John A. Simpson

Hub Perdue John A. Simpson, 2013-10-09 A strong-armed devastating spitball pitcher from rural Tennessee who once won 16 games with the Boston Braves, Hub Perdue is better remembered today as one of the clown princes of the Deadball Era. Often compared with fellow player-comedians Germany Schaefer, Nick Altrock, and Rabbit Maranville, Perdue had a quick wit and a rebellious streak that amused teammates but sometimes led to conflicts with management and umpires. (Mix 'em up! manager George Stallings had told him, encouraging the weak-hitting pitcher to take his at-bats more seriously; Perdue, a right-hander, dutifully took his strikeouts from alternating sides of the plate.) His penchant for the subversive--he was also a players' union representative who freely dispensed advice on contracts and negotiation--might in fact have curtailed what had been a promising big league career. But his antics in the majors and minors became the stuff of legend, known as Hublore.

Continent's Edge Niven Busch, 2015-01-16 A whopping tale about a California ranching family (1923 to 1940) who are already rich but become crazy rich when one of the sons discovers oil--giving them a money printing machine they can use any way they like--which they proceed to do and then some. The oil business and endless stockholders meetings, horse racing, show business, movie stars, art, politics, oh yes, sex--that about covers it. Sometimes hitting it just right, but mostly going on too long and meandering too far, Busch opted for more when he should have aimed for less.

Just in Time Marcella Denise Spencer, Sheila Martin, a twenty-eight-year-old secretary living in Northern California, is convinced that every woman on the planet is better off than she is: better looking, thinner and richer. When Sheila first meets Hubert Daniels, she thinks he is gay. When he asks her out, she wonders what he wants. When he proposes marriage, Sheila vows to enjoy the ride while it lasts. When the marriage is threatened, Sheila wakes just in time to embrace the blessings God has given her.

Astrology Hans Holzer, 2018-07-10 (Originally published in 1975) What is astrology really: science, art, craft--or fraud? In a work of extraordinary range, an informed observer, Hans Holzer, has attempted to evaluate astrology's contribution to our lives. In the last decade, astrology has moved from a casual topic of conversation at cocktail parties to a major subject for serious discussion and academic inquiry. It has become, at its best, an important facet of human expression in the everyday life of millions and, at its worst, a vehicle for cold-blooded commercial exploitation. *Astrology: What It Can Do for You* includes: * interviews with a score of nationally known cosmic, mathematic, commercial, and esoteric astrologers * Gar Osten's remarkable chart of the United States, a sobering and challenging document that predicts the country's course through the year 2136 A.D. Soon to come: a thirty-year period of trial, with the possibility of a major war or the beginning of the land breakup, * a list of simplified, easily understood astrological terms * a discussion of the possible influences of cosmic radiation on our lives * a realistic look at newspaper astrology columns * new, at-a-glance astrological charts showing the chief characteristics of the twelve birth signs of the zodiac and estimating their chances of getting along with each other While warning against excessive reliance on astrology, the author nevertheless sees it as a helpful tool in mapping the road ahead. And he tries to bring together the polarized camps of doubters and enthusiasts in a common quest: to grasp the nature of both the external and the internal universe.

Birthdays Around the World Margriet Ruurs, 2017-09-05 Every child in the world has a birthday. But how children celebrate this occasion depends on where they live. In this latest addition to the Around the World series, award-winning author Margriet Ruurs explores the fascinating ways that children experience birthdays. You'll meet fourteen kids from different countries, each celebrating a birthday according to their local traditions. Bram from Belgium never gets to sleep in on his birthday - his family wakes him up by clanging pots and pans. For Ninoshka in India, it's important to give thanks to the Hindu gods and share sweets with her classmates. And some kids don't celebrate their birthdays at all. Instead, Phúc Khang in Vietnam celebrates Tet, when everyone in the country turns one year older. A world map that pinpoints the countries in the book, a Note to Parents and Teachers with interactive activities and a glossary of foreign words and phrases help to enrich the reading experience. Based on interviews with real people from each country, Birthdays Around the World is an invitation to experience a different culture, think about your own birthday celebrations and even learn
