**Bollywood Sounds** Jayson Beaster-Jones, 2014-10-09 *Bollywood Sounds* focuses on the songs of Indian films in their historical, social, commercial, and cinematic contexts. Author Jayson Beaster-Jones takes readers through the highly collaborative compositional process, highlighting the contributions of film directors, music directors (composers), lyricists, musicians, and singers in song production. Through close musical and multimedia analysis of more than twenty landmark compositions, *Bollywood Sounds* illustrates how the producers of Indian film songs have long mediated a variety of musical styles, instruments, and performance practices to create a uniquely cosmopolitan music genre. As an exploration of the music of seventy years of Hindi films, *Bollywood Sounds* provides long-term historical insights into film songs and their musical and cinematic conventions in ways that will appeal both to scholars and to newcomers to Indian cinema.

**Beyond Bollywood and Broadway** Neilesh Bose, 2009-03-26 This collection of 11 plays, from North America, the U.K., and South Africa—many published here for the first time—delves into the vibrant, cosmopolitan theatre of the South Asian diaspora. These original and provocative works explore the experience of diaspora by drawing on cultural references as diverse as classical Indian texts, adaptations of Shakespeare and Homer, current events, and world music, film, and dance. Neilesh Bose provides historical background on South Asian migration and performance traditions in each region, along with critical introductions and biographical background on each playwright. Includes works by Anuvab Pal, Aasif Mandvi, Shishir Kurup, Rahul Varma, Rana Bose, Rukhsana Ahmad, Jatinder Verma, Sudha Bhuchar and Kristine Landon-Smith, Ronnie Govender, Kessie Govender, and Kriben Pillay.

**Bollywood Shakespeares** C. Dionne, P. Kapadia, 2014-03-27 Here, essays use the latest theories in postcolonialism, globalization, and post-nationalism to explore how world cinema and theater respond to Bollywood's representation of Shakespeare. In this collection, Shakespeare is both part of an elite Western tradition and a window into a vibrant post-national identity founded by a global consumer culture.

**From Bombay to Bollywood** Aswin Punathambekar, 2013-07-24 *From Bombay to Bollywood* analyzes the transformation of the national film industry in Bombay into a transnational and multi-media cultural enterprise, which has come to be known as Bollywood. Combining ethnographic, institutional, and textual analyses, Aswin Punathambekar explores how relations between state institutions, the Indian diaspora, circuits of capital, and new media technologies and industries have reconfigured the Bombay-based industry's geographic reach. Providing in-depth accounts of the workings of media companies and media professionals, Punathambekar has produced a timely analysis of how a media industry in the postcolonial world has come to claim the global as its scale of operations. Based on extensive field research in India and the U.S., this book offers empirically-rich and theoretically-informed analyses of how the imaginations and practices of industry professionals give shape to the media worlds we inhabit and engage with. Moving beyond a focus on a single medium, Punathambekar develops a comparative and integrated approach that examines four different but interrelated media industries--film, television, marketing, and digital media. Offering a path-breaking account of media convergence in a non-Western context, Punathambekar's transnational approach to understanding the

formation of Bollywood is an innovative intervention into current debates on media industries, production cultures, and cultural globalization.

**Bridging Imaginations** Dr Amit Sarwal, 2012-02-11 Migration of the South Asian peoples to Australia has resulted in a continually growing and flourishing diaspora, one of the most prosperous communities, with an ever-increasing role and responsibility in all areas of society. One of the challenges in writing about the South Asian diaspora in Australia is the nature of the beast: the multifarious migration and entry points into Australia range from colonial indentured workers to political asylum seekers to transnational marriages to students and high-end professionals. How did their journeys and experiences generate bridges that have influenced the historical, cultural, social and academic perceptions of the ever-changing continents? It is hoped that this critical anthology will help present a dynamic community in transit, and showcase the achievements of the South Asian diaspora during the last decade, which have not only made a significant impact on Australia's multicultural landscape but also furthered South Asian-Australian engagement.

**Global Bollywood** Sangita Gopal, Sujata Moorti, 2008 Bollywood movies and their signature song-and-dance spectacles are an aesthetic familiar to people around the world, and Bollywood music now provides the rhythm for advertising goods such as computers and a beat for remixes and underground bands. These musical numbers have inspired scenes in Western films such as *Vanity Fair* and *Moulin Rouge*. Global Bollywood shows how this currency in popular culture and among diasporic communities marks only the latest phase of the genre's world travels. This interdisciplinary collection describes the many roots and routes of the Bollywood song-and-dance spectacle. Examining the reception of Bollywood music in places as diverse as Indonesia and Israel, the essays offer a stimulating redefinition of globalization, highlighting the cultural influence of Hindi film music from its origins early in the twentieth century to today. **Culture and Emotional Economy of Migration** Badri Narayan, 2016-11-03 This book studies how the act of migration is a motivating constituent in the production of popular culture in both the homeland and the destination. It looks at the formations of cultures in the process of identity-making of approximately 200 million Indians scattered across the world, from colonial to contemporary times. The volume is an in-depth exploration of the flow of cultures and their interactions through a study of north Indian migrants who underwent two waves of emigration—from the Bhojpuri region to the Dutch colony of Suriname between 1873 and 1916 to work on sugar, coffee, cotton and cocoa plantations, and their descendants who moved to The Netherlands following the Surinamese independence in 1975. It compares this complex network of cultures among the migrants to the folk culture of the Bhojpuri region from where large-scale migration is still taking place. Drawing on archival records, secondary literature, folk songs, rare photographs, and extensive fieldwork across continents—the Bhojpuri region, Mumbai, Surat and Ghaziabad in India, and Suriname and The Netherlands—this book will be useful to scholars and researchers of culture studies, labour studies, sociology, modern Indian history, migration and diaspora studies. It will also interest the Indian diaspora, especially in Europe and the Americas.

