Chips Recipes Denny Levin, 2016-02-13 Potato is the most used and mostly available vegetable in the world. It is cultivated throughout the world and can be obtained from all over the world. It is the only vegetable, which can be bought by anyone, whether rich or poor. There would be no one who would hate potatoes, or chips, or potato chips. The picnic spots always have some potato made snacks, which look good to eyes, and people of every age, whether they are kids, teens, young people or elders, they love to buy and eat them. French fries or regular chips are very loved by everyone, and they are very good for the health, if proper ingredients and oils are used for the preparation. The chips are prepared in different ways in this era, all are healthy and tasty. The potatoes are baked, fried, boiled and cooked under the steam. I saw so many places, where butter is used as a replacement for oil, which is used for frying the French fries. These chips are so delicious and full of nutrition, and you can't stop yourself from eating them. There are some recipes, in which, chips are baked. This is another way to present a simple and easily available vegetable, to make the table look good, or to enjoy a simple vegetable snack at parties or at anywhere.

.... My Thanks To You ! Jack Coppard,2015-04-02 When starting this story, some three years ago, I was never sure whether I had the ability or the stomach to awaken 'all' of my past memories, but I'm glad that I did. I am also conscious of the fact that the written word is a very powerful tool, and with this in mind I have stuck to the truth, however painful at times, but equally uplifting and amusing. I have tried not to become judge and jury, and have been mindful of the fact that most of the people I have written about are dead, and therefore unable to defend themselves, or give themselves a pat on the back. These memories have been written as seen through my eyes only, and are as correct as my memory recalls, luckily I've been blessed with a very good memory. For those who have followed my story from its start, you will recall that my Mother died during the early years of World War Two, and that I had always felt that the full details of her passing contained a degree of mystery. The family always seemed to keep me in the dark, and when the cause of death was revealed to me I understood why.
