Whether you were there for the 1984 championship season or cheered along with Jimmermania, these are the 100 things every fan needs to know and do in their lifetime. Cougars beat writer Jeff Call has collected every essential piece of BYU knowledge and trivia, as well as must-do activities, and ranks them all from 1 to 100, providing an entertaining and easy-to-follow checklist as you progress on your way to fan superstardom.

Tales from the BYU Cougars Sideline Brad Rock, 2013-07-01 Tales from the BYU Sideline, now newly revised, is a hilarious collection of stories and anecdotes by and about legendary players such as two-time All-Conference safety John Neal, All Americans Jim McMahon and Steve Young, and record-smashing coaches such as LaVell Edwards. From the 1984 national championship team to the fierce rivalry with Utah and memories of the Bowl games, this book includes both game stories as well as chronicles surrounding the program. The tales are delivered with Brad Rock's unique insight into the good, bad, and funny history of BYU football. Some say you just had to be there to appreciate the moments. In a sense, now you can say you have. This book serves as a complete compilation of memories for any avid Cougars fan.

Steve Young Ron Knapp, 1996 An exciting and informative account of the life and career of Steve Young, the star quarterback for the San Francisco 49ers. An All-American athlete from Brigham Young University, he played for both the USFL and the Tampa Bay Buccaneers until he was traded to the 49ers. Taking over for the injured Joe Montana, he went on to be named the NFL's MVP and lead the 49ers to their fifth Super Bowl championship.

Tales from the BYU Sidelines Brad Rock, 2003-01 For over two decades, Brigham Young University was the dominant football team in the Western Athletic Conference and one of the best in the western United States. The Cougars' innovative passing game made them a feared and fabled opponent. Originally an unheralded private college, hard against the slopes of the Wasatch Mountains, BYU was best known for its high-scoring basketball program. That was before LaVell Edwards arrived. Along the way, legends arose. Some were remarkable players, noted for their ability to perform in difficult circumstances. Others were known more for their locker-room pranks and off-field idiosyncrasies. Tales from the BYU Sidelines unveils the characters behind the helmets, as well as the details behind the big plays. It also chronicles some of the legendary stories surrounding the program. Like the time Edwards drove to Idaho Falls, Idaho for a speaking engagement, only to find he was 163 miles off the mark. And the day Jim McMahon -- Mad Mac himself -- swung from the balcony of a high-rise hotel in Honolulu, right into the room of his favorite wide receiver. There's something comical about the image of assistant coach Roger The Creature French, lying flat on his stomach during a game, hoping to get a better look at the first-down yardage. Steve Young's bowl game-winning pass reception looked brilliant. But it made Edwards cringe. Big lab test coming up for a couple of players? No problem. Just bring a shark cadaver along on the plane. It happened. Here, then, are the adventures of the great and the not-so-great, the colorful and the clownish, the champions and the chumps, detailed by award-winning Salt Lake sports columnist Brad Rock. Some say you just had to be there to appreciate the moment. In a sense, now you can say you have been. Book jacket.

Wild Blue Yonder Dick Harmon, Steve Cameron, 1997 The soaring saga and official history of Brigham Young University football, what some people have called the Mormon Notre Dame.

Who's #1? Christopher J. Walsh, 2007-09-27 There's nothing quite as controversial in American sports as college football's national championship, making it common fodder for talk around the water cooler as well as loftier debates among professional journalists in the sports pages. Walsh takes a comprehensive view of over a century of controversy, breaking teams down into one of three categories: perennial powers, contenders, and former

greats. He then reviews the ten most controversial championships, suggests candidates for the best overall football program, and concludes with some thoughts on the future of the BCS. A comprehensive appendix lists national champions since 1869; AP and USA Today/UPI final polls; final BCS standings; first-team All-Americans; and College Football Hall of Fame inductees.

QB Steve Young, Jeff Benedict, 2016-10-11 In the most candid and compelling sports memoir since Andre Agassi's riveting bestseller *Open*, former San Francisco 49er, Super Bowl champion, NFL MVP, and Hall of Famer Steve Young gives readers an unprecedented and stunning inside look at what it takes to become a super-elite professional quarterback. Steve Young produced some of the most memorable moments in NFL history. But his most impressive victories have been deeply personal ones that were won when no one was watching. His remarkably revealing memoir is the story of a Mormon boy with a 4.0 GPA, a photographic memory, and a severe case of separation anxiety. As an eighth-string quarterback at Brigham Young University, it was doubtful that he would ever see any playing time. But Young became an All-American, finished second in the Heisman voting, and was the top draft choice out of college. Then, after signing the largest contract in sports history, anxiety nearly drove him to walk away from football completely. In short, Young's quest in life was always about grit. Now, he shares the experience of being inside his helmet while he faces down his toughest adversaries, both on and off the field. This book is gold."—Peter King "Intense."—San Francisco Chronicle "Steve Young is a hero of mine, and his story is a source of inspiration for me. His perseverance, intelligence, and, most of all, grace under pressure, NFL-style, make this book a fascinating read. Thanks, Steve, for sharing your story with one of your biggest fans!"—Tom Brady

The System Jeff Benedict, Armen Keteyian, 2014-08-26 A Shelf Awareness Best Book of the Year NCAA football is big business. Every Saturday millions of people file into massive stadiums or tune in on television as athlete-students give everything they've got to make their team a success. Billions of dollars now flow into the game. But what is the true cost? The players have no share in the oceans of money. And once the lights go down, the glitter doesn't shine so brightly. Filled with mind-blowing details of major NCAA football scandals, with stops at Ohio State, Tennessee, Texas Tech, Missouri, BYU, LSU, Texas A&M and many more, *The System* explores and exposes the complex, and perhaps broken, machine that churns behind the glamour of college football. With a New Afterword.

Legends, Lore and True Tales of Utah Lynn Arave, 2022-07-25 *Legends, Lore and True Tales of Utah* explores an eclectic past Ordinary history books often fail to address the obscure or the unexplained, leaving questions buried in annals of yesteryear. Where were Utah's mythical monsters, including Bigfoot, spotted? How did 'Schoolmarm's Bloomers' become a state symbol? What created the Lagoon Amusement Park's 'dark side'? Why did 'Frankenstein' prowl through the Cache town of Clarkston? Does Sardine Canyon hide the state's fishiest story? Exactly what was the 'Lakemobile' that rolled through the Great Salt Lake? When and why did BYU temporarily ban football? How is it that the first college basketball team to ever play in the state was all women, and they beat the men? Retired journalist Lynn Arave presents this unique collection, including over a hundred photographs, of the Beehive State's offbeat history.

The History of American College Football Christian K. Anderson, Amber C. Fallucca, 2021-05-19 This volume provides unique insight into how American colleges and universities have been significantly impacted and shaped by college football, and considers how U.S. sports culture more generally has intersected with broader institutional and educational issues. By documenting events from the nineteenth and twentieth centuries including protests, legal battles, and policy reforms which were centred around college sports, this distinctive volume illustrates how football has catalyzed broader controversies and progress relating to race and diversity, commercialization, corruption, and reform in higher education. Relying foremost on primary archival material, chapters illustrate the continued cultural, social, and economic themes and impacts of college athletics on U.S. higher education and campus life today. This text will benefit researchers, graduate students, and academics in the fields of higher education, as well as the history of education and sport more broadly. Those interested in the sociology of education and the politics of sport will also enjoy this volume.

Integrating the Gridiron Lane Demas, 2011 This is the first book devoted to exploring the racial politics of college athletics, examining the history of African Americans on predominantly white college football teams from the 19th century through today.
