culture, economic structure, and political ideology - both engage the private sector in the pursuit of public value. This book employs the term collaborative governance to describe relationships where neither the public nor private party is fully in control, arguing that such shared discretion is needed to deliver

value to citizens. This concept is exemplified across a wide range of policy arenas, such as constructing high speed rail, hosting the Olympics, building human capital, and managing the healthcare system. This book will help decision-makers apply the principles of collaborative governance to effectively serve the public, and will enable China and the United States to learn from each other's experiences. It will empower public decision-makers to more wisely engage the private sector. The book's overarching conclusion is that transparency is the key to the legitimate growth of collaborative governance.

**Insight Guides City Guide Beijing (Travel Guide eBook)** Insight Guides,2020-01-01 Insight Guides City Guide Beijing Travel made easy. Ask local experts. **Megaprojects for Megacities** John Landis,2022-12-08 Megaprojects for Megacities is a collection of 14 international case studies of transportation, urban development, and environmental megaprojects completed during the last ten years in North America, Asia and Europe. It goes beyond the previous megaproject literature to look at how and why each project was conceived, planned, engineered, financed, and delivered, and at how particular planning and delivery practices shaped outcomes.

**Contemporary Perspectives on China Tourism** Honggen Xiao,2014-06-11 Contemporary Perspectives on China Tourism is an innovative and engaging collection which presents unique approaches and critical insights into the policy, development and management practices of tourism and hospitality in modern China. This volume consists of nine independent research reports overarching the consequences of tourism from economic, sociocultural, community, and humanistic perspectives. The book addresses generic issues such as tourism demand, mega events, leisure, tourist experience, cultural representation, community development, and quality of life through tourism, as well as strategies and techniques specific to the tourism and hospitality industries. Contemporary Perspectives on China Tourism draws on methodological traditions of anthropology, business, communication and media studies, geography, linguistics and literature, sociology, and critical tourism studies. Seven of the nine chapters in this book were originally published in a special issue on Methodological Innovations in China Tourism Research of the Journal of China Tourism Research.

The Rough Guide to Beijing (Travel Guide eBook) Rough Guides,2017-06-01 The Rough Guide to Beijing is the ultimate travel guide to China's remarkable capital city. From the majestic Forbidden City and maze-like hutong alleys to gorgeous lake-filled parks and the exquisite Summer Palace, this vibrant book - packed full of stunning photography and clear, colour-coded maps - reveals the city's best sights and attractions. And if you fancy taking a trip outside of Beijing, you'll be pointed in the right direction: incredible treks around the Great Wall, ancient villages, imperial hunting parks and fascinating, offbeat museums are all part of the mix. Comprehensive sections detail the very best places to sleep, eat, drink, shop and unwind: check out our author picks and Beijing's Best boxes, selecting atmospheric courtyard hotels, stylish bars, edgy art galleries, lively antiques markets, and much more. Expert reviews on film, literature and live music create a rounded and exciting picture of modern Beijing. However long you're staying, and whatever your budget, The Rough Guide to Beijing has you covered.

*English Unlimited Starter B. Combo with DVD-ROMs (2)* Adrian Doff,Nick Robinson,2013-07-18 English Unlimited is a six-level (A1 to C1) goals-based course for adults. Centred on purposeful, real-life objectives, it prepares learners to use English independently for global communication. Through universal topics and activities, and a focus on intercultural competence as a 'fifth skill', this international coursebook helps learners become more sensitive, more effective communicators. Teaching natural, dependable language, and with CEFR goals at its core, it brings real life into the classroom and gives learners the skills and strategies to communicate confidently outside it. The 'Explore' sections provide the extra ingredients for enhancing communicative ability, from further development of speaking skills to independent learning strategies. The English Unlimited Starter B Combo includes Coursebook and Self-study Pack Units 6 to 10, as well as the e-Portfolio and Self-Study DVD-ROM.

*Deadly Decision in Beijing* Yang Su,2023-02-28 Three decades after 1989, historical materials are now

available for understanding the Tiananmen protests in a new light. In a play-by-play account of the elite politics that led to the military crackdown, Yang Su addresses the repression of the protest in the context of political leadership succession. He challenges conventional views that see the military intervention as a necessary measure against a revolutionary mobilization. Beneath the political drama, *Deadly Decision in Beijing* explores the authoritarian regime's perpetual crisis of leadership transition and its impact on popular movements.

