Patmos in the Reception History of the Apocalypse Ian Boxall,2013-04-18 This monograph explores the significance accorded to John's island of Patmos (Rev. 1:9) within the wider reception history of the Apocalypse. In contrast to the relatively scant attention paid to John's island in modern commentaries, this reception-historical survey reveals both the greater prominence accorded to Patmos by earlier interpreters, and the richer diversity of readings the text has provoked. These include interest in the physical character of Patmos and its significance as an island; the date and reason for John's sojourn there; attempts to locate Patmos in a geography which is sometimes more mythical than literal; the meaning of the name 'Patmos' in the context of a biblical book which treats other place-names symbolically. This diversity is supported by a close reading of Rev. 1:9, which highlights the extent to which even its literal sense is highly ambiguous. Ian Boxall brings together for the first time in a coherent narrative a wide range of interpretations of Patmos, reflecting different chronological periods, cultural contexts, and Christian traditions. Boxall understands biblical interpretation broadly, to include interpretations in biographical traditions about John, sermons, liturgy, and visual art as well as biblical commentaries. He also considers popular and marginal readings alongside magisterial and centrist ones, and draws analogies between similar hermeneutical strategies across the centuries. In the final chapter Boxall explores the wider implications of his study for biblical scholarship, advocating an approach which encourages use of the imagination and reader participation, and which works with a broader concept of 'meaning' than traditional historical criticism.

Beyond Vengeance and Protest Oliver Nwachukwu,2005 Publisher's description: Beyond Vengeance and Protest takes a fresh look at the Book of Revelation from the point of view of blessing. If John wrote Revelation to tell the Christian communities that he had seen the Lord and to encourage them to persevere, the macarisms underscore his conviction of God's vindication of the righteous who suffer now. With the sevenfold macarisms expressing hope in God's grace, John lays grounds for action by positing the good for which the contrary must be rejected.

Myriobiblos Theodora Antonopoulou,Sofia Kotzabassi,Marina Loukaki,2015-03-10 This volume presents a broad array of contributions on Byzantine literature and culture, in which well-known Byzantinists approach topics of ceremonial, education, historiography, hagiography, homiletics, law, philology, philosophy, prosopography, rhetoric and theology. New editions and analyses of texts and documents are included. The essays combine traditional scholarship with newer approaches, thus reflecting the current dynamics of the field.

The Patmos Paradigm James Hendershot,2013-11-01 One hundred billion years in the future, another empire discovers the Patmos, which is the complete history of humanity, good and bad. Upon the private viewing, the resident gods declare it too dangerous. The Patmos has within it material that, when viewed, could release the Knowledge of Evil, a concept that could, like a virus, destroy their universe. Likewise, this small Patmos ball is composed of complete atoms, as they could destroy millions of stars. Their governing council sends the Patmos through a series of wormholes to other dimensions. They also call back all their giant space worlds, as ships are a far-distant memory, if another Patmos was somehow dispatched. Life in the Patmos witnessed the chosen earthlings and viewed the earth as it passed through the Great Tribulation, where humanity is rendered extinct. They survived World War III in which the Eagle, Dragon, and Bear die, allowing a silent monster to recreate an old empire and rule the world. He begins his genocide, sparing Israel, which he gives a nice new temple, only to betray them. His empire suffers through twenty-one judgments, which leaves those with his mark doomed as he loses both the physical and spiritual last war and gets a kick from the archangel Michael for the bottomless pit, as the journey for the victors is only beginning.

D-Day and Beyond Clinton C. Gardner,2004-05-10 A D-day survivor tells how he later became commander of the just-liberated Buchenwald Concentration Camp, and how that experience set him on a journey of spiritual exploration—in an effort to understand what we can say about God after the Holocaust. Meeting the Russian prisoners at Buchenwald, and learning of Stalin's similar camps, he decided to make Russia's problems his own. That decision eventually took him to the Kremlin where he met Gorbachev and Sakharov. Throughout, he describes his discovery of "a down-to-earth spirituality," one that offers a new approach to reconciling science and religion.

In the Dolphin's Wake Harry Bucknall,2012-02-01 An amusing and erudite account of Harry Bucknall's 183-day journey through the Greek islands from Venice, in the West, to Istanbul, in the East In the summer of 2006, Harry Bucknall traveled from Venice to Istanbul—a journey across the Aegean of more than 5,500 miles that included the glories of Mount Athos, 36 islands, and every island chain in the Greek Archipelago. It also involved 57 sea passages on 35 ferries, four landing craft, three hydrofoils, a fishing caique, a sea plane, 11 buses, two trains, an open-top Land Rover, and a duck egg blue 1961 Morris Oxford. Recounted with humor, pathos, and at times drama, this is not only a journey through the Greek islands but also a journey through Greek history, mythology, custom, and folklore—a Greek island companion loaded with adventure, mishap, and laughter offering a contemporary image of Aegean life today.

