Brush with the Law Robert Byrnes,Jaime Marquart,2014-10-07 Just how tough are the country's most prestigious law schools? Most alumni would answer with stories of humiliating Socratic dialogue failures in the classroom and all-night, caffeine-fueled cram sessions. Until now, the traditional concept of the law-school experience was the one presented in Scott Turow's *One-L*, published in 1977, a dark description of his first year at Harvard Law School. Twenty-four years later things have definitely changed. Turow's book became the accepted primer--and warning--for aspiring law students, giving them a glimpse of what awaited: grueling nonstop study, brutally competitive classes, endless research, and unfathomable terminology. It described a draconian prison and endless work in the company of equally obsessive, desperate fellow students. Yet, sidestepping terror and intimidation, law students (and new authors) Robert Byrnes and Jaime Marquart entered highly prestigious law schools, did things their own way, earned law degrees, and were hired by a Los Angeles law firm, turning Turow's vision upside down. In their parallel narratives--two twisted, hilarious, blighted, and glorious

coming-of-age stories--Byrnes and Marquart explain how they managed to graduate while spending most of their time in the pursuit of pleasure. Byrnes went to Stanford to reinvent himself--after a false start in politics he wanted to explore the life of the mind. It took him virtually no time to discover that the law was neither particularly intriguing nor particularly challenging. He could play around the clock. When Byrnes wasn't biking he was getting drunk and smoking crack. Finding himself when he discovered the right woman, Byrnes finally moved to Los Angeles during his third year and flew upstate only to take final exams. Born and raised in a small town in Texas, Marquart had never lived outside the state before arriving at Harvard. Amazed at his own good luck, he approached school with all due diligence. Disenchantment followed shortly thereafter, and Marquart learned he needn't be intimidated by his classmates and teachers. With a mysterious and bizarre companion--another student called the Kankos--Jaime took up traveling but devoted most of his energy (and considerable money) to gambling, counting cards in casinos around the country. Irreverent, funny, and downright shocking, *Brush with the Law* will inspire undergraduates to bone up for the entrance exam, while outraging

lawyers and the admissions officers of their beloved alma maters. Upon realizing how easy it was to get good grades, Jaime relates: I approached my second year with [one] goal . . . take classes that required the least amount of work and the least amount of attendance . . . To accomplish my . . . goal, I devised The System, a short instruction manual on the principles behind selecting and ditching law school classes. The System's goal was to screw off as much as possible, with few if any consequences. --from *Brush with the Law*

A Brush with Truth Joanie Sanches, 2017-01-24 Jasmine Rose has come with her two boys to Mendocino, California, to care for her sick mother. After her mother dies, Jasmine decides to raise her sons, eleven-year-old Sam and eight-year-old Logan, in the idyllic ocean-side town. She takes a job with Patrick Talty, a demanding gallery owner, and she takes up oil painting. Childhood disappointment and her late mother's disapproval compel her to keep her art a secret. Jasmine falls under the spell of a voice on the radio, a New Age shaman named Joss. Jasmine meets Joss and falls in love. Joss's spiritual message inspires her to show her paintings to a critic, who rejects them. When all her efforts

for validation unravel, Jasmine quits her job with Talty, and she falls into spiritual and emotional disheartenment. Jasmine recovers from this blow to her spirit through selflessness and service to others. She returns to Talty's employ and nurses him back to health after he suffers a mild stroke. Talty and Jasmine travel to Ireland, the land of his birth. The Emerald Isle reveals itself to Jasmine as a mystical place where worldly-and otherworldly-secrets are revealed, and Jasmine finally finds the spiritual and artistic fulfillment that has eluded her.

The Limitations of Theological Truth Nigel Brush,2019-03-26 Theology is based on God's true and unchanging Word, but does the Bible supply an unwavering foundation for spiritual certainties? Perhaps surprisingly, Brush contends that it does not, because, like science, it is a human discipline and subject to our limitations of knowledge, interpretation, and objectivity. In part one, Brush unpacks this contention, showing how Christians both past and present have arrived at conclusions that actually run counter to biblical teaching, and how these interpretive viewpoints have changed over time. In part

two, he makes the case that flawed theological positions have resulted in views that needlessly conflict with science, and that these clashes can be resolved with more accurate formulations. Brush evenly evaluates questions including the age of the earth, the origin of life, and the end of time. Christians who wish to better understand the relationship between their faith and science will be encouraged by the great harmony that Brush sees between scientific findings and biblical teaching. As he guides readers into an awareness of the inherent limitations of our knowledge, believers can cultivate greater humility regarding these contested issues.

