**The Portable Frederick Douglass** Frederick Douglass, 2016-09-27 A new collection of the seminal writings and speeches of a legendary writer, orator, and civil rights leader. This compact volume offers a full course on the remarkable, diverse career of Frederick Douglass, letting us hear once more a necessary historical figure whose guiding voice is needed now as urgently as ever. Edited by renowned scholar Henry Louis Gates, Jr., and Pulitzer Prize–nominated historian John Stauffer, *The Portable Frederick Douglass* includes the full range of Douglass’s works: the complete *Narrative of the Life of Frederick Douglass*, as well as extracts from *My Bondage and My Freedom* and *Life and Times of Frederick Douglass*; *The Heroic Slave*, one of the first works of African American fiction; the brilliant speeches that launched his political career and that constitute the greatest oratory of the Civil War era; and his journalism, which ranges from cultural and political critique (including his early support for women’s equality) to law, history, philosophy, literature, art, and international affairs, including a never-before-published essay on Haitian revolutionary Toussaint L’Ouverture. *The Portable Frederick Douglass* is the latest addition in a series of African American classics curated by Henry Louis Gates, Jr. First published in 2008, the series reflects a selection of great works of fiction, nonfiction, and poetry by African and African American authors introduced and annotated by leading scholars and acclaimed writers in new or updated editions for Penguin Classics. In his series essay, “What Is an African American Classic?” Gates provides a broader view of the canon of classics of African American literature available from Penguin Classics and beyond. Gates writes, “These texts reveal the human universal through the African American particular: all true art, all classics do this; this is what ‘art’ is, a revelation of that which makes each of us sublimely human, rendered in the minute details of the actions and thoughts and feelings of a compelling character embedded in a time and place.” For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Whisper Who Dares** Terence Strong, 2014-03-04 It is 1976 and Northern Ireland is not a pretty place. The UK province is torn by sectarian hatred and violence. Under increasing pressure, the Provisional IRA comes up with a masterstroke that forces the British government to take desperate action. The terrorist organisation enlists the help of rogue former members from America’s Special

Forces to raise the carnage and chaos to a new level. Four men from the British Army's legendary SAS are given their toughest mission yet...to probe the inner sanctum of the IRA's terror machine. Never before has so much been at stake. One small Sabre team is pitted against the Provos' latest and most secret combat force in a mission so secret that you will scarcely believe it and everyone will deny. It is a bitter sweet story of innocence, love and evil, treachery and courage in a dark world where nothing is as it seems. 'Best I've read for a long time' Glasgow Evening Times

The Portable Jack London Jack London, 1994-07 Alfred Kazin has aptly remarked that the greatest story Jack London ever wrote was the story he lived. Newsboy, factory work beast, gang member, hobo, sailor, Klondike argonaut, socialist crusader, war correspondent, utopian farmer, and world-famous adventurer: London is the closest thing America has had to a literary folk hero. His writing itself is concerned with nothing less than the largest questions and the grandest themes: What does it mean to be a human being in the natural world? What debts do human beings owe each other - and to all their fellow creatures? This collection places London, at last, securely within the American literary pantheon. It includes the complete novel *The Call of the Wild*; such famous stories as *Love of Life*, *To Build a Fire*, and *All Gold Canyon*; journalism, political writings, literary criticism, and selected letters.

**Our Savage Art** William Logan, 2012 'Our Savage Art' features the corrosive wit and substantial critiques that are the trademarks of William Logan's style. Opening with a defence of the critical eye, this collection features essays on Robert Lowell's correspondence, Elizabeth Bishop's unfinished poems, and the inflated reputation of Hart Crane.

The Kollected Kode Vicious George V. Neville-Neil, 2020-10-14 Pragmatic, Bite-Sized

Programming Advice from Koder-with-Attitude, Kode Vicious “For many years I have been a fan of the regular columns by Kode Vicious in Communications of the ACM. The topics are not only timely, they're explained with wit and elegance.” --From the Foreword by Donald E. Knuth Writing as Kode Vicious (KV), George V. Neville-Neil has spent more than 15 years sharing incisive advice and fierce insights for everyone who codes, works with code, or works with coders. Now, in *The Kollected Kode Vicious*, he has brought together his best essays and Socratic dialogues on the topic of building more effective computer systems. These columns have been among the most popular items published in ACM Queue magazine, as well as Communications of the ACM, and KV's entertaining and perceptive explorations are supplemented here with new material that illuminates broader themes and addresses issues relevant to every software professional. Neville-Neil cuts to the heart of the matter and offers practical takeaways for newcomers and veterans alike on the following topics: The Kode at Hand: What to do (or not to do) with a specific piece of code Koding Konundrums: Issues that surround code, such as testing and documentation Systems Design: Overall systems design topics, from abstraction and threads to security Machine to Machine: Distributed systems and computer networking Human to Human: Dealing with developers, managers, and other people Each chapter brings together letters, responses, and advice that apply directly to day-to-day problems faced by those who work in or with computing systems. While the answers to the questions posed are always written with an eye towards humor, the advice given is deadly serious. The artwork features illustrations, covers, and original art. Chapters cover Doc Savage paperbacks, pulp magazines, comic books, and fanzines, and an appendix offers biographies of all major contributors to the series.

A City Laid Waste William Gilmore Simms,2020-02-17 “A graphic account of the horrors, the brutality and sometimes wanton destruction of warfare, particularly of civil war.” —Charleston (SC) Post and Courier In the first reissue of these documents since 1865, *A City Laid Waste* captures in riveting detail the destruction of South Carolina’s capital city. William Gilmore Simms (1806-1870), a native South Carolinian and one of the nation’s foremost men of letters, was in Columbia and witnessed firsthand the city’s capture and destruction. A renowned novelist and poet, who was also an experienced journalist and historian, Simms deftly recorded the events of February 1865 in a series of eyewitness accounts published in the first ten issues of the *Columbia Phoenix* and reprinted here. His record of burned buildings constitutes the most authoritative information available on the extent of the damage. Simms historian David Aiken provides a historical and literary context for Simms’s reportage. In his introduction Aiken clarifies the significance of Simms’s articles and draws attention to factors most important for understanding the occupation’s impact on the city of Columbia. “A shrewd viewer of the war scene in Columbia, famed Southern writer William Gilmore Simms published stinging, courageous exposés of the doings of the Northern forces, even when threatened with arrest. The restoration of his candid firsthand accounts of the destruction wrought by Sherman’s forces against the South Carolina capitol and its inhabitants is a great service to all who study and appreciate Southern history and literature.” —James Everett Kibler, author of *Our Fathers’ Fields*