**Indian Americans of Massachusetts** Meenal Atul Pandya, 2018 Series statement taken from publisher's website.

**Bollywood and Globalization** Rini Bhattacharya Mehta, Rajeshwari V. Pandharipande, Rajeshwari Pandharipande, 2011 This book is a collection of incisive articles on the interactions between Indian Popular Cinema and the political and cultural ideologies of a new post-Global India.

*The Bollywood Amendments* Nandita Saikia, 2013-01-21 This work explores how the 2012 amendments to the Indian Copyright Act, 1957, came to be. They were, in no small measure, designed to create a more level playing field within the film and music industry. Unfortunately, they were often confused and confusing and, at the time when they became part of the Indian corpus juris, it wasn't clear how effective they would be.

India and Australia Brian Stoddart, Auriol Weigold, 2011

Travels of Bollywood Cinema Anjali Gera Roy, Chua Beng Huat, 2014-11-10 From Bombay (Mumbai) and other production centres on the Indian subcontinent, Indian popular cinema has travelled globally for nearly a century, culminating in the Bollywood-inspired, Oscar-winning film *Slumdog Millionaire*. This volume brings together perspectives on Indian popular cinema, universally known as Bollywood now, from different disciplinary and geographical locations to look afresh at national cinemas. It shows how Bollywood cinema has always crossed borders and boundaries: from the British Malaya, Fiji, Guyana, Trinidad, Mauritius, and East and South Africa to the former USSR, West Asia, the UK, the USA, Canada, and Australia. While looking at the meanings of nation, diaspora, home, and identity in cinematic texts and contexts, the essays also examine how localities are produced in the new global process by broadly addressing nationalism, regionalism, and transnationalism, politics and aesthetics, as well as spectatorship and viewing contexts.

Radio for the Millions Isabel Huacuja Alonso, 2023-01-03 Co-winner, 2023 AIPS Book Prize, American Institute of Pakistan Studies From news about World War II to the broadcasting of music from popular movies, radio played a

crucial role in an increasingly divided South Asia for more than half a century. *Radio for the Millions* examines the history of Hindi-Urdu radio during the height of its popularity from the 1930s to the 1980s, showing how it created transnational communities of listeners. Isabel Huacuja Alonso argues that despite British, Indian, and Pakistani politicians' efforts to usurp the medium for state purposes, radio largely escaped their grasp. She demonstrates that the medium enabled listeners and broadcasters to resist the cultural, linguistic, and political agendas of the British colonial administration and the subsequent independent Indian and Pakistani governments. Rather than being merely a tool of nation building in South Asia, radio created affective links that defied state agendas, policies, and borders. It forged an enduring transnational soundscape, even after the 1947 Partition had made a united India a political impossibility. Huacuja Alonso traces how people engaged with radio across news, music, and drama broadcasts, arguing for a more expansive definition of what it means to listen. She develops the concept of "radio resonance" to understand how radio relied on circuits of oral communication such as rumor and gossip and to account for the affective bonds this "talk" created. By analyzing Hindi film-song radio programs, she demonstrates how radio spurred new ways of listening to cinema. Drawing on a rich collection of sources, including newly recovered recordings, listeners' letters to radio stations, original interviews with broadcasters, and archival documents from across three continents, *Radio for the Millions* rethinks assumptions about how the medium connects with audiences.

**More Than Bollywood** Gregory D. Booth, Bradley Shope, 2013-11-01 This is the first book to tackle the diverse styles and multiple histories of popular music in India. It brings together fourteen of the field's leading scholars to contribute chapters on a range of topics from the classic songs of Bollywood to contemporary remixes. The chapters in this volume address the impact of media and technology on contemporary music, the variety of industrial developments and contexts for Indian popular music, and historical trends in popular music development both before and after the Indian Independence in 1947. The contributors also address the subcontinent's historical relationships with colonialism, the transnational market economies, local governmental factors, international conventions, and a host of other circumstances that shed light on the development of popular music throughout India. To illustrate each chapter author's points, and to make available music otherwise not always easily accessible, the book features a companion website of audio and video tracks.

*India Fever* Amrit Barman, 2009 This book takes you through a thought-provoking journey through the life and times of the quickly growing population of Indian expatriate professionals in Singapore. Through a mix of anecdotes, observation and insight, the reader is introduced to the thought process that drive this extremely mobile group; including a no-holds-barred examination of their relationship with the local population of Singapore.