**HCI in Mobility, Transport, and Automotive Systems** Heidi Krömker, 2019-07-10 This book constitutes the refereed proceedings of the First International Conference on HCI in Mobility, Transport, and Automotive Systems, MobiTAS 2019, held as part of the 21st International Conference on Human-Computer Interaction, HCII 2019, in Orlando, FL, USA in July, 2019. The 1274 full papers and 209 posters presented at the HCII 2019 conferences were carefully reviewed and selected from 5029 submissions. The papers cover the entire field of human-computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The papers in this volume are organized in the following topical sections: interaction in autonomous and semiautonomous vehicles; driving experience; and mobility and transport.

Beijing and Surroundings Simon Foster, 2011-04-15 Arrive in Beijing and spend a few days soaking up the Imperial sights -the Forbidden City, Temple of Heaven, Summer Palaces and the Great Wall. Spend your evenings enjoying Beijing duck, opera and maybe a trip to the acrobats. If you have time, take a train up to Chengde and spend a couple of days enjoying the imperial retreat before returning to the capital and flying on to Xi'an. Allow a full day at the Terracotta Warriors and another day to explore the fascinating walled city. Make sure you enjoy a Dumpling Banquet, as well as dinner in the Muslim markets. Reflect on your trip in the overnight train back to Beijing. Beijing, literally translated, means Northern Capital, a title it has held since the Ming Dynasty (see History) and a name that still holds true today. Whether imagining the past or marveling at the future, this city is most definitely still the cultural, political and, to the Pekinese, geographical, heart of the Middle Kingdom. While Beijing's modern appearance owes much to the Communist era and the recent influx of capitalist cash, its most impressive and inspiring monuments are recognition of its long imperial tradition. The scale of the city, with its population of 15 million, can initially be overwhelming, but even a short meander into one of Beijing's remaining hutong districts brings you close to the realities of daily life and all of a sudden the city seems human again. While the vast number of construction sites, flyovers and mirrored skyscrapers can come as a shock to those hoping for a view of the years when Beijing was the emperor's seat, a visit to any one of the principal imperial sights (the Forbidden City, the Temple of Heaven or the Summer Palaces) easily remedies this. However, the greatest of Beijing's, if not the world's, sights lies north of the city. The Great Wall never ceases to amaze and it's worth spending a couple of days out of the city to fully appreciate its majesty. If you have enough time and want more imperial splendor, the rugged countryside around the capital holds Ming and Qing tombs, while, farther afield, the Mountain Resort at Chengde was long a popular emperor's haunt and has some wild scenery along with its subdued palaces and grand temples. This a highly detailed guide to everything you need to know about Beijing and its surroundings - the places to stay, the restaurants, and what to see and do - along with an extensive introductory section on China as a whole. The author lives in China and has been a tour guide there full-time for close to 10 years. This guide is an excerpt from his much larger guide to all of China, also published by Hunter, which is 650 pages in the print edition.

**The Environmental Impact of Cities** Fabricio Chicca, Brenda Vale, Robert Vale, 2022-12-29 The *Environmental Impact of Cities* assesses the environmental impact that comes from cities and their

inhabitants, demonstrating that our current political and economic systems are not environmentally sustainable because they are designed for endless growth in a system which is finite. It is already well documented that political, economic and social forces are capable of shaping cities and their expansion, retraction, gentrification, re-population, industrialisation or de-industrialisation. However, the links between these political and economic forces and the environmental impact they have on urban areas have yet to be numerically presented. As a result, it is not clear how our cities are affecting the environment, meaning it is currently impossible to relate their economic, political and social systems to their environmental performance. This book examines a broad selection of cities covering a wide range of political systems, geography, cultural backgrounds and population size. The environmental impact of the selected cities is calculated using both ecological footprint and carbon emissions, two of the most extensively available indices for measuring environmental impact. The results are then considered in terms of political, economic and social factors to ascertain the degree to which these factors are helping or hindering the reduction of the environmental impact of humans. This book will be of great interest to students and scholars of sustainability, urban planning, urban design, environmental sciences, geography and sociology.

## Unveiling the Power of Verbal Artistry: An Psychological Sojourn through **Beijing Subway**

In a global inundated with displays and the cacophony of instant interaction, the profound energy and psychological resonance of verbal art often fade into obscurity, eclipsed by the constant onslaught of noise and distractions.
