Rock Bass Songs for Dummies (Music Instruction) Hal Leonard Corp.,2011-04-01 (Bass). Here's everything bassists need to play a nice cross-section of classic rock hits, from Free's All Right Now, to War's Low Rider to The Who's Won't Get Fooled Again. Includes handy performance notes that will show you exactly how to play all 38 full songs. In reading the transcriptions and tab, you'll learn essential bass techniques like hammer-ons, pull-offs, slides, and more all in plain English. Also features background information on each song and band, for a bit of fun rock 'n' roll trivia!

The Indie Game Developer Handbook Richard Hill-Whittall,2015-02-11 The indie game developer's complete guide to running a studio. The climate for the games industry has never been hotter, and this is only set to continue as the marketplace for tablets, consoles and phones grow. Seemingly every day there is a story of how a successful app or game has earned thousands of downloads and revenue. As the market size increases, so does the number of people developing and looking to develop their own app or game to publish. The Indie Game Developer Handbook covers every aspect of running a game development studio—from the initial creation of the game through to completion, release and beyond. Accessible and complete guide to many aspects of running a game development studio from funding and development through QA, publishing, marketing, and more. Provides a useful knowledge base and help to support the learning process of running an indie development studio in an honest, approachable and easy to understand way. Case studies, interviews from other studies and industry professionals grant an first-hand look into the world of indie game development

The Blitz Juliet Gardiner,2011-03-01 September 1940 marked the beginning of Nazi Germany's sustained attack on civilian Britain. Lasting eight months long, the Blitz was the form of warfare that had been predicted throughout the 1930s, that everyone had expected since Neville Chamberlain's declaration that Britain was at war with Germany. The ferocity of the Luftwaffe attacks, combined with images of the City of London burning are widely considered to be iconic snapshots of Second World War history. Though compared with other great moments of that war -- D-Day, Dunkirk, V E Day -- the Blitz remains curiously unexamined. Apart from fragmentary accounts and local records, there is little in the way of a comprehensive account of the Blitz experience that so many British civilians went through -- as well as the social, political and cultural implications of the bombardment. Designed to break the morale of the British population, the nightly bombings certainly did devastate. But, as Juliet Gardiner shows in this hugely important book, they also served to galvanise the nation; from those eight months of terrifying Nazi onslaught, a new determination amongst people and politicians steadily emerged. Revealing, original and beautifully written, THE BLITZ is a much-needed exploration of one of the most important moments in Second World War history.

*Brick City Grudge Match* Rod Honecker,2023-01-25 On June 10, 1948, the eyes of the sporting world were focused on a minor league ballpark in Newark, New Jersey--the unlikely venue of a much-anticipated rubber match between the two men at the top of boxing's prestigious middleweight division, Tony Zale and Rocky Graziano. They had met in the ring twice before, each winning one bout. In their third fight, Zale, a clever and powerful puncher, hoped to regain his title from Graziano, a knock-out artist six years his junior. This book tells the story of the greatest middleweight trilogy of boxing's Golden Age, a championship battle Newark hoped would catalyze brighter days for a city rife with political corruption and organized crime and grappling with the beginning of deindustrialization.

**The Blitz Companion** Mark Clapson,2019-04-02 The Blitz Companion offers a unique overview of a century of aerial warfare, its impact on cities and the people who lived in them. It tells the story of aerial warfare from the earliest bombing raids and in World War 1 through to the London Blitz and Allied bombings of Europe and Japan. These are compared with more recent American air campaigns over Cambodia and Vietnam in the 1960s and 1970s, the NATO bombings during the Balkan Wars of the 1990s, and subsequent bombings in the aftermath of 9/11. Beginning with the premonitions and predictions of air warfare and its terrible consequences, the book focuses on air raids precautions, evacuation and preparations for total war, and resilience, both of citizens and of cities. The legacies of air raids, from reconstruction to commemoration, are also discussed. While a key theme of the book is the futility of many air campaigns, care is taken to situate them in their historical context. The Blitz Companion also includes a guide to documentary and visual resources for students and general readers. Uniquely accessible, comparative and broad in scope this book draws key conclusions about civilian experience in the twentieth century and what these might mean for military engagement and civil reconstruction processes once conflicts have been resolved.

*Lucifer's Star* C. T. Phipps,Michael Suttkus, From the bestselling author of The Rules of Supervillainy: Cassius Mass was the greatest star pilot of the Crius Archduchy. He fought fiercely for his cause, only to watch his nation fall to the Interstellar Commonwealth. It was only after that he realized the side he'd been fighting for was the wrong one. Now a semi-functional navigator on an interstellar freight hauler, he tries to hide who he was and escape his past. Unfortunately, some things refuse to stay buried and he ends up conscripted by the very people who destroyed his homeland. LUCIFER'S STAR is the first novel of the Lucifer's Star series, a dark science fiction space opera set in a world of aliens, war, politics, and slavery.
