Forgotten Laughs: An Episode Guide to 150 TV Sitcoms You Probably Never Saw Richard Irvin, 2016 Ever wonder what the unaired episodes of situation comedies that disappeared quickly from the air were about? Curious about those comedy series such as *Rewind*, *The Grubbs*, and *The Ortegas* that the Fox network announced for its fall schedule but that never premiered? Did you know that stars like Bradley Cooper, Michelle Williams, and Brad Pitt made some of their earliest appearances on short-lived sitcoms? *Forgotten Laughs: An Episode Guide to 150 TV Sitcoms You Probably Never Saw* contains answers to these questions as well as others about quickly-canceled, never-aired, and short-run situation comedies. Published for the first time are episode descriptions for these forgotten shows. This reference book contains the most complete descriptions of sitcoms such as the quickly-canceled *Doc Corkle*, *Co-Ed Fever*, and *Black Tie Affair*, the never-aired *Misconceptions*, *The Singles Table*, and *Snip*, as well as short-run comedies like *Fathers and Sons* and *Free Country* and over 140 more. Most episode descriptions were culled from the archives of the Library of Congress, the Paley Center, and the UCLA TV script collection. In addition, *Forgotten Laughs* also includes insights from many producers, directors, and writers who worked on these little-known shows.

I Spy Marc Cushman, Linda J. LaRosa, 2007 This is a complete history of I Spy and the profound change it evoked in broadcasting, social ideals and racial equality. Rich with interviews and photographs, it discusses I Spy's unique approach to race, co-starring interracial actors as equals. A complete episode guide includes writers, directors, cast, crew, plot synopsis and commentary--Provided by publisher.

Blacks and White TV J. Fred MacDonald, 1992 The second edition of this powerful analysis of African-Americans in the television industry since 1948 is completely updated. The increased visibility of blacks in television, the success of the Cosby Show and other sitcoms featuring black actors, and the impact of cable TV on programming are described in detail. Professor MacDonald traces the stereotyping, tokenism, and unfair treatment of blacks from the early days of the industry, but expresses his hope and belief that a new video order is materializing that will finally fulfill the bright promise of television.

TV Guide, 2006

The Book of Negroes Lawrence Hill, 2010 Abducted from her West African village at the age of eleven and sold as a slave in the American South, Aminata Diallo thinks only of freedom - and of finding her way home again. After escaping the plantation, torn from her husband and child, she passes through Manhattan in the chaos of the Revolutionary War, is shipped to Nova Scotia, and then joins a group of freed slaves on a harrowing return odyssey to Africa. Lawrence Hill's epic novel, winner of the Commonwealth Writers' Prize, spans three continents and six decades to bring to life a dark and shameful chapter in our history through the story of one brave and resourceful woman.

Television in Black-and-white America Alan Nadel, 2005 La couverture indique : Alan Nadel's new book reminds us that most of the images on early TV were decidedly Caucasian and directed at predominantly white audiences. Television did not invent whiteness for America, but it did reinforce it as the norm - particularly during the Cold War years. Nadel now shows just how instrumental it was in constructing a narrow, conservative, and very white vision of America. During this era, prime-time TV was dominated by adult Westerns, with heroes like The Rebel's Johnny Yuma reincarnating Southern values and Bonanza's

Cartwright family reinforcing the notion of white patriarchy - programs that, Nadel shows, bristled with Cold War messages even as they spoke to the nation's mythology. America had become visually reconfigured as a vast Ponderosa, crisscrossed by concrete highways designed to carry suburban white drivers beyond the moral challenge of racism, racial poverty, and increasingly vocal civil rights demands.

Finding Lost, Season 6 Nikki Stafford, 2010 In this comprehensive handbook, the sixth and final season of the wildly popular television series *Lost* is discussed. Includes never-before-seen photos, an analysis of each episode, an episode guide, and biographies of the actors.

Reading Mystery Science Theater 3000 Shelley S. Rees, 2013-05-09 First broadcast in the not too distant past on a television station in Minnesota, *Mystery Science Theater 3000* soon grew out of its humble beginnings and found a new home on cable television. This simple show about a man and two robots forced to watch bad movies became a cult classic, and episodes of the series continue to be packaged in DVD collections to this day. In *Reading Mystery Science Theater 3000: Critical Approaches*, Shelley S. Rees presents a collection of essays that examine the complex relationship between narrative and audience constructed by this baffling but beloved television show. Invoking literary theory, cultural criticism, pedagogy, feminist criticism, humor theory, rhetorical analysis, and film and media studies, these essays affirm the show's narrative and rhetorical intricacy.
