Lydie Breeze John Guare,2001-04-01 “Two previously produced full-length plays . . . welded into a seamless whole . . . is wonderful theater and satisfying, compelling reading.” —Booklist From award winning playwright John Guare, an extensive reworking of his two 1981 plays about a nineteenth-century commune in Nantucket. Lydie Breeze is a two-play, six-hour cycle about four seekers who come to the island to create a special model for a better world in the ashes of the Civil War and end up as a model for the corruption of twentieth-century idealism. The result is an almost surreal saga of American life, with allegorical meditations on the contradictions and interconnectedness of all things and the chaotic nature of the universe.

Because of Low Abbi Glines,2012-11-01 Set in the steamy coastal Alabama town of Sea Breeze, an interconnected group of older teens hook up, break up . . . and much, much more. Marcus Hardy had hoped to enjoy a year away at college while he put the summer he'd rather forget behind him. But instead, he's jerked right back his home town of Sea Breeze due to a family crisis. The only bright spot to returning is the hot redhead who sleeps over at his place several times a week. There's just one thing though - she's sleeping in bed with his new roommate, Cage York. Willow Low Foster needs a place to live. Running to her best friend Cage's apartment every time her sister kicks her out isn't exactly a long term solution. But Cage has a new roommate and suddenly sleeping over at his apartment isn't such a bad thing. Not when she gets to see those sexy green eyes of Marcus's twinkle when he smiles at her like he wants her there. There's one problem though, Cage is under the disillusion that when he's through sowing his wild oats, he's going to marry Low - an assumption Marcus intends to change. But when his carefully laid plans come crashing down with a revelation he never expected, Marcus will have to choose between Low or his family. Because once the truth comes out . . . there's no other choice.