Combat Over the Mediterranean Chris Goss,2017-06-30 Drawing on an extremely rare collection of photographs taken by the camera guns of Bristol Beaufighters deployed on ground-attack and anti-shipping operations, this book will form a rare indeed unique view of what it was like to fly dangerous strike missions against German and Italian forces over North Africa and the Mediterranean between 1942 and 1945. Despite being reformed in the UK in November 1940 as Coastal Commands first Beaufighter squadron, 252 Squadron, which also operated Bristol Blenheims until April 1941, was destined to spend most of its service in North Africa and the Mediterranean before being disbanded in Greece in December 1946. One of the squadrons commanding officers, Wing Commander DOB Butler, DFC, had the foresight to keep perfect examples of the many thousands of gun camera stills taken by the Beaufighter pilots under his command. As a result, he has preserved a remarkable history of the air and sea war in the Mediterranean from October 1942 to May 1945. These dramatic stills show attacks against German and Italian aircraft, Axis warships and merchant men, harbors and other targets on what are now popular holiday destinations such as Rhodes, Naxos and Kos and across the Greek Islands, the Aegean and Ionian Seas. This book will be

based around these remarkable and spectacular photographs and will include full details of key missions and the crews who participated, with information drawn from Squadron records and combat reports.

God - Beyond Me Cia van Woezik,2010-03-08 Drawing on the connection of the I to an absolute ground in the metaphysics of Schelling and the poetry of Hölderlin, this book offers a contemporary model of God as both unitary and personal ground of self-conscious I-hood.

Beyond Eden Sharon Linnea,B. K. Sherer,2011-06 In the sequel to Chasing Eden, Army Chaplain Jaime Richards returns after two years in paradise to take on a new role as an Agent of Eden, but her task becomes more difficult than she had expected when she discovers that a series of kidnappings are linked to the descendants of Eden, people who possess the secret of immortality.

Beyond Eden S. L. Linnea,2007-10-02 A young book editor stumbles up from the site of a bombing in the London subway. He accepts a woman's offer of help and a hot cup of tea. He's never heard from again...A group of boys in upstate New York goes sledding. One doesn't come home...A military convoy approaches a lone figure on a dusty road north of Baghdad. The woman is Army Chaplain Jaime Richards--and it seems she's been gone a lifetime. After two years in paradise, Jaime has chosen to return to the terris world as a dual citizen, an Agent of Eden. But soon she will discover that life among mere mortals has become a living hell--and that a series of kidnappings are fatefully and tragically connected. For the victims are all descendants of Eden, and they have the one thing people outside of paradise want: A way to live forever.

Yeshua, the Crucified Serpent Rowland Stenrud,2012-11 It was the atheist, Jean Paul Sartre, who once said that, Hell is other people. Rowland Stenrud's Yeshua, the Crucified Serpent is about how mankind's savior, Jesus of Nazareth, has saved men and women from this hell by making it possible, and indeed inevitable, for human beings to love one another and their Creator-Father, Yahweh God. This book is about the concept and practice of human and divine love. The words of Paul in 1 Corinthians 13:1-13, the Bible as a whole, and the reader's life experience will help in defining this. The author reviews what he knows about the concept and its related precepts and brings them to bear in this book. God himself is love, which should tell us how mysterious a thing love is. To acquire this ability to love, one must suffer in union with the suffering Christ. Salvation, pure and simple, is God delivering each one from the inability to love other human beings and the Creator Himself. The obstacle to this perfect love is the serpent of human wisdom and pride that existed even in Jesus. In his loving obedience to the Father, Jesus nailed this serpent to the cross. Yeshua, the Crucified Serpent attempts to show that the question of evil and suffering in the world is answered by Yahweh's eventual success in saving all of mankind. The majority of Christians believe in a number of key doctrines that the biblical authors do not unequivocally teach. A few verses may support these unbiblical doctrines but a greater number of verses, whose meaning is clearer, contradict the standard interpretation of these few verses. Other doctrines that Christians mistakenly believe in find support in this or that section of the Bible but are denied by the general thrust of the Bible as a whole. These unbiblical doctrines followed by the correct biblical teaching are: 1. Sometime in the distant past a large number of God's angels rebelled against Him becoming what are called devils or demons whose leader is known as Satan or Lucifer. The Bible teaches that the only agent of evil in the universe is man's heart. 2. Adam and Eve possessed the perfection of Jesus Christ before they sinned. If they had not sinned they would not have needed to be healed of any weakness. The Bible teaches that Adam and Eve could not have had eternal life even before they sinned without the work of Jesus of Nazareth. 3. Faith is an act of the free will of man. The Bible teaches that faith does involve man putting his trust in God's promises and revelation, but it is primarily a power given to man by God in order to enable him to see spiritual truth the natural man cannot see. Without this gift of the Holy Spirit, no human being can know God and be saved. 4. Ultimately speaking, we are saved by our faith. On the contrary, it is through Jesus's faith in and love for the Father that is the instrument of our salvation. 5. Jesus saved us by paying the penalty due our sins and therefore saving us from the just wrath of God. This is false. No one had to pay any penalty for God to forgive the sins of the human race. God relates to sinners on the basis of mercy and mercy is not mercy if the penalty for sin is paid. By going to the cross, Jesus healed our brokenness which forgiveness alone could not accomplish. 6. Satan and the sins of men are ultimately responsible for human suffering. False. God is ultimately responsible for human suffering as it is a necessary part of God's work of saving human beings. God Himself shares in all of our suffering: physical, emotional and spiritual even though He does not have a body or nervous system. 7. Salvation is about our eternal destiny. This is not correct. Salvation is about being saved from the idolatries, addictions, corruption, hatreds, evil deeds that afflict the unsav

His odyssey teemed with excitement, adventure and colour. Gavin Young's account memorably distils the people, places, smells, conversations, ships and history of the places he encountered in what is his most famous book. The sequel, *Slow Boats Home*, is also reissued in Faber Finds .
