*Daring Greatly* Brené Brown, 2013-01-17 Researcher and thought leader Dr. Brené Brown offers a powerful new vision in *Daring Greatly* that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at

worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' - Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of The Gifts of Imperfection and I Thought It Was Just Me (but it isn't).

**Dare to Lead** Brené Brown, 2018-10-09 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put

those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing

up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

*Reading Black Books* Claude Atcho,2022-05-17 Learning from Black voices means listening to more than snippets. It means attending to Black stories. Reading Black Books helps Christians hear and learn from enduring Black voices and stories as captured in classic African American literature. Pastor and teacher Claude Atcho offers a theological approach to 10 seminal texts of 20th-century African American literature. Each chapter takes up a theological category for inquiry through a close literary reading and theological reflection on a primary literary text, from Ralph Ellison's *Invisible Man* and Richard Wright's *Native Son* to Zora Neale Hurston's *Moses, Man of the Mountain* and James Baldwin's *Go Tell It on the Mountain*. The book includes end-of-chapter discussion questions. Reading Black Books helps readers of all backgrounds learn from the contours of Christian faith formed and forged by Black stories, and it spurs continued conversations about racial justice in the church. It demonstrates that reading about Black experience as shown in the literature of great African American writers can guide us toward sharper theological thinking and more faithful living.
