Servant of the Underworld Aliette de Bodard,2016-01-05 The first book in the critically acclaimed Obsidian and Blood trilogy: Year One-Knife, Tenochtitlan the capital of the Aztecs. Human sacrifice and the magic of the living blood are the only things keeping the sun in the sky and the earth fertile. A Priestess disappears from an empty room drenched in blood. It should be a usual investigation for Acatl, High Priest of the Dead--except that his estranged brother is involved, and the the more he digs, the deeper he is drawn into the political and magical intrigues of noblemen, soldiers, and priests-and of the gods themselves... REVIEWS: ‘gripping mystery steeped in blood and ancient Aztec magic. I was enthralled.’ — Sean Williams ‘An Aztec priest of the dead tries to solve a murder mystery, and finds that politics may be even more powerful than magic. A vivid portrayal of an interesting culture in a truly fresh fantasy novel.’ — Kevin J. Anderson ‘Amid the mud and maize of the Mexica empire, Aliette de Bodard has composed a riveting story of murder, magic and sibling rivalry.’ — Elizabeth Bear ‘The world-building is exquisite and we *believe* we are transported to the 15th century Tenotichtlan and together with the superb voice they formed the main reason I enjoyed this book so much... Highly recommended... Ms. de Bodard is a writer to watch.’ — Fantasy Book Critic

Blood Infernal James Rollins,Rebecca Cantrell,2015-02-10 In a masterpiece of supernatural mystery and apocalyptic prophecy, New York Times bestselling authors James Rollins and Rebecca Cantrell bring to a thunderous conclusion their epic trilogy of novels set between the worlds of shadow and light, between salvation and damnation, where the very gates of Hell must be shattered to discover the true fate of humankind in... Blood Infernal As an escalating scourge of grisly murders sweeps the globe, archaeologist Erin Granger must decipher the truth behind an immortal prophecy foretold in the Blood Gospel, a tome written by Christ and lost for centuries: The shackles of Lucifer have been loosened, and his Chalice remains lost. It will take the light of all three to forge the Chalice anew and banish him again to his eternal darkness. With the Apocalypse looming, Erin must again join forces with Army Sergeant Jordan Stone and Father Rhun Korza to search for a treasure lost for millennia. But the prize has already fallen into the hands of their enemy, a demon named Legion, before whom even the walls of the Vatican will fall. The search for the key to salvation will take Erin and the others across centuries and around the world, from the dusty shelves of the Vatican's secret archives to lost medieval laboratories, where ancient alchemies were employed to horrific ends. All the while, they are hunted, besieged by creatures of uncanny skill and talent. As clues are dug free from ancient underground chapels and found frozen in icy mountain caverns, one that will destroy not only her, but all she loves. To protect the world, Erin must walk through the very gates of Hell and face the darkest of enemies: Lucifer himself. With The Blood Gospel, the first novel in the Order of the Sanguines series, James Rollins and Rebecca Cantrell combined science, myth, and religion to introduce a breathtaking world where miracles hold new meaning and the fight for good over evil is far more complicated than we ever dreamed. And now, in this epic conclusion to the Sanguines trilogy, Blood Infernal, they take us to the very pit of Hell itself, making us peer into the abyss and face our greatest fears, to answer the ultimate question: What price will we pay for true salvation?

The Palgrave Handbook to Horror Literature Kevin Corstorphine,Laura R. Kremmel,2018-11-07 This handbook examines the use of horror in storytelling, from oral traditions through folklore and fairy tales to contemporary horror fiction. Divided into sections that explore the origins and evolution of horror fiction, the recurrent themes that can be seen in horror, and ways of understanding horror through literary and cultural theory, the text analyses why horror is so compelling, and how we should interpret its presence in literature. Chapters explore historical horror aspects including ancient mythology, medieval writing, drama, chapbooks, the Gothic novel, and literary Modernism and trace themes such as vampires, children and animals in horror, deep dark forests, labyrinths, disability, and imperialism. Considering horror via postmodern theory, evolutionary psychology, postcolonial theory, and New Materialism, this handbook investigates issues of gender and sexuality, race, censorship and morality, environmental studies, and literary versus popular fiction.