The Limitations of Scientific Truth Nigel Brush, 2005-01 Brush examines the inherent limitations of scientific truth and reveals why biblical truth offers the only authority that can be completely trusted on issues of eternal consequence.

A Brush of Darkness Allison Pang, 2011-01-25 The man of her dreams might be the cause of her nightmares. Six months ago, Abby Sinclair was struggling to pick up the pieces of her shattered life. Now, she has an enchanted iPod, a miniature unicorn living in her underwear drawer, and a magical

marketplace to manage. But despite her growing knowledge of the OtherWorld, Abby isn't at all prepared for Brystion, the dark, mysterious, and sexy-as- sin incubus searching for his sister, convinced Abby has the key to the succubus's whereabouts. Abby has enough problems without having this seductive shape-shifter literally invade her dreams to get information. But when her Faery boss and some of her friends vanish, as well, Abby and Brystion must form an uneasy alliance. As she is sucked deeper and deeper into this perilous world of faeries, angels, and daemons, Abby realizes her life is in as much danger as her heart—and there's no one she can trust to save her.

The Power of a Story James W. Moore,2014-08-05 In this book, popular author James W. Moore talks about the power of a story, such as those told by Jesus in the Bible. The author recalls, “I would be sitting there in the sanctuary of our church, doing what young boys do in church, drawing pictures on the back of the bulletin, working puzzles, looking constantly at Granny's watch, wishing the seconds hand would move faster, daydreaming about sports, kicking my feet in the air impatiently, counting the

organ pipes . . . And then, the preacher would start telling a story, and I was hooked. He had my full attention. I couldn't wait to hear the story!" Jesus knew the importance of telling stories to convey a message or a Biblical truth and used this technique often when speaking or ministering to others throughout the Bible in the form of parables. Stories are a natural way to give detail and perspective while teaching an important point.

Brush Fire Deke Cateau, 2021-10-25 *Brush Fire* chronicles the challenges that nursing home residents and staff experienced at A. G. Rhodes—one of Atlanta's oldest and most respected nonprofit organizations—in their difficult and lengthy battle against COVID-19. In his authorial debut, A. G. Rhodes' CEO, Deke Cateau, gives a sobering behind-the-scenes look into what his organization, and undoubtedly thousands of other senior care organizations, faced during the global pandemic. Perhaps most importantly, *Brush Fire* gives hope and direction on how a historically misunderstood industry can emerge out of the ashes stronger than ever.

Brush Cat Jack McEnany,2009-03-17 A Year in the Woods Brush Cat recounts a year in the life of men who perform one of the most dangerous jobs in America—logging New England’s vast forests for timber used in hundreds more ways than most of us realize, from houses to furniture to paper to electricity. In the spirit of John McPhee and Tracy Kidder, we meet an unforgettable cast of characters; feel their pain and exultation, and come to realize the centrality of wood in all of our lives. While they are first and foremost loggers cutting down trees, they are also ardent and effective conservationists who depend on healthy, intact forests for their long-term survival. True, some loggers are wood

pirates, but most are pragmatic environmentalists, always asking the question: How do we keep this crop alive and thriving forever? The narrative moves deftly from useful tips on how not to lose body parts to a chain saw, through the terror of huge trees that fall the wrong way, to inconsistent and wrong-headed government forest management. It explores the worldwide demand for wood and wood chips, as well as the effect of climate change on the forest, and traces the money that keeps it all moving. Brush Cat clears the branches to reveal a hidden and fascinating world.

Brush Country Elmer Kelton,2007-04-01 To Elmer Kelton, the brush country of southwest Texas is home. Nobody knows Texas's history, people, beauty, and dangers as well as this greatest of Western writers. Barbed Wire, the first novel in this omnibus, is the story of one-time cowboy Doug Monahan, who runs a fencing crew outside the town of Twin Wells. Monahan, a likeable, hard-working Irishman,

and his workers dig post-holes and string red painted barb wire for ranchers as protection against wandering stock, rustlers, and land hungry cattle barons. Their fencing operation is opposed by Captain Andrew Rinehart, a former Confederate officer and an old-school open range cowman of the huge R Cross spread. With his brutal foreman, Archer Spann—who does the violent work of chasing squatters off the range—Rinehart wages a barb wire war against Doug Monahan. A second colorful tale of the brush country is Llano River. Dundee, a onetime cowboy, one of Monahan's fencing crew in Barbed Wire, wanders into the town of Titusville, broke, tired, and itching for a fight. Town patriarch John Titus hires Dundee to find out who is rustling his cattle, but he already has a culprit in mind—Blue Roan Hardesty. Once a friend, now a sworn enemy of the powerful Titus clan, Hardesty is Titus's choice for villain—but Dundee is determined to find out the truth, even if it costs him his job.
